- 50 rooms, per day..... \$1.00
- 100 rooms with bath, per day 1.50
- 100 rooms with bath, per day 2.00
- 200 large outside rooms, bath, per day..... 2.50
- Extra person in room, additional..... 1.00

Yes it is none other than Dr. Charles G. Pease, the well known nicotine annihilator, talking. His remarks are occasioned by the proposal that smokers' privileges in street and elevated cars be extended. He goes on:

"In permitting smoking cars the public service commission is violating the constitution, which provides no person shall conduct himself in a manner which interferes with the rights or privileges of anybody else. The right to breathe the pure air is possessed by every man, woman and child."

Furthermore, Dr. Pease says, Mark Twain, General U. S. Grant and the late President McKinley practically committed suicide by excessive smoking as they all suffered from tobacco heart.

Rains Hinder Operations.
PARIS, June 28.—Heavy rains have interfered with operations over a great part of the western battlefield in the past 12 hours.

"Lively cannonading in the region of Sochez continues. Elsewhere last night was comparatively calm because of a heavy rainfall," an official communique stated.

Insane Inmate Attacks Guard
SALEM, Ore., June 28.—Struck on the neck with an axe by Peter McKenzie, an inmate of the state hospital for the insane, E. P. Cochran, an attendant, was seriously injured. McKenzie was overpowered by Norman Eaylhan, another insane patient before he could strike a second blow.

Diarrhoea Quickly Cured.
"About two years ago I had a severe attack of diarrhoea which lasted for over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Obtainable everywhere.—Adv.

Man Fatally Burned.
PORTLAND, Ore., June 28.—Stepping on a high tension wire at the P. and S. railroad shops, A. D. Warner, 73, a machinist, was perhaps fatally burned. His foot came in contact with the wire as he stepped into the transformer house.

Explosion Due to Neglect.
SEATTLE, June 28.—Alleging that the recent tremendous explosion in Seattle harbor was due to municipal negligence, the W. B. Hutchinson company, clothiers, brought suit against the city for \$250 for damages to plate glass windows.

Recuperation—there is not so much in the ordinary vacation as there is in a single bottle of Hood's Sarsaparilla, which refreshes the tired blood, sharpens the dulled appetite, restores the lost courage. Take Hood's Sarsaparilla this summer.—Adv.

Stalled Auto Prevents Bud Working Out
FANS WHO GATHERED ARE DISAPPOINTED WHEN BOXER FAILS TO SHOW UP.

Because an auto in which he had gone to Bingham Springs Saturday evening suffered a mishap, Bud Anderson, who is to box George Ingle of Seattle at the Oregon theater July 5, disappointed a large crowd of sports fans who gathered yesterday afternoon at the Commercial gymnasium to see him work out. He was unable to get back in time and had to content himself with a day of rest at the resort. However, he has decided to take no more auto trips and will be on hand at the gymnasium every afternoon at 2 o'clock from now until the bout.

Ingle, who is coming from Seattle to meet the Vancouver boy, is due to arrive tomorrow and will also welcome the fans who care to see him work out.

- May 23, 1915—Italy declared war on Austria-Hungary.

NEW YORK, June 28.—One year ago today the Austrian Archduke Francis Ferdinand and his wife were shot and killed in the little Bosnian town of Serajevo by Garvie Prinsip.

It was the act of Prinsip, a poor student, which ultimately resulted in 11 nations going to war. These nations are, on one hand, Great Britain, France, Russia, Serbia, Japan, Belgium, Italy and Montenegro, and on the other Germany, Austria and Turkey.

The war to date, according to conservative estimates compiled from the best available reports, has caused a loss to the various belligerents of more than 6,000,000 men, dead, wounded and prisoners, and more than 500 ships. Of these, about 120 were war vessels. It is 11 months today since Austria declared war on Serbia.

Ultimatum Sent to Serbia.
Prinsip's crime was committed on June 28. An investigation disclosed what was alleged to be proof that the assassin was the tool of a group of Serbians. On July 25, after considerable correspondence and negotiations an ultimatum was sent to Serbia by the Austro-Hungarian government, which Serbia declined to meet. A week later a general mobilization of Russian troops along the German border was ordered and the following day Germany declared war on Russia. The news of that event was followed in a

few hours by the announcement that a general mobilization has been ordered by the French cabinet.

On August 2 German troops entered Luxembourg and Germany demanded free passage through Belgium to the French frontier. This was refused and two days later Great Britain dispatched to Germany an ultimatum demanding that the neutrality of Belgium be maintained. The ultimatum rejected, German forces attacked Liege.

Great War in Full Swing.
The following day saw the declaration by Great Britain of a state of war with Germany and two days later the Germans entered Liege as the French invaded southern Alsace.

By August 17 the first British expeditionary force had completed its landing in France and on that day there began also a fierce battle on the Jadar between the Austrian and Serbian troops. Victory was with the Serbian arms after five days of fighting and the Austrians were routed.

In the meanwhile the battle of Lorraine had opened and the German troops had entered Brussels, the Belgian capital.

Blood Risings Begin A Mere Speck

Stop Them From Growing Large and Dangerous.

Nearly everyone who uses S. & S. for the blood recalls a friend who went through untold suffering as the result of a mere pimples or small blood rising. A host of people did not realize until too late, what may result from a slight skin abrasion. But they recovered if they used S. & S. and in almost every village and hamlet, every crossroad and away back off the road is someone who will tell you how S. & S., the famous blood purifier, restored his health.

It is a most interesting fact that this remarkable vegetable medicine overhauls the blood in a manner that excites curious minds.

But it acts in accordance with accepted physiological laws and yet its effect is almost beyond comprehension to those who are wedded to such drugs as mercury, calomel, arsenic, iodine, potassium, copper and other baneful influences which all the world bears silent testimony to their destructive tendencies.

S. & S. is indeed a nature's tribute to what we need and it is worthy of note that in almost any drug store throughout the country you will find Sarsaparilla in stock. Get a bottle today. And if you believe yours is a peculiar case, write to the Medical Adviser of The Specific Co., 106 Swift Bldg., Atlanta Ga. Our word for it, he is one of Georgia's appreciated specialists, retired from active practice, but proud of his name and of his recognized ability.

Coughs and Colds Not to Be Neglected

Anyone will realize the seriousness of neglecting a cold if he observes results of such neglect among his acquaintances. How often have you heard, "He caught cold, didn't do anything for it and it turned into"—then some dreaded disease is named!

Ordinary colds yield to prompt treatment at the beginning. That is why every family should be supplied with a reliable cough medicine—one that will heal raw and inflamed surfaces, loosen the phlegm, allay irritation, ease the hoarseness and stop the tickling sensation in the throat that does not permit one to sleep.

Foley's Honey and Tar Compound is invaluable for relief of coughs, colds, croup, whooping cough, tickling in throat, tightness or soreness, snore or bronchial coughs. It contains no harmful ingredients. It is healing, soothing, efficient and pleasing.
