

I USE "TIZ" FOR SORE, TIRED FEET

"TIZ" FOR PUFFED-UP, ACHING SWEATY, CALLOUSED FEET AND CORNS.

Good-bye sore feet, burning feet, swollen feet, sweaty feet, smelling feet, tired feet. Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical, acts right off. "TIZ" draws out all the poisonous exudations which puff up the feet—the only remedy that does. Use "TIZ" and wear smaller shoes. Ah! how comfortable your feet will feel. "TIZ" is a delight. "TIZ" is harmless. Get a 25 cent box of "TIZ" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

Japan Protests to China. WASHINGTON, June 18.—Reports that Japan has protested to China against anti-Japanese manifestations and boycotts in China caused oriental experts considerable concern here.

Bohan Sentenced to Pen. M. W. Bohan last evening entered a plea of guilty to a charge of larceny and was sentenced by Judge Phelps to the penitentiary from one to ten years. Bohan was charged in the indictment with stealing a set of harness from C. O. Weaver.

MANY CASES OF RHEUMATISM NOW

SAYS WE MUST KEEP FEET DRY AVOID EXPOSURE AND EAT LESS MEAT.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water, and above all take a spoonful of salts occasionally to keep down uric acid. Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism. At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities. Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

BRIDE TRAVELED 5,000 MILES TO WED

The wedding day had been set a year ago, and the groom had promised to return all the way from China, where he was at work on the construction of a railroad. She had looked forward to that day with the same yearning that is in the heart of every woman. To her, as to most brides, it was to be the biggest day of her life. Then came a cable that he could not possibly get closer than Honolulu on the day set for the wedding. But that didn't daunt an American girl, and she was not going to have her dream shattered. "We will meet him there," she said to her mother, and before that staid and untraveled old lady could be made to understand, the bride gown had been packed in a trunk and the tickets bought. But the steamer which neared Honolulu, on the day of days, was late. The dusk had come down over the harbor when the vessel slowly felt her way in. "Will he be here to meet us?" the mother inquired over and over again anxiously. And the daughter caught this doubt. She was outwardly calm, but a storm broke within. Her nervousness developed into desperation. Suddenly she made up her mind. She got on the row, and then came forth on the deck in the soft Hawaiian evening to watch the sights as the ship moved along into her pier. Passengers crowded about wondering, but she showed no sign. She just stood there looking into the distance at the pier. No prim Puritanic frock hid the passengers eye on this dauntless American girl who had gone 5,000 miles for her wedding. It bespoke the bride's own daring and kept correctly to the 1915 requirements of such costumes. For her pretty neck and arms she followed a departure from past high-necked, long-sleeved modes, in a décolletage, modestly bridled, and sleeves just below the elbow. The daring and individuality of the bride showed in this rich panne satin and brilliant studding of rhinestones over the skirt panel and bodice front. The skirt panels are of lisse lace. A Juliette-cap of pearls, set with orange buds and hung with veil of lisse lace, was her original idea. "He's there, mother," cried the bride with her eyes on the crowd at the pier. And at that moment he saw her a vision in white. The passengers made way for her, and she was the first off the vessel. She fell into his arms, hid her eyes, and all there were tears in her eyes, and she was almost to the breaking point under the strain. He knew why. "I guess," he said, "the first thing we need is a parson."

LIVESTOCK MART SHOWING A LOSS

(Courtesy Sunday's Journal.)
PORTLAND, Ore.—It was a week of reactionary values in the livestock market at North Portland. All offerings suffered from depression during the six days' trade with receipts in all lines except calves showing an increase. Hogs ruled steady the fore part of the week, but later began to show distress with bearish pressure of killers. At the closing tops were quoted around \$7.85.
General hog market range:
Best light \$7.80@7.85
Medium light 7.70@7.75
Good to heavy 7.50@7.60
Rough to heavy 6.50@7.25
Cattle Situation Weaker.
Some weakness was shown for cattle all of the week and values dropped below last week's standing. There was an increase in offerings. More liberal marketing of California grass stock was one of the factors in the trade. This together with the bearishness of killers added considerable depression to the price.
General cattle market range:
Select steers \$7.20@7.35
Best hay fed steers 7.20@7.25
Good to choice 7.00@7.15
Ordinary to fair 6.90@6.75
Best cows 6.50
Good to prime 6.25@6.40
Select calves 7.00@7.55
Fancy bulls 5.25@5.50
Ordinary bulls 4.00@5.00
Sheep and Lambs Lower.
Entire mutton trade was weak with lower prices forced during the six days' trading at North Portland. While the run was only slightly in excess of that of last week and killers brought in a very large per cent of these directed, the situation materially weakened. General opinion of the trade is that Monday will show a further loss of all through the mutton trade.
General shorn mutton market:
Choice spring lambs \$7.15@7.25
Common spring lambs 6.00@6.50
Choice yearling wethers 5.50@5.60
Choice light ewes 4.75@5.00
Good ewes 4.50
Common heavy ewes 4.00@4.25

BEARISH TREND INJURES MARKET

(Sunday's Market.)
PORTLAND, Ore.—That the bearishness in the local wheat trade during the last few weeks has been entirely too severe, was indicated by the trend of the local market during the week. Exporting interests with which prices sales yet to be shipped have been holding off their purchases until they could practically buy the wheat at their own prices. Every possible fraction of a cent has been squeezed out of the price before the exporters were willing to do business. They overstay the market a trifle too long and have been compelled to pay fractional advances, but some of their orders are still said to be unfilled. That the bearish demonstration in prices has been made for the sole purpose of forcing both the old and new crop to a low quotation basis is now evident. It is one of the habits of the trade to sit on the price as hard as possible, never seeming to realize that the time always appears when producers are forced to withhold offerings from the market as a matter of self-protection. As long as buyers are so anxious to beat one every possible cent from the price, just so long many producers be expected to retaliate and finding the buyers in a pinch force them to pay the price.

MAY PROVE FATAL

When Will Pendleton People Learn the Importance of It?
Backache is only a simple thing at first; But if you find 'tis from the kidneys; That serious kidney troubles may follow; That dropsy or Bright's disease may be the fatal end; You will be glad to know the following experience. 'Tis the statement of a Pendleton citizen. Mrs. George W. Badgett, Box 529, Pendleton, says: "One of my family had spells of backache and at times was laid up for a month. Straightening up quickly after bending caused severe twinges in the small of the back. The kidneys were out of order. Doan's Kidney Pills were recommended by a physician and they have never failed to relieve these ailments. I have also used Doan's Kidney Pills myself and recommend them as a good kidney medicine." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Badgett recommends. Foster-McLure Co., Props., Buffalo, N. Y.

Wood Fiber Is Suspected.
LONDON, June 19.—The allegation that Germany is using wood fiber in the manufacture of gun-cotton was again brought to public notice when a representative of the foreign office announced in the house of commons that the information received on this subject was being fully considered.

EARLY WHEAT TRADING IS UP

(Sunday's Market.)
CHICAGO.—Wheat market maintained its strength, the unsettled weather having its effect on sentiment. The foreign situation shows little change and the future trend of prices will depend to a great extent on weather conditions. Later the market showed a slump. The strength in corn market early was due entirely to the weather, but when it was reported that two cargoes of Argentine corn had been bought at the seaboard, sentiment switched to the bear side. As in wheat the future course of values in this market will depend to a great extent on the weather. Market in oats was a trading affair and showed little independence, being influenced by the course of the corn market. Trade featureless in products. Offerings not pressing and closing trades were made at the season's best prices. All grains closed with a decline. A selling movement set in near the close. Houses with southwestern connections sold considerable corn. Last sales in wheat were 5-8 @ 1 1-8 lower than

the opening. Corn finished 3-4 @ 1 1-4 lower, while oats also were down. Provisions closed weak.
