SOJOURNERS

The sales force of the Peoples Warehouse are indebted to their employer, Leon Cohen, for a most enjoyable Sunday spent yesterday in the woods near Gibbon. At an early hour they left Pendleton in a special car attached to the east-bound train and upon reaching their destination made a temporary camp in a cool glade. Pleasant recreation was found on the river and hills and everyone of the thirty had picnic appetites when the luncheon was spread. Return was not made until an early hour this morning owing to the lateness in the arrival of their train.

Mrs. C. W. Tullie underwent an operation at St. Anthony's hospital yesterday for kidney trouble and is reported to be recovering today.

Little Miss Marion Averill was the hostess at a children's party Saturday afternoon at the home of her parents, Mr. and Mrs. Edgar F. Averill, 395 Perkins avenue. The motif for the occasion was the fifth anniversary of the birth of the hostess. Marion was assisted in the afternoon's festivities by her mother and grandmother, Mrs. G. W. Couits. Fetching soldier caps in patriotic colors were presented to each of the little guests as they arrived and were worn throughout the afternoon. The usual compliment of child's games was indulged in but the feature of the afternoon was the sudden appearance of a clown among the merry-makers on the lawn. Those invited were Lois Oliver, Frances Keefe, Dorothy Stevens, Inez Swartzlander, Edna Murphy, Hazel Rugg, Florence Fletcher, Maurine Akers, Helen Hansell (Athena), Elizabeth and Richard Pinkerton (Walla Walla), Ned Cronin, Lawrence Swartzlander, Orville Bald, Robert Miller, Raymond Rugg, Harry Folsom, Harold and Wayne Estes and Edgar Averill, Jr.

Mrs. Minnie Stillman has left for San Francisco on a two weeks' vacation trip. She will visit Crater Lake en route.

Mr. and Mrs. Louis Hazen returned to Portland Saturday after having visited here for a week.

Mr. and Mrs. A. Bean have returned from a trip to California during which they attended the exhibitions at San Francisco and San Diego.

Indigestion and Constipation.
"About five years ago I began taking Chamberlain's Tablets after suffering from indigestion and constipation for years without finding anything to relieve me. Chamberlain's Tablets helped me at once and by using them for several weeks I was cured of the complaint," writes Mrs. Mary E. McMullen, Phelps, N. Y. For sale by all dealers.—Adv.

Chautauqua Closing Day

EVELYN BARGELT, Cartoonist and Reader, Will Entertain Afternoon Audience.

With true regard for climate, that inimitable crayon artist, Evelyn Bargelt, has been arranged as one of the entertainers of the closing day of the Chautauqua. An afternoon or evening spent in watching her draw her lightning sketches, while she keeps up a running fire of humorous comment, or in listening to her readings, is one pleasant to contemplate long afterward. Formerly she traveled with a quartet, but there was a general demand that she occupy the major part of the whole of the program, and this plan is now being followed, and her popularity has increased. She is one of the big attractions of the country in cartoning and has the additional talent of being a reader of high class.

Miss Bargelt puts an abundance of clever, bright humor into her talks and readings, and her sketches are as beautiful as paintings and not the "rough stuff" usually put on by chalk talkers. This entertainment will be given in the afternoon, and the week will close that night with the appearance of the Swiss Alpine Voyagers.

CROSS COUNTRY ROADS TO BE IN SHAPE SOON FOR TRAVEL BY AUTO

TRANSCONTINENTAL TOURS WILL BE POSSIBLE BY THE FIRST OF JULY.

Heavy rains have practically ceased in many sections and the damage done is being rapidly repaired by Road Associations—Many Autoists Are Expected.

WASHINGTON, June 21.—Automobile tourists who have planned their transcontinental tour any time between now and July 1st will be cheered by the information that the rains which have recently been so heavy west of the Mississippi and Missouri rivers have practically ceased—with weather reports indicating that a dry spell is to continue from now on.

These rains have put the roads in very bad condition, but the very many well organized road and route associations all through those sections have started vigorously at work re-dragging all the roads. This saturation by rain will mean that after dragging the roads will be in the very best possible condition as it is this action promptly taken after rain periods that gives the dragged road that excellent surface so generally commented upon by those who have had the experiences of touring over them.

There have been many estimates as to the number of cars that would make transcontinental trips and only those who have been over optimistic might complain. Reports from various points on the routes leading through and those who used judgment in their early estimates state they have no cause for disappointment in the number of automobile tourists.

The north and central routes are now coming into their share and will probably be the favored ones to carry the burden of traffic during the next three months. Practically all of these routes have had an immense amount of work done on them during the spring and early summer in full anticipation of travel and no cause for complaint will probably be entered against them.

Those planning to make the transcontinental trip by way of the routes are advised to write the Touring Bureau of the American Automobile Association at its national headquarters, the Riggs Building, Washington, D. C., or 427 Fifth Ave., New York City.

2 Umatilla County Boys go to Frisco for Athletic Games

LEE AND PAYNE WILL BE ON HAYWARD'S TEAM IN A NUMBER OF EVENTS.

Chester Fee, who returned last week from the University of Oregon, and Floyd Payne of Athena, will leave in a few days for Portland to join the team Coach Bill Hayward is collecting to take to the athletic games in San Francisco. Fee will enter in a number of events, while Payne will go into the long distance races.

The Portland Oregonian yesterday carried quite a tribute to the local boy with a cut showing him going over the high sticks. The sporting editor of that paper comments as follows on him:

"Chester Fee, captain of the 1915 track and field team of the University of Oregon is one athlete who has been developed since leaving high school. Fee hails from Pendleton and the first time any news was centered around him was while attending the state institution at Eugene.

"Fee is one of the best all-around athletes Oregon has had in several years. At present he is working out under the colors of the Multnomah Amateur Athletic Club of Portland in hopes of making more honors at the Far Western championships as well as the American Athletic Union at San Francisco next month and the early part of August.

"While competing for the winged "M" in the recent Pacific Northwest Association track and field championships on Multnomah Field, Fee established a new record in the javelin for the association by heaving the spear a distance of 179 feet 1-2 inches. He was the high point winner of the meet with 17 marks to his credit.

"He can do anything on the field

and Coach Bill Hayward has been responsible in a large measure for his remarkable showing. Fee is noted for his ability to keep in condition without over exertion. He is conscientious and willing. All that Coach Hayward has to say is: "Chest, we need a couple of points in the hurdles," or "See what you can do with the shot for us," and similar expressions. Not once has he failed to "bring home the bacon," and in some instances he has even surprised his tutor by bringing home more than was intended."

Tax is Paid in Pennies.
HARRISBURG, Pa., June 15.—The state treasury received an express package containing \$50 pennies.

It happened that a check for \$5.50 was sent to the treasury by the treasurer of a corporation in payment of state tax, but as the rules of the treasury require certified checks or current bankable funds, it was returned with a request for certification.

The sender promptly expressed pennies and not all of them new, either.

Stagnant Blood Given A Quick Impulse

Wonderful Activity Imparted by a Famous Remedy.

The appearance of pimples, boils, skin eruptions and all evidence of impure blood, calls for S. S. S., the famous blood purifier. (Cathartic, purges, bowel movers and laxative) none.

No amount of bile will destroy certain germs which cause blood and skin eruptions. They are away down deep in the tissues, perhaps in the very marrow of the bones. And such a condition calls for the searching influence of S. S. S. It is indeed a remarkable remedy, since it is taken up by the blood stream and never loses its medicinal influence. On and on it goes, through and through the entire system and always with the same definite action to dislodge germs, destroy their activity and stimulate the liver, lungs, kidneys, bowels and skin to throw them out completely.

It stimulates stagnant blood, provides a rational exhilarating to the nerve centers and thereby the natural functions of the body are aroused to cast out intruders, no matter how strongly entrenched they may be. It refutes the ancient theory that to destroy within us the germs that eat into our vital cells for drugs that destroy our very existence. Get a bottle of S. S. S. today of any druggist and for special advice on severe blood disorders write at once to the Medical Adviser, The Swift Specific Co., 103 Swift Bldg., Atlanta, Ga. Do not accept a substitute. Insist upon what you ask for.
