Newsy Notes of Pendleton

Small Addition to Store.

John E. Bean has taken out a permit to build a small addition to his store building on West Webb street.

Woolbuyers to Baker.

The woolbuyers, who have been making their headquarters in Pendleton, will leave this evening for Baker where a sale will be held tomorrow.

Bought New Auto.

George Peringer has purchased from the Oregon Motor Garage a Model D-24 1914 Light Six Buick. This is the first car to be sold out of a consignment just received here.

Will Attend Reunion.

J. P. Walker, clerk of the local camp, Woodmen of the World, is preparing to go to San Francisco for the 25th annual reunion of the establishment of the Pacific jurisdiction, which will be celebrated there in an elaborate way. Mr. Walker is head sentinel in the head camp, Pacific jurisdiction.

Stores to Close on Fifth.

July 4, the nation's birthday, falling upon Sunday this year, many of the merchants have signified their intention of closing their stores on the fifth in order to give their employees a holiday. It is believed there will be a general observance of this day as a holiday inasmuch as several towns in the county are celebrating July 5.

Will Be Permanently Cured.

A private letter received here from Dan P. Smythe, states he is rapidly recovering following the operation performed upon him by Mayo Bros., world renowned surgeons at Rochester, Minn. The doctors pronounced the operation entirely successful and say that it will result in a permanent cure for their patient. On the day he wrote Mr. Smythe expected to leave the hospital for a hotel in Rochester, there to remain during the remainder of his convalescence. After leaving Rochester he will go east and return home via the Canadian Pacific.

Oiled Macadam Causes Accidents.

Many accidents of a minor nature have been reported since the Wild Horse macadam road has been oiled. While the oil is fresh the roadway is very slick in spots and motor vehicles easily skid on the turns. A half dozen or more cars were damaged last week and yesterday several similar accidents were reported. Irvin Mann, son of Mr. and Mrs. L. L. Mann was driving his father's car around a curve at about 15 miles an hour when the car skidded so suddenly that one of the wheels buckled under. F. B. Hayes, superintendent of the water works, is hobbling about with a noticeable limp today as a result of a spill he got from his motorcycle while enroute to Weston yesterday to inspect the water plant there.

A Good Smoker Card.

Everything is in readiness for the big Pendleton Athletic Club smoker, which is to be held tomorrow evening at 8:30 in the Commercial Club gym. All of the boys have been training as hard as they could possibly find time to. The headliner between Young Joe Farrell and Jockey Bennett, promises to be a dandy. Another bout of much interest is the one between Glen Finch, "the fighting mail carrier," and Paul Finnell, pride of the First National Bank. Keen rivalry exists between the boys of the club as to the champions of their respective classes, and each one promises to do his best. The completed card, subject to substitution in case of failure of appearance, is: Young Dunlap vs. Young Copeland, 80 pounds; Earl Snyder vs. Jimmy Hay, 135 pounds; Wisler vs. Gibbs, 122 pounds; Dunlap vs. Morris, 130 pounds; Kurrie vs. Leedy, 123; Finch vs. Finnell, 158; Buddy Stevens vs. Billy Farrell, 122; Young Joe Farrell vs. Jockey Bennett.

Marriage License Issued.

A marriage license was issued Saturday to Eugene Wilson and Grace Ellen Miller of Echo.

Divorce is Granted.

Judge Phelps this morning granted a divorce in the suit of Lula Moore Brown vs. Ernest Brown of Adams.

Suit to Collect.

The Monarch Hardware and Furniture Co. of Pilot Rock has brought suit against J. A. Rust to collect \$408.75 alleged to be due for merchandise purchased. W. M. Peterson is attorney for the plaintiff.

Death at State Hospital.

Jack Marinette, 62 years old, died at the Eastern Oregon State Hospital yesterday of pulmonary tuberculosis and the body is now being held at the Folsom undertaking parlors. Deceased was formerly a saddler at Canyon City and was committed to the hospital Nov. 1, 1914.

Sheriff Now Collecting Taxes.

In conformance with the new law, Treasurer G. W. Bradley Saturday turned over to Sheriff Taylor the tax rolls and hereafter the sheriff will collect the taxes as in former years. Deputy A. C. Funk will be in charge of the collection department. The experts, who examined the treasurer's accounts, reported that \$120,888.32 of the total roll of \$850,694.29 has been collected, leaving the sheriff \$729,742.81 to collect.

Pendleton Loses Last Game.

By a single score, Pendleton lost the last game of the Blue Mounslay schedule yesterday at Stanfield, getting only nine runs to the home team's ten. McGarrigle twirled for the locals but was very wild and Catcher Vaughan had trouble in getting in front of the curves. The result was many passed balls. Will Hoskins pitched most of the game for Echo-Stanfield, Fulford finishing. It was a game full of hits and runs but sufficiently close to keep up interest.

Doctor Drinks; Gets D. T.'s.

Officer Alex Manning this morning took into custody a young man who proved to be Dr. Charles Hamilton, a graduate physician whose father was formerly a Portland minister. A charge of disorderly conduct and drunkenness was placed against him and he is being held in jail. He came here last Friday from Heppner with his wife and took rooms in a local apartment house. He started drinking Saturday and during the night abused his wife so that other roomers ejected him. The landlord ordered him away but he returned this morning, still badly intoxicated and started more commotion. The police were summoned then. The man's physical condition is so bad as a result of his intemperance that he appears to have the delirium tremens.

FIRE AT PRAIRIE CITY ENTAILS \$6000 LOSS

BAKER, June 28.—Fire of suspicious origin destroyed the Sumpter Valley Railroad and Baker grocery warehouses at Prairie City. The damage is estimated at \$6000, with insurance of \$5000. A Sumpter Valley freight car and contents was also burned. The blaze was seen in the Sumpter Valley half of the warehouse, but could not be stopped before the building was lost despite the fact that the entire city aided in the fight. An investigation of the cause is being made.

Early Decision Coming.

CHICAGO, June 28.—Federal Judge Landis intimated an early decision may be expected in the suit of the Federal league to have organized baseball declared a trust.

WOULD BE JUDGE

JERSEY CITY, N. J., June 28.—Jim Thorpe, who came here from the New York National League team, is doing fine work for George White with the Skeeters. Jim is one athlete who has shown considerable gray matter in not getting huffy and threatening to jump because he was sent back to the minors for more training. Early in the season the Indian announced that if he could not grab himself a regular position on the Gi-

ants he would prefer to play every day with some minor league team. Ho figures he has learned about all he can on the bench and that what he needs is the baseball experience that only comes from a regular job. Thorpe is apt to come back from the minors to the "big leagues" this fall a mighty valuable player, for he is one of the few men who realize their own weaknesses and one of the still rarer ones who is not too proud to publicly correct them.

Changing Glasses An Admission of Incompetency.
A normal eye can see distant objects as well at 60 or 70 as at 10 years. If your eye has been made normal with a "correct" glass, why should it be changed?
In Pendleton and vicinity we have five hundred patrons who are absolutely guaranteed that they will never have to have their glasses changed except for the reading distance.
We are here to make good.
Is it economy or good policy to buy glasses and eye testing that will answer the purpose for a few months or possibly three or four years?

TODAY! COSY THEATRE

"The Drug Terror"
OR THE UNDERWORLD EXPOSED.

Six acts of the most talked of and criticised play ever produced. You will see the truth of the drug traffic as Mrs. W. K. Vanderbilt saw it when beginning her campaign for its suppression. It shows how the "fiends" and white slavers work hand in hand. It shows you how children are given drugged candy to make future customers. See and learn the truth.

TODAY AND TOMORROW
MONDAY AND TUESDAY

Persons under 16 years of age will not be admitted unless by the expressed wish of their parents.

"Captain Courtesy"
A story of the Mexican occupation of California. A picture that, according to the popular verdict, is great and one that is sure to please. There are daring feats of horsemanship, such as climbing a steep and almost impassable hill and riding through a church window. The night scene at Kearney's camp, showing the soldiers around the camp-fires, is worth a special effort.
