OUR WHITE SALE—VERSUS OTHER SALES

We began preparations months ago offering merchandise that would entrench this store in the estimation of the public. That we have succeeded in our endeavors—merchandise, quality, prices—is being demonstrated daily. The shopping public is no longer influenced by OVERNIGHT SALES—a few catch-penny specials—huge signs—mediocre and insincere claims. They demand merchandise new, desirable, attractive—at prices that afford REAL ECONOMY. That is why THIS STORE IS BREAKING ALL RECORDS IN VOLUME OF SALES AND PATRONAGE.

SOCIETY

A very interesting meeting of the Thursday Afternoon Club was held Saturday afternoon at the residence of Mrs. John Hatley, Mrs. Halley, Mrs. B. S. Burroughs and Mrs. B. L. Burroughs being the hostesses. The subject considered was the music of the present time.

Mrs. G. I. Ladlow gave a sketch of Edward A. McDowell's life and of his compositions, after which Miss Edna Coultas sang two of his songs, ("A Maid Sings Light, and a Maid Sings Low," and (b) "As the Gleaming Shadows Creep."

From the "Woodland Sketches" of McDowell, Mrs. W. C. E. Pruitt played three numbers (a) "An Indian Lodge," (b) "Uncle Remus," and (c) "To a Water Lily."

Mrs. F. E. Boyden told of the "Evolution of Harmony" from the time of the famous composers of the past to those of the present, including Debussy and McDowell, using the blackboard and piano to make more clearly the interesting and instructive explanations.

Following this McDowell's "Scottish Tone Picture" was played by Mrs. G. W. Phelps.

A paper on "Richard Strauss" was read by Mrs. John Vert, after which "All Soul's Day" by Richard Strauss and "To a Wild Rose" by McDowell were sung by Mrs. J. R. Dickson.

Two readings, "Influence of Music" and "Music and Men of Genius" were read by Mrs. Lina Sturges and Mrs. F. E. Judd, and this delightful afternoon program was closed with the singing of "Ladies" by Mrs. J. R. Dickson. A social hour followed, during which refreshments were served.

Little Miss Gloria Morrie invited a few of her school friends to the home of her aunt, Mrs. Merle B. Chessman, Saturday afternoon and a happy time was spent. The prize in the peanut hunt, which was the principal pastime, was won by Florence Mytinger.

Mrs. Kenneth McTear returned yesterday from Portland where she represented the Pendleton Parent-Teachers' association at the national convention of mothers. She reports the convention an enthusiastic success and productive of much benefit.

Mr. and Mrs. R. Alexander left Saturday for points west and will be absent two weeks. They will spend a few days at Newport after which they will visit in Portland.

One of the large events of the week will be the "at home" tomorrow afternoon given by Mrs. James Shannard Johns in compliment to Mrs. William A. Noon and Miss Jennie M. Perry.

Mrs. T. J. Tweedy left Saturday for Portland to visit her daughter. She will go on to Newport to attend the I. O. O. F. grand lodge and Rebekah assembly.

The Knights of Pythias will entertain informally this evening with a strawberry social. Members and their wives will attend.

Mrs. Charles Redmond and child left Saturday for Sherwood, Ore., for visit with relatives.

Austrians Held in Winnipeg. WINNIPEG, Man., May 17.—Troops were called to the Elmwood suburbs to stop 100 Austrians who had started to walk to Emerson where they intended to cross the border into the United States. Orders for the internment of all aliens have started a panic among foreigners. The Austrians were equipped for a march.

Sick Headache. Mrs. A. T. Lusk, East Rochester, N. Y., was a victim of sick headache and dizziness, caused by a badly weakened and debilitated condition of her stomach, when she began taking Chamberlain's Tablets. She says, "I found them pleasant to take, also mild and effective. In a few weeks' time I was restored to my former good health." For sale by all dealers.—Adv.

Liquor Legislation in Canada. REGINA, Sask., Canada, May 17.—Liquor legislation is the outstanding feature of the session program of the Saskatchewan legislature, which opened a special session today.

Attempts will be made to abolish all bar and club licenses after July 1, creating a system of government dispensaries in lieu of the present privately owned wholesale shops and providing the necessary machinery for the taking of a referendum vote to renew the license system or make the abolition of the bars permanent after the war is over.

Next in importance to the new liquor legislation will be the report of the royal commission of inquiry into the subject of the agreements under which agriculture implements and machinery are sold. The report of the commission will be ready for presentation and will be followed by the introduction of the government bill dealing with this important and knotty question to give further protection to farmers against seizure of their goods.

Wedding Secret Is Out. OREGON CITY, Ore., May 12.—Bert J. Staats, formerly deputy sheriff and now connected with the firm of Wilson & Cooke, was married April 24 at Kalama, Wash., to Miss Louise Weber, bookkeeper of the Pacific Telephone & Telegraph company, and a daughter of J. Weber of this city.

The story leaked out two weeks after the wedding. Mr. Staats said that he and his bride had intended to keep the matter secret for some time to come. Mrs. Staats came here 14 years ago from Eugene. She is a graduate of the McLoughlin Institute. The bridegroom came here 14 years ago from the east, having resided in Iowa and Illinois.

Face Eruptions Have Deep Significance

Often They Indicate Impurities Deep in the Tissues.

The results shown by S. S. S. in clearing the skin reveal how scorchingly and how deeply this famous blood purifier attacks blood troubles. Facial eruptions are more often significant of impaired nutrition resulting from faulty elimination of body wastes. Most people realize this to be true. And yet it is a difficult matter to convince such people they should avoid those harmful drugs such as mercury, iodine of potassium, arsenic and so on. S. S. S. gives just as good effect without the destructive results, because it is more searching. It goes deeply into the circulation wherever the blood flows, but it does not remain to clog the system. And its effect is complete and thorough as indicated by blood tests. One of the strange things today is that so many people are wedded to the notion that mercury is the one antidote. It is not so. There is in S. S. S. a product of nature that is rated one of the most potent principles known for the complete elimination of blood troubles.

Wherever you go there are people who know this to be true from their own experience. For it has been clearly shown there is one ingredient in S. S. S. as essential to health if the blood be impure as the nourishing elements of the grains, sugars and salts of our daily food. Get a bottle of S. S. S. today of any druggist, but insist upon S. S. S., accept no substitute. And if your case is peculiar or of long standing, write to the Medical Adviser, The Swift Specific Co., 101 Swift Bldg., Atlanta, Ga.

DOGS FAITHFUL TO DEATH. (The San Francisco Chronicle.) Guarded by a pair of bulldogs, which suffered death themselves rather than desert their posts of self-imposed duty, the body of Frank Laumel, aged 64 years, an odd character of the Ferret district, was found yesterday in a shack at 114 Ashurst street, where the old man lived alone for many years, with only his pets for companions. Death is supposed to have occurred about last Monday and from natural causes. When Deputy Coroner Mike Brown and Messenger Ed Parry went out to

take charge of the body they found the two dogs on guard and in a most belligerent mood. The animals also showed evidences of starvation. A call for help to police headquarters, brought Patrolmen H. I. Ross and William Denser, who being unable to gain possession of the old man's body by other means, shot the dogs.

Irrigation Pay Demanded. PASCO, Wash., May 15.—P. A. Deters, manager of the Pasco Reclamation company, from which the city purchased a \$50,000 irrigating water right, has notified the city officers

that the maintenance is not being paid under the improvement district plan inaugurated to care for the purchase price and maintenance. The company threatens to turn off the water.

Many resident owners have gone to the expense of improving their property and setting out shade and ornamental trees, counting on this water for irrigation. The city also has set about 5000 shade trees along the streets. According to the city officials there seems to be no immediate chance to force payment on the assessants, but they doubt the legality of

such action on the part of the reclamation company.

Good Roads Day in Washington. OLYMPIA, Wash., May 16.—"Good Roads" day was being celebrated throughout Washington today. Experts on the building of highways visited a large number of public schools, explaining to the pupils the economical advantages of having good roads over which products of the farm could be hauled, and raising meetings were held in various parts of the state.
