## OREGON MARKET

TWO PHONES 600 AND 601 815 Main Street J. S. Rogers, Prop.

Mr. J. G. Edwards, Portland millionaire and former owner of the big Hay Creek sheep company of Central Oregon, is now visiting in Pendleton as the guest of his friend A. Phinlister Proctor.

Mr. and Mrs. Fred Searcy are to leave soon for Seaside upon an outing.

Mrs. Robert Jenkins, of Portland, left last evening for her home after spending the last month with her parents.

The beautiful Rice home on the north hill was the scene yesterday afternoon of a gathering of fashionably-gowned ladies who were attracted thither by the invitations of Mrs. G. M. Rice to meet her charming daughter-in-law, the bride of her son, Lyman G. Rice. Despite the excessive heat of the afternoon, the spacious rooms of the dwelling, redolent with the perfume of beautiful cut flowers, was thronged with matrons and maids from 2:30 until 5.

The guests were met at the door by Jimmy Rice and the two Mesdames Rice received them. Assisting the hostess in the living room were Mrs. James A. Fee, Mrs. Charles F. Coleworthy and Mrs. R. D. Sayres. In the dining room the refreshment table, at which coffee, cakes and ice-cream were served, was presided over by Mrs. Frank B. Hayes, Mrs. Willard Bond, Mrs. Aris C. Hampton, Mrs. James Johns, Jr., Mrs. Westbrook Dickson and Mrs. Merle R. Chessman. At the punch bowl Mrs. Will Moore and Mrs. Omer E. Smith alternated. Assisting in serving were the Misses Laura Jerald, Edith and Claire Raley, Mildred Berkeley, Helen and Mary Johns, Zella Thompson, Margaret Coleworthy and Pauline Rice.

During the evening a number of young couples were invited in and were entertained informally.

Mrs. Westbrook Dickson and little daughter, Mary Louise, left today for Portland and will later go on to the coast for a few weeks. Mr. Dickson will join them the first of August and they will sail for San Francisco. They will be guests during their stay in California of Mr. and Mrs. Newman L. Fitz Henry of Oakland, formerly of Eugene. Mrs. Fitz Henry was formerly Miss Eve Stinson, instructor of voice at the University of Oregon.

Miss Irene Shea left this morning for Portland to spend the summer with her sister, Mrs. Herschel Bond.

For the pleasure of her sister, Mrs. William J. Furnish of Portland, Mrs. F. W. Vincent Wednesday afternoon entertained three tables of bridge. After the play the guests were delighted with selections on the harp by Miss Celia Cunningham and violin numbers by Miss Margaret Phelps. Mrs. Vincent's guests included Mrs. Frederick E. Judd, Mrs. Gilbert W. Phelps, Mrs. Frank E. Boyden, Mrs. George Clark, Mrs. E. W. McComas, Mrs. Oliver P. Morton, Mrs. John F. Robinson, Mrs. Wilson E. Brock, Mrs. Thomas Thompson, Mrs. Charles A. Murphy, Mrs. Wilson D. McNary and Miss Neva Lane.

Mrs. Frederick E. Judd is presiding at a luncheon today.

Many Pendleton people will leave tomorrow evening by automobile for Bingham, Lehman and Hildway Springs to spend the Fourth of July week-end and many others will leave early Sunday for these resorts and for other picnic places over the country.

Miss Lois Crisswell has gone to Tacoma to spend a month with relatives.

### WORLD WIDE MOVEMENT FOR PEACE IS STARTED

DENVER, Colo., July 2.—A world-wide children's peace movement is being planned here today by an organized body of adult peace workers. The movement will be launched in each Sunday and public school of Denver and Colorado. When this state is thoroughly organized other states will be asked to join in the plan.

When the local organization is completed, probably some time in July, a children's peace day will be held at City Park, with thousands of children and their parents participating.

A pledge is to be taken by each child joining the movement. The pledge follows:

"I pledge myself to add my mite to world happiness by using my best endeavor to spread peace at all times and in every place—at home, at school, at work, at play—to be brave enough to stand the taunts of those ignorant ones who declare that 'Right is might, instead of 'Right is might.' I pledge myself further not

Sleeplessness. You can't sleep in the stillest night if your digestion is bad. Take Hood's Sarsaparilla—it strengthens the stomach and establishes that condition in which sleep regularly comes and is sweet and refreshing.—Adv.

### LIVE BABIES ARE PART OHIO SCHOOL COURSE

CANTON, O., July 2.—Real live babies have supplanted books in the course in the Canton schools, and the busy, crying variety of infants is being used daily in class room demonstrations of the course in "mother love."

The little mothers are told what caused tummy ache, and what to do for it, and they practice dressing the

babies with a view to learning that improper dress causes the hawks that make hubby pad the floor at night.

"This course is going to be a permanent feature of our school work," said Superintendent Baxter. "Next year, a regular high school course in baby care, for which credit will be given, will be inaugurated."

Miss Annette Greenough, school nurse, now teaches the classes in the ward buildings in district where the mothers are forced to leave their babies in the care of older daughters while they are at work. She says the mothers, assured their babies will get proper care, are glad to let them be used as text books.

Employment Agency for Teachers. ST. PAUL, Minn., July 2.—Minnesota today claims the most successful teachers' employment agency in the state. More than 1000 teachers have secured positions through the agency, according to a report today. The state supervises the bureau.

## Summer Foods as Cause of Dyspepsia

### EFFECT ON DIGESTIVE ORGANS RESPONSIBLE FOR MANY ILLS.

Summer should be the season of most perfect health but impure water and milk, unripe fruit and a tendency to over-indulge in acid foods and lead drinks results in a contrary condition in many people.

The effect of the average summer diet is to constipate even normally regular bowels, and disturb the digestion. This condition can best be corrected by the use of a mild laxative that has combined with it the elements of a digestive tonic. The combination of simple laxative herbs with pepsin that is sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin is gentle, yet positive in its action and brings relief in an easy, natural manner, without griping or other discomfort.

A dose of Dr. Caldwell's Syrup Pepsin on retiring each night will regulate the digestive organs and insure

healthy activity, irrespective of one's diet. A bottle of this splendid remedy should be in every household. It is not expensive and can be purchased for only fifty cents in drug stores everywhere. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ill.

## THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

Girl to Study Plants. PHILADELPHIA, July 1.—When Miss Margaretta W. Selser, daughter of Mr. and Mrs. W. A. Selser, of Jenkintown, is graduated from Wellesley College, she will begin to devote her life to the solution of a problem which has baffled science for years. She will endeavor to discover what atmospheric, soil and food conditions in plant life tend toward a steady secretion of nectar in such plants as clover and sage. Miss Selser's father is a widely known bee culturist. It is a peculiar function of these two plants to alternate under apparently the same conditions between a wealth and a dearth of nectar, as indicated by the honey bee. In desiring to learn the whyfore of that phenomena, Miss Selser, who specialized in chemistry, has a double motive. First if it were possible to make the plants

secrete an abundance of nectar all the time, the bees would be benefited. Miss Selser says her second reason is that it would make much better hay for horses, in that the sugar in clover is healthful and nourishing for livestock.

### Chicago's Mayor Favors Boxing.

CHICAGO, June 31.—The long cherished dream of Chicago sportdom—boxing—has 275 pounds of solid-muscled support in the person of William Hale Thompson, Chicago's new mayor. Himself a once famous athlete and lover of clean sports of kind, he makes no bones about stating his stand.

"I am for boxing, just the same as I am for anything that requires training and clean living," he said, when approached on the matter. "Boxing has been much abused, some of it deserved and some not, but at the bottom, the game is a fine one. I used to box after a fashion, and I must confess I still like to see a pair of good, clean boys in a lively tilt.

"Of course, the game must be regulated. I think the laws governing it in New York and Wisconsin excellent and am much in favor of a similar one for Illinois.

game were allowed here, under proper regulation. "Don't think for a minute that I stand for the 'low-brow' element of boxing, but boxing conducted in a clean manner is one of the grandest sports in the world and I'm for it."

### Irrigation System Ready.

LAKEVIEW, July 1.—After being under way for six years, the system of the Goose Lake Valley Irrigation company is now completed, with the exception of running a few laterals, and water is now ready for 50,000 acres of land in Lake county, Oregon, and Modoc county, California. Irrigation and intensive farming are making a garden out of the valley, which is partly in two states. The project covers an irregular valley about 10 miles wide by 12 miles long. It ex-

tends along the west shore of Goose Lake, which is about 10 miles wide, and extends across the California line. The reservoir which is 20 miles in circumference, will hold enough water to irrigate the entire project for two years without being replenished. It is filled by water from Drexel's creek, fed by springs and melted snow. The valley has been transformed into a great lake by the construction of dams.

### Minnesota's Settlers Land.

DEMIDJI, Minn., July 1.—In 1917 there will not be a single acre of northern Minnesota land available to the settler, state land officers said here today. There are now over 1,000,000 acres of land available. At a recent delinquent tax sale there was a demand for at least 40,000 acres although there were only 275,000 claims available. Drainage and boosting by the state department of immigration are believed to be the cause for the heavy demand.

### Score Are Indicted.

FORT SMITH, Ark., July 1.—More than a score of names were included in the new secret indictment returned by the federal grand jury in the alleged \$20,000,000 "moonshine" internal revenue fraud case. New names are included.
