British Flyers Score Hits. AMSTERDAM, July 16.—British aviators have destroyed an ammunition depot near Rollegen Capello according to advices received here. Seven bombs also were dropped upon a casino at Mentin, killing several officers.

WILL NOW HAVE CHANCE TO ENTERTAIN IN JAIL

CLEVELAND, O., July 14.—James K. Hackett, not THE Municipal Judge McCannan, on a charge of begging. "Are you an actor?" asked the judge. "I am no relative of the actor Hackett," answered the prisoner. "But sometimes I do a Charley Chaplin stunt to get a few cents." "Costs and 30 days," announced the judge, "we need a good entertainer at the prison farm."

Deafness Cannot Be Cured

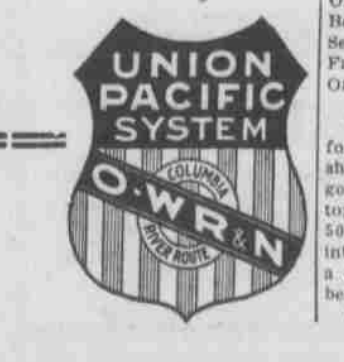

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; else comes out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists. Take Hall's Family Pills for constipation.

NORTH BEACH "Pride of the Pacific"

is the place to forget summer's heat and dust, also The Cares and Worries of The Day—to enjoy life at its best, down by the sea where ocean breezes blow.

Reached only via the OREGON-WASHINGTON RAILROAD & NAVIGATION CO.

Tickets on sale daily at low fares for the round trip Ask T. F. O'BRIEN, Agent, Pendleton.

CROP CONDITION BULLISH FACTOR AMONG CEREALS

(Friday's Market.)

PORTLAND, Ore.—Crop conditions throughout the world acted generally today as bullish price factors in the general trade. While little business is resulting in the Pacific northwest, there was a good advance early at Chicago, although Liverpool was mixed with the market 1d lower to 1-2d higher.

Some small purchases of wheat are reported at interior Pacific northwest points at somewhat better basis prices than are being quoted here, but the volume is almost too small to consider. Those with early ships to fill are naturally anxious to secure their requirements and for that reason are playing more than others with ships coming at a deferred date.

With the easier feeling in the price of charters more hope is now being expressed for the future of the wheat price, especially as European interests are showing much more inclination to take hold of American offerings.

Naturally crop conditions have the chief bearing upon the market and price of wheat at world's centers at this time, therefore the following special cable from Broomhall is of very much interest here: United Kingdom—Dryness continues and fears are expressed as to the yield of wheat. Country reserves are light and prices are strongly maintained.

India—Holders continue reserved and shipments made with great difficulty owing to lighter port arrivals and scarcity of tonnage. Shipments this week expected to be 1,400,000 bushels.

Argentina—Freights have declined two shillings six pence since Tuesday, but the situation is acute and with present clearness, it is believed freights will again advance sharply. Showers in the north are favorable for wheat.

Flour—Selling prices Patent, \$5.50; Willamette valley, \$5.80; local straight \$5.20; bakers' local, \$5.80; Montana spring wheat, \$5.60; export, \$4.50; whole wheat, \$5.30; graham, \$5.25 per barrel.

Hay—Buying price: Willamette valley (timothy), fancy, \$13; eastern Oregon-fancy (timothy), \$16; alfalfa, \$13@13.50; vetch and oats, \$11; clover \$8@9 per ton.

Grain Sacks—1915, nominal; No. 1 Calcutta, \$1-2@9c.

Milletstuffs—Selling price: Bran, \$22@27.50; shorts, \$28@29.

Rolls Harley—Selling price, \$25.50@26.00.

Corn—White, \$35.00@35.50; cracked, \$36.00@37.00.

Actual business passed in the Portland grain trade today on the Merchants Exchange with the sale of 20,000 bushels of September fortyfold, one lot of 5000 bushels going at 98c and another lot of 15,000 bushels at 96c. Aside from this the market was a nominal affair, there being no ask prices for spot except for bluestem which was 15c above the bid. Red Russian bids were down 5c, but this really meant nothing as there was none offering.

Spot oats bids were advanced 50c a ton on the exchange today with no sales while spot barley bids were up \$2 a ton, indicating that the latter market was entirely too low.

HOGS ADVANCE NICKEL HIGHER

(Courtesy Friday's Journal.) PORTLAND, Ore.—One very fancy load of hogs from the interior stretched the price a nickel today at North Portland with a sale at \$7.45. While the general market was considered unchanged for the average offerings, good quality is usually worth the small premium paid.

Only three loads came in from the interior, with a similar amount from The Dalles.

At Chicago the early market showed an advance of 50c for hogs with a better trade feeling.

Kansas City early trade was up a dime over yesterday.

Omaha was up 10@15c early for swine, with an improved demand.

General hog market range: Best light, \$7.40@7.45; Medium light, 7.25@7.30; Good to heavy, 7.00@7.15; Rough to heavy, 6.00@6.50.

Few Cattle Coming. Only a handful of cattle came forward to North Portland over night. With recent receipts rather light, there has not been much movement in the market. If this condition continues for awhile it will give killers a chance to clean up their present surplus and perhaps be a direct aid to the market later.

At Chicago there was a steady tone early for cattle.

Kansas City showed a similar tone with limited offerings.

Omaha's early cattle market was slow and weak.

PILOT OF TOURING CARS, AND WESTERN PORTION OF THE ROUTE

Under the auspices of the National Highway Association the National Old Trails Road Association, and the Automobile Club of Southern California, A. L. Westgard, vice president of the first named organization will pilot a fleet of seven passenger touring cars across the country to the Pacific coast exhibitions at San Diego and San Francisco. Cars and delegations will be picked up enroute. The trail strikes south from Denver, traversing Raton Pass, New Mexico, continues through Arizona to the Petrified Forest and the Grand Canyon, thence on to California, with a spur to San Diego, and a stop at Los Angeles before finishing up at the Golden Gate.

RECORD OF DEEDS AND OTHER INSTRUMENTS

Patent. Mark H. Myers, 60 acres in sec. 22, T. 6 N., R. 31 E., W. M. Deed. T. D. Taylor, sheriff, to Peter L. Van Ordeale, \$6881. A tract of land, title descriptive. Quit Claim Deed. J. A. Rust to Umattila county, a road right of way. Macy A. Gorden to Willis E. Gorden, \$10, E 1-2 of SW 1-4 of sec. 39, T. 6 N., R. 35 E., W. M. A. W. Purdy to Andrew McMillan, \$10 40 acres, title descriptive. Asphal-Base Oils Make Best Lubricants. Lieutenant G. S. Bryan, of the naval engineering experiment station, Annapolis, Maryland, in a paper published in the Journal of the American Society of Naval Engineers for February, 1915, says: "Oils made from asphalt-base crudes have shown themselves to be much better adapted to motor cylinders, as far as their carbon-forming

morning at Omaha, but lambs were again weaker with a loss of 10@15c in the price. Chicago mutton trade was strong with fractional advances early in the day. Early morning trade at Kansas City was steady. General short mutton market: Choice spring lambs, \$6.50@6.55; Common spring lambs, 5.57@6.25; Choice yearling wethers, 5.25; Good yearlings, 5.00@5.10; Old wethers, 4.75@4.80; Choice light ewes, 4.50@4.75; Good ewes, 4.25; Common heavy ewes, 4.00. Hogs—Hutchinson & Southernland, Union Junction, 1 load; Grover Bros., Ontario, 2 loads; C. P. Ketchum, The Dalles, 2 loads.

"GIRL" OF THE SAN FRANCISCO FAIR

Miss Audrey Munson is the "girl" woman was posed for by Miss Munson and her profile was used by the artist who drew the design for the official coin accepted in honor of the exposition.

Cook With Gas and be Cool Clean and Comfortable Are You Using It? One of the characteristics of the latter two series as compared with the paraffine series is their tendency to distill without decomposition. Consequently, no gum will be formed on the cylinder walls, and the carbon liberated will be mostly discharged with the exhaust gases.
