INSTRUCTIONS WATER-MASTER BY J 2 RECENT F

A mandate in the ...ter adjudication cases which were heard yester day was handed down this morning by Circuit Judge Phelps in which it is rdered that the water master shall take charge of the distribution of water on the Allen Ditch company, the Pioneer Irrigation company and the Courtney Irrigation company and ap-portion it to the waterusers.

The court holds that each user hall be given a sufficient head of water according to the extent of their All Trains Carry Armed Policemen properties so that their lands may be well irrigated. The watermaster must also make due measurement of the water allowed and keep records so that the court may receive a report upon what is being done.
