66 Q 99 The Car That Needs Nothing to Fall Back Upon

THE CADILLAC "8" is built to stand upon it's own merits alone. It is a deliverer of facts and needs no backing nor alibis. Whats in the car and not whats behind it has made CADILLAC a popular car the nation over. It is not a local favorite in one locality alone.

When 10,000 CADILLAC owners,—not dealers nor professional drivers—run year-in and year-out with the minimum of up-keep ad operation cost, which any fair minded man expects to pay for transportation, comfort and safety, it must be acknowledged by every thinking man that this is accomplished alone by what's in the car instead of what's behind the car.

It's a Proven, Built-in Fact

CADILLAC enjoys the greateset driving radius without expert mechanical help. If garage service departments depended upon CADILLAC troubles alone they would ALL soon be bankrupt. Another FACT.

Every Buyer His Own Salesman

CADILLAC is sold by its own performance, not by the claims of fluent talkers nor special inducements. Every owner is an enthusiastic and voluntary salesman.

In Comparison, CADILLAC is a 1920 Model-It Leads, Others Follow.

SPOR	13	For Your Own Welfare Crickets are used in almost every home. Think of how many buildreds of thousand pounds it takes annually to supply the demand in Oregon alone. Think, also, of how many additional housands of men, women, sitts and boys it would employ, and how many housands of dollars would be kept at work here at home if you and your family would always prefer and ask for Oregon brands of erackers. They

The doughty little manager of the four-time pennant winning Giants is at last faced with the prospect of piloting a trailing team. That the outlook doesn't set well with the "Little Napoleon" is plainly evidenced by the cyclonic shake-ups that he hands his line-up. He hasn't quit yet. The word quit doesn't appear in his vocabulary. The pounding that his club is getting from the others in the Tenor loop will only serve to make McGraw fight harder than ever. To many it looks like the old Gl- ant machine has crumbled. Probably the hardest individual blow McGraw got was a wallop by the National league club owners. They reduced the number of players any club could carry to twenty-one. McGraw was the hardest hit of any National league manager. Last year when the Feds were raiding the ranks of organized ball McGraw, to protect himself, signed most of his veterans under long-time contracts.
