Fair tonight and Sunday; warmer Sunday.

GERMAN MILITARY LEADERS AGAINST YIELDING TO U.S.

Pressure Will be Brought to Bear on Kaiser to Prevent Him Making Concessions Over Note.

WOULD DESIGN OF WEAKNESS

Impression Might Get Abroad That Germany Feared Eventual Defeat If They Allowed Demands of United States to be Granted—Concede Americans Entitled to Protection.

WASHINGTON, June 19.—Leaders in German military circles are determined to make a stand in an effort to prevent the Kaiser's diplomats making concessions to the United States in the submarine controversy. This information reached Washington through official and unofficial channels. Their reason for opposing granting concessions is said to be based on the belief that if the demands of the United States are granted, a mistaken impression will get abroad that Germany fears eventual defeat. Military men were declared to be willing to concede Americans are entitled to protection. They are entitled with other neutrals to their rights under international law to travel anywhere on the high seas. But they urge that inasmuch as the allies are carrying passengers and munitions on the same ships, Berlin should ask the United States to consider the suggestion made by Bryan that vessels transporting munitions be prohibited from taking passengers aboard.

MALBORGET FORT SILENCED BY BIG GUNS OF ITALIANS

ROME, June 19.—Italian artillery has silenced the Malborget fortress which dominated the important passes and peaks in the Carnic Alps. General Cadorna informed the war office the strong fortress has been partially destroyed. The battle about Gorizia is "assuming larger proportions," an official statement asserted.

ROME, June 19.—The Austrian fleet bombarded the Tagliamento lighthouse and attempted to set fire to the naphtha reservoirs at Monopoli, an official statement announced. An Italian dirigible bombarded an Austrian ammunition depot at Trieste, the ministry of marine announced. Monopoli is 22 miles south of Bari on the Adriatic. A castle and cathedral of the 16th century are located there. The lighthouse is 34 miles northeast of Venice at the mouth of the Tagliamento river. It was evident two separate squadrons were engaged in the attacks. Attracted by firing off Tagliamento an Italian flotilla of torpedo boat destroyers hurried to the scene and drove off the enemy vessels. It was announced. While the Austrian squadron was engaged against Italian ports, the Austrian coast was attacked by one of the Italian squadrons and Salvoe lighthouse, 15 miles southwest of Trieste was bombarded.

ENGLISH RECRUITING IN FRISCO IS CHARGE MADE

SAN FRANCISCO, June 19.—Charges that the British are conducting a recruiting office in San Francisco in connection with a Fremont street business establishment resulted in a sweeping investigation being ordered by the federal authorities. German consul Bopp is said to have wired to Washington information he is said to have gathered through private detectives regarding the alleged station.

Graft Charges Made.

INDIANAPOLIS, June 19.—A federal grand jury indicted John Burke, of Indianapolis, an employee of the Panama canal commission; Pascal Canavaggio, a merchant of Colon, and Ricardo Bermudez former governor of Panama as a result of graft charges said to involve \$28,000. It is presumed the cases brought against the three men in New York will be dismissed with the return of the indictments here.

Local Agent of O-W Prevents Robbery From Freight Car

T. F. O'BRIEN CAPTURES ONE MAN—OTHER TWO MAKE THEIR GETAWAY.

Through the vigilance of T. F. O'Brien, local O-W, R. & N. agent, a robbery of a merchandise car in the yards was partially frustrated last evening and one of the three men engaged in it was captured. Mr. O'Brien himself making the capture after a footrace through the yards. About 10 o'clock in the evening Mr. O'Brien was making a round of the yards and, as the moon came out behind the clouds, he detected three figures skirting the end of a boxcar in the east end of the yards. Upon drawing nearer he saw the three crawl into the car at a small end door which had not been latched. Knowing that the car contained merchandise and believing that robbery was the purpose of the visit of the three, he crept quietly up to the door and slammed it shut against the resistance of those on the inside. Though a special officer, the agent happened to be unarmed and, being one against three, he started down the tracks to secure assistance. He had not gone far, however, before he heard the door forced open and saw the trapped men emerging. Knowing it was hopeless for him to capture all three, he singled out the advance man and a pretty race around the warehouse resulted. The thief might have been successful in outstripping the agent had he not stumbled over a pile of boards in the dark and fallen heavily to the ground. Before he had a chance to get up, O'Brien had cleared the obstacle and was atop of the fugitive. He took his captive to the police station where he gave the name of Charles Cross. He had on a shirt which had been taken from a merchandise box in the car and had matches in his pocket that corresponded to others in the car. The merchandise was consigned to the Carnes Mercantile Co., of Pilot Rock.

Peace in Mexico is Predicted Within Next Two Months

INTERVENTION WILL NOT BE NECESSARY, DECLARES SANITARY EXPERT.

DALLAS, Texas, June 19.—Peace in Mexico within two months and without intervention was predicted by Dr. M. H. Carrick, a sanitary expert engaged by all factions to clean up the southern republic. Dr. Carrick conferred with representatives of both Carranza and Villa factions in New York recently. They agreed that typhus, smallpox and venereal disease must be wiped out of Mexico and the work already has begun under the direction of Carrick's assistants from the American Medical Society.

Carrazza Changes Headquarters.

WASHINGTON, June 19.—Carranza has shifted his headquarters from Vera Cruz to San Juan Ulloa, an island in Vera Cruz harbor. With this report to the state department, officials are uncertain whether it meant Carranza is seeking refuge as a result of trouble with some of his followers. Carranza is known to have accepted the resignation of four cabinet ministers. As yet there is little to indicate that an early agreement between the factions may be expected in response to the president's demand.

EVERY CASE AT SPECIAL COURT SESSION IS ENDED

TWO PLEADING GUILTY YESTERDAY CLEARS UP WORK AND JURY DISCHARGED.

When George Edelman alias George Brown yesterday afternoon entered a plea of guilty to obtaining money under false pretenses and John Putnam pleaded guilty to larceny, all of the cases up for the special session of court were disposed of and Judge Phelps dismissed the jury. The only case they were called upon to decide was the assault case against George Polotas. Edelman, whom the officers claim, has served sentences before, admitted passing a check, to which the name of R. Still had been forged, upon M. Gale & Son of this city. He waived time for sentence and Judge Phelps gave him an indeterminate sentence of not less than one year nor more than five. Putnam confessed to stealing \$90 from Christ Johnson, a Vansycle farmer but he has not yet been sentenced. He was arrested in Pasco and extradited. Leo Dale, indicted on two counts for murder, P. L. Rawns, charged with forgery, and Frank Sams of Weston, accused of wanton cruelty to animals, will not be tried until the regular September term. Sams, who is charged with shooting the dog of P. C. McCauland, is out on bonds, but the other two are in jail.

RUSSIANS MAKING LAST STAND ALONG LINE AT LEMBERG

Battle for Possession of the Slav Stronghold in Galicia Starts With German Attack.

VON MACKENZEN IN COMMAND

Tentative Allies Are Hurting Forces Against Defenders in the Grodek Region Where the Russians Have Entrenched Strongly to Make Final Resistance.

BERLIN, June 19.—The battle in which the Russians are making a last stand before Lemberg has begun. Furious attacks are being delivered against the Russian positions in the Grodek region, 15 miles from Lemberg, by Von Mackenzen's forces, it was announced. PETROGRAD, June 19.—Official admission that the Russian forces in Galicia have been withdrawn several miles along the 50 mile front west and northwest of Lemberg was made by the war office. The defenders of Lemberg are now in the last line of entrenchments within 15 miles of the Galician capital in the Grodek Lake region. The last stand before Lemberg will be made in the Grodek region. According to unofficial advice the battle upon which the final success of the great Galician campaign may hinge has already opened. The Russians are entrenched in specially prepared positions. KILLED IN BRAWL. WASHINGTON, June 19.—Gilbert Tennil, an American mine superintendent was killed while attempting to act as peacemaker in a brawl between Mexicans near San Luis Potosi on Wednesday, state department advisers reported. Three arrests have been made. Wilson Day Celebrated. TACOMA, Wash., June 19.—With large American flags floating from public buildings and smaller national emblems worn conspicuously by men and women, Wilson day was celebrated. The city council passed a resolution commending the stalwart stand of the nation's president.

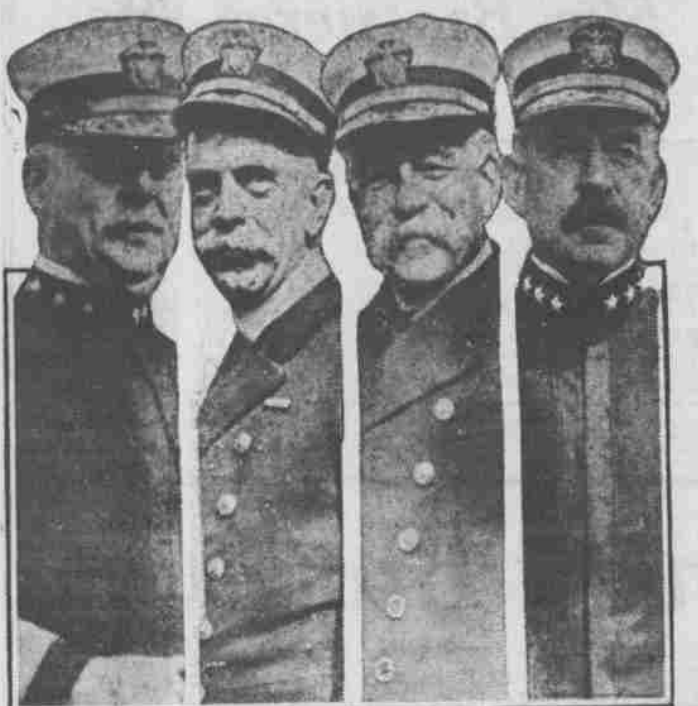

BROCK WON'T RUN FOR DIRECTOR; MONDAY MAY YET SEE SPIRITED VOTE

RETHINKING MEMBER REFUSES TO ENTER RACE—ELECTION FROM TWO TO SIX.

In view of the fact that reports have been circulated within the past few days that he would be a candidate for re-election at the school election Monday, Chairman W. E. Brock this morning reiterated his former statement that he has no desire to succeed himself and that he will not permit his name to be used as a candidate for the position. "I have not changed my mind since I gave the previous announcement of my intention to retire because of the demands of my business upon my time," he said this morning. "As long as six months ago I told the board of my intention and the other members have understood my position. Many of my friends and friends of the board have been urging me to enter the race but my determination has not been altered." So far as is known Assessor C. P. Strain is the only candidate for director, though an opponent may yet be disclosed, therefore all supporters of Mr. Strain are urged to vote. In consenting to stand for election to the board, Mr. Strain announced that he would do so not as the representative of any party or faction but would try to act for the best interests of the whole district. The voting for the school election will be in the council chamber at the city hall and will last from 2 o'clock until 6 o'clock. All taxpayers may vote and all who have stock in corporations paying local taxes. It is not necessary for voters to register in order to vote at this election. There will be no names of candidates on the ballot and voters will have to write in the name of the man they desire to vote for.

CHAUTAUQUA WILL OPEN AT ROUND-UP PARK ON NEXT TUESDAY; WEEK OF EXCELLENT ENTERTAINMENT COMING

Four Tars of Uncle Sam

Here are four smiling admirals of the United States navy happy over the reception the great fleet under their command received in New York at the recent review in the Hudson river.

Equipment to Start Work on the Terminal at Pilot Rock Junction Gets Here Sunday

Here for the purpose of entering upon the construction of the terminal yards at Pilot Rock Junction, H. W. Young, engineer for the O-W, R. & N. in charge of the work here and at The Dalles and J. D. Donnelly superintendent for Twoby Bros. are setting in touch with their task today. The first work to be taken up will be the grading which is to be done by Twoby Bros. Their outfit consisting of 48 work cars, a 110-ton steam shovel and other equipment will reach here tomorrow and work is to be started at once. At first a crew of 20 men will be employed and later the crew will be increased to 75 says Mr. Donnelly. The plans call for the building of 10 yard tracks at the terminal and four of these tracks will be built now. All the tracks and all the buildings will be located east of the junction and between the main line and the old main line. In carrying on the grading work some of the dirt for fill will be taken from the hill at the Pat Kine crossing above the St. Anthony's hospital and thus that dangerous crossing will be eliminated. The remainder of the dirt for the fill will be secured on the Pilot Rock branch. The railroad company will lay its own tracks as usual and the track laying will be taken up as soon as the grading has proceeded sufficiently. The building work has not yet been let but it is said the contracts will be awarded shortly. The buildings will consist of a 19 stall roundhouse which will later become a 24 stall house; a machine shop, 130 feet long, coal plant, power house, oil tanks, store house, yard office, etc. Mr. Young will have general charge of the work here for the O-W, R. & N. company and Mr. Donnelly will superintend the work for Twoby Bros. E. D. Roberts will be resident engineer for the railroad company.

BRITISH DENY THAT TANK STEAMER SANK SUBMARINE

ADMIRALTY SAYS WARSHIP DID IT BUT BERLIN CLAIMS DIFFERENTLY.

LONDON, June 19.—The admiralty announced a British warship sank German submarine U-29 in March. Berlin claimed a British tank steamer flying the Swedish flag did it.

82 Vessels Sunk.

LONDON, June 19.—Up to June 18, eighty two British merchantmen were sunk, 75 by submarines since the German submarine warfare began in February, the admiralty announced. In addition 76 fishing vessels were destroyed. The admiralty reported the total arrivals and sailings since submarine war was effective has been 24,442.

Philipino Wins Debate.

PARADENA, Cal., June 19.—Carlos Alviar, a young Filipino, showed such oratorical skill in winning a high school debate here that he is meditating going "on the stump" urging American voters to give the Philippines independence. Alviar, who could speak no English five years ago, upheld the affirmative in a debate on the proposition "Resolved, that the Philippine Islands are ready for independence" and won with flying colors.

NEWS SUMMARY

General. Allies are on the offensive in Flanders and deliver smashing drives against the German lines. Russians are making last stand few miles from Lemberg. German military leaders will try to influence Kaiser to refuse to make concessions to the United States. Local. Engineers here to start work on new O-W terminals. ALLIES ARE NOW DELIVERING SMASHING BLOW IN FLANDERS

GOVERNOR OF GEORGIA NOT TO SHOW FRANK CLEMENCY

COMMUTATION OF DEATH SENTENCE WILL NOT BE GRANTED CONDEMNED MAN.

ATLANTA, Ga., June 19.—Governor Slaton intends to rule that Leo Frank must hang for the murder of Mary Phagan, it is believed here. The governor said he would not announce his decision upon the appeal for a commutation of Frank's sentence to life imprisonment until Monday or Tuesday. Frank is scheduled to be hanged at noon on Tuesday. The announcement made by Slaton therefore was interpreted to mean the commutation of the death sentence is to be denied, but that the governor is delaying the announcement believing it will be more merciful to permit the prisoner to hope to the last rather than to know three days before he must die.

ONE KILLED AND 2 BADLY INJURED IN AUTO CONTEST

MACHINE GOES OVER BANK IN LAST LAP OF SEATTLE-CHICAGO ROAD RACE.

SEATTLE, June 19.—George E. Dickson of Ellensburg, former member of the state legislature was killed and John L. Gilmore of Seattle and John Keller of Ellensburg were seriously injured when their automobile in the last lap of the hundred hour race from Chicago to Seattle dropped into a ditch near Redmond. The last lap race covered the distance between Ellensburg and Seattle. The object of the race was to show that the trans-continental highways across the west are in good condition and the distance was to have been covered in a hundred hours by relay automobiles. The car was to have reached Seattle at noon.

Offensive Initiated by the French North of Arras is Being Waged Along Whole Line.

Repeated Attacks are Being Made Against the Enemy's Lines and Several German Batteries Have Been Silenced—French Make Progress—Details Not Known.

PARIS, June 19.—The furious fighting initiated by the French north of Arras and taken up by the British about La Bassée has now spread across Flanders to the sea. Co-operating with the French in the drive from Arras, the British are smashing hard at the German lines east of La Bassée. In the region of Dixmude, the Belgians have assumed the offensive and are delivering repeated attacks against the enemy's lines. The Germans are endeavoring to break the force of the allied attacks with artillery which is pouring heavy fire into the allied trenches in response to the French seventy five which have been brought into action along all parts of the line. Several German batteries have been silenced. Great gaps have been torn in the German entanglements and the trenches about Souchez, and in this region desperate hand-to-hand conflicts are in progress. The French are known to have progressed, but detailed official news of the conflict still is withheld. Heavy losses were suffered by the Germans in an attempt to smother the allied offensive under vigorous counter attacks. North of Arras and against the British east of La Bassée, the Teutons attacked in the face of heavy machine gun and rifle fire, only to be thrown back into their second line of trenches.

BRITISH - BELGIANS ACTIVE

WASHINGTON, June 19.—The interstate commerce commission declared that furniture rates from Grand Rapids and Rockford to the Pacific coast terminals are reasonable.
