Draft of Women Urged.
LONDON, June 5.—There was adopted at a mass meeting held in London under the chairmanship of Mrs. Emmaline Pankhurst a resolution reading:
"That we men and women here assembled ask the government to establish obligatory war service for both men and women."
Mrs. Pankhurst declared that at least half a million German women were engaged in making munitions of war, and she urged all British men and women to register themselves at government agencies for such services as they were fitted to perform.

STANFIELD-ECHO TEAM DEFEATED BY PEBBLES SUNDAY; SCORE 2 TO 0

PILOT ROCK, Ore., June 14.—(Special.)—In the best game ever seen in Pilot Rock, the Pebbles won their tenth consecutive victory by a score of 2 to 0 yesterday over the Stanfield-Echo boys. Despite the fact that each team was short two of its best players, the game was brilliant with fast fielding, while the pitching of both Darling and Harlan was of a remarkable character.

Off of Darling the visitors got but one lonesome bingle, F. Markham connecting safely in the second frame. On the other hand the hard hitting Pebbles could only find Harlan for four safeties. Besides twirling a wonderful game, Lefty Darling got two of Pilot Rock's hits, batting a thousand for the day and winning his own game. Pilot Rock made her two scores in the very first frame before Harlan got down to form and after that it was a straight row of blanks.

The visitors were shy the Hoskins brothers and had to pick two men in Pendleton to take their places. However, Gilbert and Westgate were out of the Pebbles' line-up. One of the features of the game was F. Markham's running catch of Ed Smith's line drive. The score:

A CHAMPION AT 33.

Walter J. Travis, aged 33, showed a crowd of young golfers what he could do at his age when he won the Metropolitan Championship on Long Island against a field of men of national renown in the game.
Travis right now weighs nearly 140 pounds and is about five feet eight inches in height. He wears glasses because the strain of watching golf balls during many years has slightly impaired his sight. His costume on the links—norfolk jacket and knickerbockers—is the traditional uniform. It is very popular with many of the older golfers. A big black cigar completes the figure of Travis that is so familiar in all the tournaments.
A peep into the Travis golf bag gives a good insight into the man's deep study of his favorite sport. His clubs are the weirdest collection you ever saw, drivers with big knobs on them, mashes shaped like fish hooks and putters exceptional for their bulk. But they all serve their purpose.
For his weight and age Travis drives a remarkably long ball off the tee, the reward of perfect swings and correct timing. Like Harry Vardon, the celebrated English champion, Travis will always sacrifice distance for direction, not only because it is the proper thing to do, but advancing years have taken some power from his arms and shoulders.

ATHLETICS MAY BE DROPPED AT U. OF O.
EUGENE, Ore., June 14.—A step toward abolishing intercollegiate athletics at the University of Oregon, the same to go into effect a year from now, if the resolution is adopted, was taken at a meeting of the university faculty Saturday. The promotion of scholarship and also the promotion of a less intensified form of intra-collegiate athletics for a greater number of students, rather than a select few, is given as the occasion for the resolution.

A mighty good doctor says to me once: "When it comes to curin' folks, Nature is the real M. D. I'm only her assistant." That's the way I feel about curin' tobacco for VELVET.

IT'S hard to show Nature anything about curing tobacco. So we have adopted Nature's own way to make VELVET the smoothest smoking tobacco—slow, patient ageing.
Men may "process," but they can't put into tobacco any finer pipe qualities than those Kentucky's limestone soil so richly gives to the *Burley de Luxe*.

But these qualities can be improved. They are brought out in their fullness in the aged-in-the-wood mellowness of cool, slow-burning VELVET.
For two years the finest Burley leaf remains in sealed wooden casks, and then only is it ready to be made into VELVET.
Get your tin now—join the growing ranks of the army who have found VELVET tobacco a delight without a single drawback.
