RUSSIANS HOLDING STRONG POSITIONS IN EAST GALICIA

Slavs Entrench to Await Attack of Austro-German Forces in What May be Decisive Struggle.

TITANIC BATTLE IMPENDING

Line Running 30 Miles East and Northeast Lemberg Will be Scene of Next Engagement—Czar's Forces Are Prepared to Make a Last Desperate Stand.

BERLIN, June 28.—With ever increasing momentum the Austro-German drive is rolling back the Russians along every front in Galicia. New victories for Von Linsingen's forces on the frontier were reported in an official statement, while on the north the Germans are operating inside the Russian frontier. The left wing of Von Mackensen's army has crossed the Russian border and is attacking the Russians in the vicinity of Tomassoff.

PETROGRAD, June 28.—Along a great front of 100 miles the Russians are withdrawing to the east in Galicia upon the fortifications prepared before the evacuation of Lemberg. They are now prepared to make another stand before the advancing Austro-German armies. The next great battle is expected to be fought on a line running 30 miles east and northeast of Lemberg. The Russians are strongly entrenched and prepared for a titanic struggle.

It was officially announced the Russians are entrenched at a point near Husk on the Bug river and are preparing to make a stand on the west bank. Further south General Ivanoff's forces are steadily withdrawing east since the capture of Halicz and Zaravno by the Austro-Germans. The retreat is being covered by effective rear guard actions so close the junctions effected with the Bukowina armies and the northern armies about Lemberg.

GERMANY WILL BE HELD TO THE TREATY MADE IN 1828

PRIZE COURT PROCEEDINGS FOR STEAMSHIP FRYE ARE NOT ENOUGH.

WASHINGTON, June 29.—By agreement with the German foreign office, the state department made public the text of the note sent on June 24 by the United States, asking Germany to reconsider her refusal to settle by direct diplomatic negotiations instead of by prize court proceedings, the claim presented on behalf of the captain and owners of the American ship William P. Frye, sunk with her cargo of wheat by the commerce raider Prinz Eitel Friedrich. Ambassador Gerard cabled that he had delivered the note last Saturday afternoon.

The American government declares that, inasmuch as Germany has admitted liability for the sinking of the Frye, under treaty of 1828, prize court proceedings are unnecessary and not binding upon the United States.

Aside from the question of how the indemnity should be paid, the note brings out clearly the refusal of the United States to accept the contention that Germany has a right to stop the carrying of contraband by American ships "by the destruction of the contraband and the ship carrying it." While no mention of submarine warfare was made in either the last German note or the present reply, because of a belief that admission of it now might in the future be used as a justification for submarine attacks on American ships.

Chautauqua for Next Year Assured; 144 More Tickets Remain to be Subscribed

Pendleton's second annual chautauqua closed last evening but, before the splendid program of entertainment was concluded, assurance was given that the Chautauqua will be here again next year. A total of 456 season tickets were signed up for before the evening was over, more than 100 being pledged from the audience last evening. This leaves but 144 yet to be signed for to make up the 600 guarantee.

In addition 80 representative citizens last evening signed the guarantee which will insure the Ellison-White system from losing money on the third Chautauqua. Last year the company lost over \$100 in their initial Chautauqua, this year they broke even on the Chautauqua just concluded and next year they expect to make a profit.

During the short time allotted last evening for boosting the Chautauqua, there was enthusiastic expressions in favor of continuing the annual programs. Rev. C. A. Hodshire made a few remarks upon the value of the institution to the city and the audience concurred heartily. The response from those who had not already signed for tickets was liberal. Nels Darling, the "town doctor," proved to be the most popular attraction on the program this year, judging from the votes cast last evening. The audience was requested to register their first, second and third preferences and points were awarded in an inverse order, three for first choice

two for second and one for third. Darling was high with 155 points, the Swiss Yodlers second with 120 and the grand opera company third with 116. Ciricillo's band was given 95 points, the Schumann quintet 83, Bain 71, Zeiner 57, McCorry 29, Nichols 24, Evelyn Pargelt 23, the Floyds 21, the Saxony singers 16, Hillis 6, McDonald 3, the Golotta Trio 1 and Baker 1. The concluding program last evening consisted of a concert by the Swiss Alpine Yodlers and a demonstration of rapid cartoon work by Evelyn Bergelt. Both proved especially enjoyable. The yodlers are an organization of musical talent of high merit and the audience couldn't get enough of them. Miss Bergelt accompanied her drawings with recitations and scored a great hit both with her crayon and her declamatory powers.

Smith made a trip of inspection yesterday to his ranch near Helix and to the ranch northwest of town operated by Wryick & Sturgis. He found the wheat near Helix undamaged but on his other ranch at least three hundred acres of wheat is made worthless.

Liberty Bell to be Celebrated Here on July 12

MAYOR WILL IS TION ASKING OF B

July 12 is to be "Liberty Bell Day" in Pendleton and an effort will be made to celebrate the visit of the historic old relic in a fitting way. Mayor Dyer announced this morning that he will soon issue a proclamation asking that all business be suspended on that day after the hour of 4 or 4:30 and that other observance be made of the occasion.

The special commercial club committee, headed by J. F. Robinson, is sending out invitations over the county, asking all people to come to the city to see the bill which rang out the birth of independence in America. The Athens-Pilot Rock baseball game for the championship of the county has been scheduled for that day at Round-up park and this will prove an added attraction.

An effort will be made, too, to increase the time of the stay of the bell in Pendleton. The present schedule provides for a stop of 15 minutes in Pendleton but, in view of the fact that other cities making special preparations for receiving the bell have been allotted more time by the committee of Philadelphia citizens in charge of the special train, the local committee feels that like recognition will be given to Pendleton.

Anticipation of being attacked by a German submarine, work of drilling passengers for prompt action in case of disaster has begun as soon as the liner cleared New York. There were enough lifeboats for all aboard. The passengers and members of the crew participated in swinging out the boats and going to fixed stations upon the first warning of danger. Upon entering the Irish sea the passengers adjusted life belts and the small boats were swung into position and double lock-outs were maintained. NEW REVOLT WILL BE LAUNCHED SOON IN NORTH MEXICO

Developments Indicate That Former Followers of Federal Leaders Crossing Border in Numbers.

ATTACKS BEING AWAITED

Arrest of Two Ringleaders Said to Make no Difference in Plans for Outbreak—Situation in Mexico City Becoming Increasingly Serious It is Said.

WASHINGTON, June 29.—The launching of a new revolt of a most formidable character in northern Mexico appeared certain. The situation in Mexico City is becoming increasingly serious and with developments on the border and about the capital calling more and more upon the attention of the administration, the president's peace plans apparently are languishing.

Confidential reports from the border declared that professional gunmen, chiefly halfbreeds, former adherents of the federals, are crossing into Mexico in great numbers. They are proceeding to a rendezvous previously agreed upon, according to reports.

The arrest of Huerta and Orozco will not interfere with the plans arranged for the operations of the new revolutionary forces. It was said here the detention of the two alleged ringleaders will not prevent attacks being made upon Juarez and Chihuahua.

EL PASO, June 29.—Special agents of the department of justice are being assisted in the work of uncovering every detail of the new Mexican revolutionary plot by J. L. Camp, district attorney for west Texas. It is believed additional arrests will soon be made and that startling revelations of the extent of the plans of the revolutionary leaders are forthcoming.

Huerta declared today he had no intention of endeavoring to cross the border. He said he hoped to be released when a hearing is held Thursday so he could continue his journey to the San Francisco exposition.

It was generally accepted that former Mexican federal soldiers and others recruited by the new revolutionary faction are crossing the border every night and mobilizing at some point in northern Mexico. How this can be stopped is one of the problems confronting officials. In spite of the arrest of Huerta and Orozco an attack upon Juarez would not be entirely unexpected and considerable excitement continues to prevail there.
