Owing to the shortness of the time after the receipt of the message from the Liberty Bell special asking that cowboys and Indians be at the train last evening, the Round-up directors were unable to accommodate the visitors. ### TEUTON SMASH AGAINST THE FRENCH LINES HAS FAILED

#### ATTEMPT TO BLOW ENEMY OUT OF LABYRINTH REGION ENDS IN REPULSE.

PARIS, July 12.—Directing a frightful fire of heavy explosives against their positions, the Germans attempted to blow the French forces out of the "Labyrinth" region last night, the war office announced. The attempt failed and preceded by a hail of asphyxiating bombs, the enemy delivered a general onslaught against the French positions. This also was repulsed when, caught under a cross-fire of shells and gas bombs, heavy losses were inflicted upon the Germans. Although heavy attacks were made in the forest of Apemont by the enemy, the bloodiest fighting in the entire front was reported in the "Labyrinth." Hand to hand combats in the underground passages were continual. The attempts of the enemy to force the passage were repulsed.

### INVESTIGATION WILL BE MADE INTO THE NEBRASKAN

#### GERMANS WILL CONDUCT INQUIRY INTO EXPLOSION ON VESSEL.

BERLIN, July 12.—In a note handed to Ambassador Gerard by the foreign office Germany gave assurance a full investigation will be made as to the explosion which damaged the American ship Nebraska on May 1. It shows the Nebraska was torpedoed by a submarine, full compensation will be made, the note said. The Nebraska was badly damaged by an explosion while in British waters but was able to make port.

NEW YORK, July 12.—No official protest was ever made to Germany regarding the explosion which damaged the steamer Nebraska, as the impression here has been the vessel positively struck a mine. The note handed Gerard in Berlin is in response to a request from Washington for such information as the German authorities might have to give.

### ROCKEFELLER JR WILL BE FORCED TO ANSWER QUERY

#### RESOLUTION IN CONGRESS TO COMPEL ANSWERS TO BE INTRODUCED.

CHICAGO, July 12.—Representative Frank Buchanan declared he would introduce a resolution at the next session of congress to compel Rockefeller, Jr., to answer questions of the federal commission on industrial relations or be jailed for contempt. "The Rockefellers should be marked with the stamp of a criminal," said Buchanan. "They have violated many statutes. Other violators are in penitentiaries. Why let the Rockefellers go free and do as they please?"

**Blast Opens Big Tunnel.**  
HOOD RIVER, Ore., July 12.—First daylight was let through the Mitchell's Point tunnel when a crew of the Standifer-Clarkson company discharged a blast. Before the end of the week the big tunnel will have been completed.

The men are rushing to completion the 250-foot concrete viaduct that will connect the west approach at Mitchell's Point with the tunnel and make the passage around the difficult point open for traffic.

**Indignation Kills Girl.**  
TEXARKANA, Ark., July 12.—Search all over the southwest was begun for Clarence Haynes, a young man of Queen City, Tex., 30 miles south of here, who is wanted in connection with the death of Miss Mary Whitebone, 21 years old, who died mysteriously June 23.

Miss Whitebone, who comes from a respectable family of Queen City, went riding in a buggy with Haynes the day before her death. A couple of hours later they returned and Haynes left Miss Whitebone at the gate of her home, and, it is alleged, drove hastily away. Miss Haynes went into the house and began to moan and weep. Later she developed convulsions and died. Physicians who were called to the Whitebone home attributed her death to nervous shock.

**Wildcats Hold Up Train.**  
LEWISTON, Pa., July 12.—Traffic was suspended on the main line of the Pennsylvania railroad for a full hour near Millertown the other morning when a fast freight train was held up by wildcats.

Locomotive No. 2427, with a strain of dressed beef, parried at a defective coupler while passing through the rugged mountains of the Millertown Narrows, and Conductor "Jack" Weaver of Harrisburg, hurried forward from the caboose only to find the situation in charge of an old bobcat and her two half-grown kittens.

The cats, evidently attracted by the scent of fresh meat, were making night hideous with their howls in an effort to attract their mate.

Weaver took refuge on top of a boxcar, where he remained until liberated by brakeman H. A. Hohen-shelt and E. S. Eckelberger, who drove the cats back into the woods with stones and clubs.

Curley Sowers, a trackwalker, encountered the same cats later and scared them from the right tracks when he held his lantern in front of his face like a headlight and ran at them, making a noise like a locomotive.

GLADYS SYKES GREINER OVER WHOM HUSBAND IS SUING FOR \$50,000

CHICAGO, July 12.—Arthur W. Greiner has started suit against Thomas H. Miller, former member of the Board of Trade, for \$50,000 for the alienation of the affections of his wife, Mrs. Gladys Madolin Sykes Greiner.

Miller is believed to be in California with his wife. His attorneys refuse to comment on the suit, merely asserting their client does not know Mrs. Greiner.

The plaintiff's chief witness, who asserts he introduced Mrs. Greiner to Miller, has made an affidavit telling of the doings of the couple on the evening they met, when he was with them.

Smrz's present employer was in court ready to testify to his good conduct since being in the parole of the state. According to Government officials, this is the seventh continuance granted to Smrz by Judge Carpenter. Smrz conducted the Industrial Savings Bank of Argo, the Post-office at Argo and a number of other ventures, including a construction company.

**Allies Gain on Gallipoli.**  
ATHENS, July 12.—The allies effected a 200 yard gain on the Gallipoli peninsula after violent fighting, according to dispatches from Mitylene. A terrific bombardment of the Turkish forts in the interior also was being maintained.

A virile, potent war play, featuring HOWARD ESTABROOK, the distinguished legitimate actor. A story essentially of action and excitement, but with a tender strain of romance through it all. The life of a man who goes to all lengths to rid himself of the stigma of cowardice, carried to maturity from sensitive youth, when he was frightened by tales of horror told by survivors of atrocities in the Crimea. The battle scenes are thrilling and some of the desert settings are particularly interesting.

**HEADACHE**  
A very large per cent of temporal, frontal and sick headaches are entirely due to eyestrain. In these cases proper fitting glasses will always give entire relief. In many other cases there may be a number of underlying conditions at work to cause a headache, eyestrain of any kind if present may be a dominant factor in exciting the attack or aggravating it, and the relief of this strain with glasses will always exert a most favorable influence. Every sufferer from headache should have the eyes thoroughly examined, and when there is any eyestrain proper glasses should be worn.

**IF YOU HAVE FREQUENT HEADACHES WHICH MEDICINES DO NOT CURE;** if you see distant objects more (or less) clearly, or need to hold printed matter nearer to or further from the eyes than formerly; or need more light. If you have observed any of these things, your sight needs the aid of correctly adopted glasses to assist as well as preserve it.

Accurately fitted glasses are only possible when the sight has been scientifically tested. We have every facility for doing this and exercise the greatest care so that you may receive the utmost benefit from wearing glasses. A thorough examination and explanation of your condition will cost you nothing.

### Today! "The War O' Dreams" Today!

Selig Wartime Masterpiece, with Bessie Eyton, Edwin Wallock and Lillie Haywood. A strong, convincing argument against the destruction of human lives wrought by modern warfare is contained in this interesting photoplay. The story is about the discovery of "Trixite" a powerful explosive. The inventor dreams of the havoc caused by his invention and when he awakens he destroys it. A beautiful love story is woven in the plot.

VITAGRAPH PRESENTS "HUNTING A HUSBAND" With Alfred Vosburg, Jack Mower and Jane Movak. A laughable comedy. Love is blind and Jud's is an exaggerated case of obscure vision. In hunting a husband for the girl he himself is the lucky fellow. ADMISSION: ADULTS 10c. CHILDREN 5c
