OFFICIAL PROGRAM FOR CHAUTAUQUA IS GIVEN; MANY STARS

BIG ENTERTAINMENT STARTS ONE WEEK FROM TONIGHT. JUNE 22—PROGRAM IS LAID.

The Red Letter day for Pendleton occurs one week from tonight, June 22, when the Pendleton Chautauqua opens in all its glory. The program for the seven days of unexcelled amusement and education is regarded by local committeemen as the strongest they have yet seen. The chautauqua management expended thousands of dollars to bring the talent to appear here from the west. Much of the program is of international origin.

"I regard the program given to the people of the west this year as the best we have ever built," recently stated J. R. Ellison, manager of the western circuit. IDLEMAN AND INGRAM FORM PARTNERSHIP

Announcement was made this morning by Dr. L. D. Idleman that he has formed a partnership with Dr. P. L. Ingram and that henceforth they will conduct joint offices in the Schmidt building. Dr. Ingram has been in Pendleton since last June and while he has had rooms with Dr. Idleman their business has been conducted separately.

Dr. Ingram has been a dentist in active practice the last eight years and has made a special study of the treatment for pyorrhea under Dr. Carr of Chicago who is considered the greatest specialist on this disease in the world. Dr. Ingram has also studied under Dr. Smith of Cleveland and Dr. Barbour of Chicago and brings to the partnership a full knowledge of his particular profession. Before coming to Pendleton, Dr. Ingram was prominent in his profession in the valley.

The business will now be conducted under the firm name of Idleman & Ingram. They have one of the best equipped offices in the country, with special facilities for X-ray work. They also announce that their respective studies of painless dentistry has qualified them for handling cases of more than ordinary difficulty.

Dr. Idleman has been practicing in Pendleton the last ten years, having opened offices here in 1897. He is a post-graduate of many schools of note throughout the country. Last year he went east and took up post-graduate work at Chicago and at the Harvard summer school of dentistry, spending six weeks in studying special work, particularly painless dentistry, including fractured jaw cases and porcelain jacket work. Dr. Idleman also studied at Cleveland, Ohio, for some time along special lines.

LOCAL DENTISTS UNITE OFFICES WITH QUARTERS IN THE SCHMIDT BUILDING.

has been for months harping. Herr Zimmerman puts his respects to what he terms typewriter heroes, who, far from the front, are preaching war to the knife against everybody and concluding:

"We wish to write with blood and iron, but just because we are fearless and determined we may look for possible ways by which to arrive at an understanding with America. We need not close our department of incoming and outgoing declarations of war, which heretofore has worked nobly, but it seems to me that we can curtail the output somewhat without incurring a reputation for excessive caution."
