"WILD BILL" SAFEST MAN IN BASEBALL

Here is "Wild Bill" Donovan, who has turned out to be so safe and sane that he took the rag tag and hobnob aggregation, known as the New York American League Baseball Club of last year, and in three weeks of this season put them at the top of the league. He has done more

than he dreamed he could do. Though he began the season without even a glimmer of hope of winning the pennant, he now permits himself to think about it when no one is around.
"Will you win the pennant?" he was asked the other day.
"I don't know," said he.
"But don't you hope you will?"
"Gee, no! I am afraid if I let myself think so they will begin to call me wild again."
Donovan was the greatest pitcher the Detroit club has ever had. When he wore out he went to Providence in the International League as manager. There he won the pennant. When Jacob Ruppert bought the New York club from Frank Farrell and former Chief of Police Devery, they got Donovan away from Providence. The club had been managed by men like Frank Chance, who bulldozed the players, with the result that Hal Chase, the greatest of first basemen couldn't stand it, and on his threat to quit he was sold to Chicago, and "Slim" Caldwell, recognized by baseball men as one of the really great pitchers broke his contract and went to the Buffalo Reds.
But "Wild Bill" is not a bull Jockey. He wears a perpetual smile. And his smile has won.

returned if the bidder is unsuccessful, and to be forfeited if the bidder is successful and he refuses to enter into a contract in accordance with the bid. All bids will be opened before the Common Council of said City in session at 7:30 o'clock p. m., on said 23rd day of June 1915, at the Council Chambers.
The Common Council reserves the right to reject any and all bids.
Dated at Weston, Oregon, this 21st day of June, 1915.
ANDY T. BARNETT, Recorder for the City of Weston, Ore.

SMALL DEFECTS OF THE EYE GROW TO GREAT ONES

Uncorrected errors of refraction are the cause of most eye trouble. Proper fitting glasses in time conserve your eyesight. There are tens of thousands who waited too long that would gladly pay any price for good eyesight. The best time to have your eyes fitted with glasses is when they first begin to fail. If you have any reason to believe that your eyes need attention it will pay you to come at once and have them thoroughly examined. I have nothing to do but fit and grind glasses and can refer you to pleased patrons by the hundred. My prices for glasses are not high.
