PRESBYTERIANS WILL MEET CHRISTIANS IN GAME FRIDAY EVENING

Last night the Presbyterians of the Twilight League worked out with much vim in preparation for their initial game tomorrow evening with the Christian team. So much good material was on deck that Captain Clarence Penland is having difficulty in selecting his team and his present lineup is subject to change.

He has a staff of four pitchers from which to choose. For one he has Frank Hayes, a southpaw hurler who some twelve or fifteen years ago set the Willamette valley afire. In Don Saunders he has a rattling good twirler and Walter Rose and Carl Power are good men for reserve. He has two good backstops in Dr. Guy Boyden, who used to catch for the Northwestern College team, and Rayman W. Hatch.

R. D. Sayres will probably hold down the first sack and it will not be the first time in his life, either. For many years he was the captain of the Dayton tossers and led them to many victories. In case of disablement, Rose will be shoved on to the bag. Glen Sturdivant will probably hold down the second bag and Hal Corby third and both were bright lights in other days. Captain Penland will himself play shortstop and those who remember his work when he was one of the fastest men on the Pendleton team, will advise the Christian batters to elude the pellet in some other direction. There are plenty of men for the outfield positions, including Woodworth, C. R. Martin, Supt. I. E. Young and the reserve pitchers.

The Christian team has not yet been definitely chosen but there is plenty of good material in the congregation of that church, and the game Friday promises to be a hummer. Once again let it be said that there is no admission charge for these games.

Frankie Conley Due to Reach Pendleton Today

Ex-Champion Frankie Conley is due to arrive in Pendleton today to finish his training for his bout next Tuesday night with Billy Farrell. He will work out in the Commercial gymnasium every day between 4 and 5 and the public is invited to step in and see him. Farrell's training hour in the gym is between 9 and 4.

Neither of the boys have ever seen each other in the ring and know nothing except from hearsay as to how the other fights. "I never was up against a man yet I couldn't hit," declares Farrell, "and I am banking on being able to hit Conley."

"I have looked up your record," Conley says the other day to Farrell, "and I can beat every man you have fought. I am an older man in the ring than you and I feel that our fight will end with the honors all my own." Conley used to be champion bantamweight of the world and kept the title until he got too heavy to remain in that class. He is now a lightweight. The boys have signed to weigh 133 pounds at 2 o'clock in the afternoon of the fight.

It's a mighty short way to pipe-joy

if you go via Prince Albert—tobacco that answers every question any man can hand out! You can jam it in your old jimmy pipe or roll it into a makin's cigarette and it will produce more real and true happiness than any brand at any price you ever bucked up against. Now, let's all get together, and repeat slowly and distinctly:

PRINCE ALBERT

the national joy smoke

can't bite your tongue, and can't parch your throat, because it is made by a patented process that removes the bite and the parch. No other tobacco ever was or can be made like P. A. And P. A. tastes as good as that sounds!

So the warm tip is: Get the jimmy pipes out of dark corners, out of the rafters, where you've hidden them for fear of more tongue bites. Get 'em out and fire up with P. A., for you can go to it fancy-free from sun-up right down the line to the pillow-period!

And the sooner you know this little thing personally, the more joy'us you'll be.

Prince Albert is sold everywhere in tippy red bags, 5c; tidy red tins, 10c; pound and half-pound tin humidors—and that classy pound crystal-glass humidor with sponge-moistener top that just beats the band for keeping P. A. fine like silk. You buy one quick.

FAST PRELIMINARIES ARRANGED FOR BOUT

GOOD ENTERTAINMENT WILL BE OFFERED AT FARRELL-CONLEY FIGHT.

The 29 round fistie bout between Billy Farrell and ex-Champion Frankie Conley next Tuesday evening at the Oregon theater will be preceded by two fast preliminaries, one of them a six-round affair between Young Joe Farrell, a Seattle bantam and younger brother of Billie, and Kid Curley, who has been in the city impersonating Charlie Chaplin, the moving picture star. Both are clever performers with their mits and Promoter Shaw thinks their six round go will be the best preliminary ever staged here. The other preliminary will be between Young Dozier of Pendleton and Young Geisel of Athena, the flyweights who have appeared together before.

SUBURBAN HANDICAP TO BE REVIVED THIS YEAR

BY HAL SHERIDAN.
(Written for the United Press.)

NEW YORK, May 5.—Horsemen are rejoicing over the reports that the Suburban Handicap and also the Flatbush, will be revived this year.

The suburban, which in other days ushered in the Gravesend meeting, annually was a real classic ranking with the greatest races in the world. It probably will be made one of the features of the Empire season in July, while the Flatbush may be run off at Belmont Park.

Both should produce contests reminiscent of the days of the Kinley Mack-Ethelbert controversies of a decade or more ago, when such a nice mare as Imp, revered of all race goers of her day, was unable to do better than third in a true run race.

Saratoga, while mourning the loss of the famous Futurity, is seeking to put on a similar event that will serve as a real trout for the big affair which has been captured by Belmont Park. There is no event quite like the big 2 year old classic and probably

The Three Ages of Omar.

When lovers of the Rubaiyat picture themselves in their mind's eye a physical materialization of Omar Khayyam, "the sweet singer of red wine and the rose" they almost invariably imagine a youthful figure, buoyant, high-spirited, with poetic features. Thus it is natural that these same persons and devotees of the Rubaiyat are legion—should fancy that in transferring Omar Khayyam to the stage, as has been done by Richard Walton Tully in "Omar, the Tentmaker," the central figure would be, in all essential details the creature of their imagining. This is true to a certain extent, for the Omar Khayyam represented by Mr. Tully is, during the earlier scenes of the play, just such a jovial, keep-aprilted young

man as everybody expects to find, but Mr. Tully goes many steps further than this, for the action of the play covers a period of nearly sixty years and during this extended course the poet is shown not only as a young man, but also as a middle-aged singer, and near the close of the play, as a white-headed philosopher. These three widely different materializations of the merry-souled poet never fail to arouse much enthusiasm from his devotees, who find much pleasure in becoming acquainted with an Omar who is different appearing from the one they have always pictured to themselves, although at the same time they are not denied the gratification of seeing the youthful Omar they themselves have pictured.
