William C. Hart Now Really Famous. "Why, this man Hart's a wonderful actor," a famous writer exclaimed recently. He had just witnessed William C. Hart's impersonation of the part of Texas Smith in the five part Mutual Masterpiece, "On the Night Stage." "I dimly remember seeing somewhere before," the writer continued, "but now I hear every one speaking of him." The man he was talking to explained that Mr. Hart has been a well known and capable actor on the legitimate stage for many years. Since he entered the movies he has become famous, as any one can understand who has seen "On the Night Stage," which will be shown at the Cozy Theater tomorrow.—Adv.

WESTON-MILTON ROAD WILL NOT BE READY FOR HARVEST

WORK WILL BE STOPPED FOR TIME AND RECOMMENCED IN THE FALL

Though the heavy grading on the macadam road between Weston and Milton is practically complete and four and a half miles of the macadam is already finished it will not be possible to wholly complete the road before harvest, says Commissioner H. M. Cockburn who is in charge of the work. Therefore it will be necessary to stop work for a time and finish the road in the fall.

With the exception of a mile and a half yet to be built the macadam road is all complete between Blue Mountain station and Milton. The road leads up the Dry creek hill at a five per cent grade, thus enabling autos to make the hill on high.

The recent rains interfered much with work on the new road and caused the county much expense for repairs on side roads. On Birch creek, in the Cottonwood district, the water became high several times and many small bridges were washed out. At Spofford a ditch 12 feet deep was cut in the center of the road.

All Germs Ordered To Beat it!—Gif!

Searching Influence of a Remedy That Works Wonders.

The introduction of S. S. S. is at once a command to blood impurities to find a way out.

And what are blood impurities? They may be the hypersecretions found in the mucous linings of the body; they may be acid accumulations known as rheumatism; they may be boils, pimples, eruptions, acne and stubborn, indolent sores.

But examined closely, they are all germs that have gotten the upper hand and it requires the flushing influence of S. S. S. to drive them out. And out they go when S. S. S. begins to circulate in the blood. It only requires five minutes to begin this influence, for it is a fact that in this limited time S. S. S. may be traced in the urine, in the perspiration, in the effluence from the lungs to show that it is at work. Germs, mind you, are of various kinds, but all are foreign to health and S. S. S. is no respecter of obstructive germs. It drives them all out, of whatever name they go by. Just get a bottle of S. S. S. of any druggist and soon you will observe a decided change. And if yours is a stubborn case, write to the Medical Adviser, care of The Swift Specific Co., 107 Swift Bldg., Atlanta, Ga. He is a regular physician, proud of his name by virtue of his distinguished family and is recognized as a foremost physician on his own merit.
