LIVERPOOL, July 8.—The liner Adriatic was due to dock this afternoon. ### CITIZENS SAID TO HAVE HELPED PRISONER ESCAPE

**MILTON FARMER ARRESTED ON STATUTORY CHARGE HELPED OUT OF JAIL.**

That W. J. Martin, the Milton farmer arrested on a statutory charge against a 17 year old girl, was assisted in his escape from jail by citizens of the community is the theory held by some of the officials of the east end and indications point in that direction. District Attorney Selwer stated that he had received advices to this effect today and that he would make an investigation and prosecute if the evidence warrants.

Martin was lodged in the Milton jail and the manner of his escape makes it certain that he had plenty of help. He went to his home afterwards, secured a horse and drove away.

The case against Martin was an aggravated one. From the story told by the girl, she was induced to go to Martin's home to stay all night with his daughter. Her mother consented but when she arrived there, the daughter was gone. Martin made overtures to her and, it is said, attacked her. She broke away and running out upon the road leaped into a passing buggy in which two women and a baby were riding. Martin followed and tried to drag the girl out. The woman assisted her and a tug of war ensued. Martin finally pulled the girl, one of the women and the baby on to the road, separated the girl from the woman and hurried her away. Reports are that he offered her no further violence, but sought to pacify her.

The women in the buggy reported the matter to the officers and the girl filed the information. The girl lives in the Ferndale neighborhood.

**Plans Made for Bell.**

Plans for giving Pendleton and Umatilla county every opportunity of viewing the Liberty Bell closely Monday have been made by the O.-W. R. & N. Co. Agent T. F. O'Brien announced this afternoon that the gondola car bearing the bell will be parked in front of the freight house on the short coach track next to the main line. A platform will be built north of the track and steps leading from both ends will permit the crowd to pass along in a continuous stream on the same level as the bell. On the south side of the short coach track a flat car will be spotted on the main line and steps will lead up to it so that it can also be used as a platform. This arrangement will enable the crowd to view the bell from both sides. The steps will be made wide enough to accommodate four abreast.

**Wife False and Cruel, He Alleges.**

Alleging that his wife, Minerva Metzker, has treated him cruelly since July, 1914, has refused to live with him and has transferred her affections to another man, J. H. Metzker today brought suit for a divorce and for the custody of their daughters, aged 19 and 11. The couple were married in Pendleton in July, 1903. In July, 1914, the plaintiff alleges he was very ill at Pilot Rock and at this time his wife notified him that she cared more for another man and would not live with him any longer. She caused him to move her and the daughters to Pendleton, he complains, and prejudiced the children against him. He names Robert Wyatt as co-respondent. Raley & Raley are his attorneys.

### Chautauqua Workers to Meet Friday Eve to Select Trustees

**COMMITTEE OF 21 ASKED TO ATTEND; ALSO ALL WHO BUY TICKETS OR SIGN GUARANTEE.**

Owing to the fact a number of the leading workers were not in attendance last night owing to the brief notice given of the meeting the Chautauqua association after adopting by-laws took an adjournment until Friday evening. At that time the organization will be perfected and officers chosen for the year.

Members of the committee of 21 appointed during the recent Chautauqua are asked to attend tomorrow night and the meeting will also be open to all who have subscribed for tickets or have signed the Chautauqua guarantee.

Under the by-laws adopted the organization will be county wide, having 14 vice presidents from the different towns of the county. There will be a board of trustees consisting of 21 persons. The method of selecting the trustees will be decided tomorrow night. The election of officers rests with the trustees.

Judge S. A. Lowell, temporary chairman, presided last night with J. C. Woodworth acting as secretary.

Owing to the importance of the Chautauqua as a community attraction and the desirability of placing it upon a successful and self-sustaining basis all who are interested are asked to attend the meeting tomorrow. It will be held in the rooms of the Commercial Club.

Blanket indictments, it is believed, have been placed on the secret file pending the rounding up of the defendants.
