

The East Oregonian has the largest paid circulation of any paper in Oregon, east of Portland, and over twice the circulation in Pendleton as any other newspaper.

Forecast for Eastern Oregon by the United States Weather Observer at Portland.

Fair tonight and Wednesday; continued warm.

JEALOUS HUSBAND KEPT WIFE LOCKED UP FOR FOUR YEARS

Woman and Child Had Not Seen Light of Day During That Time; Child Two Years Old.

FINALLY RESCUED BY POLICE

New York Clearmaker Jealous of Wife's Former Lover in Italy Takes Inhuman Methods of Guarding Her—Sealed Doors and Windows Each Day.

NEW YORK, July 20.—Having scarcely seen the light of day in four years, Mrs. Theresa Planeta is being cared for at the Florence Crittenton home after being rescued with her two-year-old child from a three-room tenement flat where her husband held her prisoner. Four years ago Joseph Planeta, the husband, a prosperous cigar-maker, found the photograph of his wife's former sweetheart whom she had known in Italy. He became jealous and since that time has taken her from the squalid flat only six times. These trips were made at night. When he left each morning for work Planeta sealed the doors and windows of his wife's prison. If the wax was broken when he came home he beat her terribly and denied her food for days. An overpowering fear prevented Mrs. Planeta from appealing for aid. Two years ago the child was born. No physician was summoned. Neither did the arrival of the child soften Planeta in his determination to keep his wife confined in the sealed flat. When rescued the child had never seen daylight except through unshaded windows. Both mother and child are serious. The father was arrested after the police rescued them.

STATE DEPARTMENT IS INVESTIGATING ATTACK MADE UPON THE ORDUNA

AMERICAN PASSENGER CALLS DEPARTMENT'S NOTICE TO SUBMARINE ATTACK.

WASHINGTON, July 20.—The state department today began an investigation of the attack of the liner Orduna by a submarine during a voyage from Liverpool. The treasury department is asked to obtain through customs officials affidavits from the passengers and crew and such other information as is available. The action was taken following receipt of a letter from W. O. Thompson of Chicago, telling of the shelling of the Orduna. Thompson was one of twenty-one American passengers aboard. Thompson did not claim to have personal knowledge of the attack but said shots presumably from the submarine awakened him.

Russian Bark Torpedoed. LONDON, July 20.—The Russian steel bark Marlon Lightbody, en route to England from Varna, was sunk by a submarine off the coast of Ireland. The crew was saved and landed. The bark was a vessel of 2716 tons.

ITALIAN CRUISERS RAN UPON UNEXPECTED FOE

ROME, July 20.—An Italian cruiser squadron comprising the Varese, Francesco Ferruccio, Giuseppe Garibaldi and the Wettor Pizani, proceeded at an early hour Sunday morning to Catara, an Austrian seaport in Dalmatia and opened fire. During the course of the operations the Italian commander discovered that a number of Austrian battleships had taken refuge in the harbor. These, although not of modern type, would have been able effectively to face the somewhat slower Italian squadron, hence the Italian cruisers retired.

As the cruisers were withdrawing, Austrian submarines were sent out to attack them. According to the official report, the Giuseppe Garibaldi was able to avoid the first attack, but in a few minutes later was struck by a torpedo and sunk. The crew jumped into the sea and the majority of them were saved. The official statement of the incident follows: "At dawn, July 18, a division of our old armored cruisers approached Catara and bombarded and seriously damaged the railway nearby. "While our vessels were retiring, they were attacked by enemy submarines and the cruiser Giuseppe Garibaldi, after having avoided the first attack, was struck by a torpedo and sunk. The crew remained calm and nearly all were saved."

CONQUEROR OF MEXICO CITY, AND DEFEATED LEADER

Mexico City has been taken again in a battle which lasted several days between the Carranza and Zapata factions. General Gonzalez marched into the city Monday, according to dispatches he had sent out. The Zapata troops evacuated Friday. General Zapata, who, until he took Mexico City, was rated as a bandit, and his troops were in possession of the capital for many months. General Villa left it to them when he moved north. Stories of the evacuation say the Zapata officers looted the banks and private houses as they left.

SOUTH WALES COAL STRIKE SETTLED BY LLOYD GEORGE

CARDIFF, July 20.—The strike of the miners in the South Wales coalfields is settled, it is announced. The strike leaders stated satisfactory terms were agreed upon following a conference with Lloyd-George and other governmental representatives, who conferred with the operators. The terms of settlement are not made public. It is understood the leaders are confident the men will ratify the agreement, however, so that work may soon be resumed in the mines. The settlement of the strike is a personal triumph for Lloyd-George who came from London believing he could bring about an agreement.

ENGLAND VOTES ADOPTER THREE FOURTHS BILLION

LONDON, July 20.—Premier Asquith moved for a vote of credit of seven hundred fifty million dollars in war funds in the commons. This raises England's total war appropriation to more than three billion.

Thaw at Home. PITTSBURGH, July 20.—Thaw spent today quietly at home with his mother. Only the closest friends called. This afternoon he plans to take an automobile trip through the scenes of his boyhood days.

Worked on Prospect Ranch; Owns Two Nebraska Banks

Thirty-three years ago H. A. Redman was working on the old Prospect ranch between Pendleton and Echo for Major Lee Moorhouse. Today he is back in Pendleton visiting his old time friends here. Since he left this country for the east he has risen in the world and is now president of the two banks in Doniphan, Nebraska. This is Mr. Redman's second visit in Pendleton since 1882, having stopped off here in 1905 while en route to the Lewis & Clark fair. This time it is the Panama-Pacific fair that drew him westward. He stopped in Haines for a visit with a married daughter and joined another daughter, Miss Bertha Redman, on No. 17 today. Naturally Mr. Redman notes many changes in Pendleton and vicinity since the time he was here in the early days. He also notes a difference between the Pendleton of today and other small cities which he has visited. "Pendleton's business people seem characterized by an energy and push that is lacking in the other small cities I have visited. It's the liveliest little city I have seen in my travels." While here he and Major Moorhouse spent most of their time in reminiscing, and many were the yarns they sprang on each other. "I used to have a good deal of conceit about my running ability," said the banker, "and challenged Lee to a footrace. I hate to tell how badly he beat me, but I don't believe he can turn the trick now."

Walkout Today At Remington Munition Plant

BRIDGEPORT, Conn., July 20.—Six hundred machinists and bricklayers walked out of the Remington Arms and Ammunition plant at noon. There is no disorder, union leaders declared the walkout is the beginning of a strike which will tie up the Remington plants and the plants of all sub-contractors within a week. Vast quantities of war munitions for the allies are being manufactured by the Remington company. Machinists of four subsidiary Remington plants have also struck. Pickets are posted. J. J. Keppler, vice president of the machinists' union and John A. Huston, vice president of the structural ironworkers, are in charge of the strike. Following the machinists, the die sinkers, dropforgers and toolmakers of the Remington shops will strike according to Keppler.

FRENCH AEROPLANES IN SUCCESSFUL ATTACK ON GERMAN RAILWAY JUNCTION

EFFORT WAS TO CUT COMMUNICATIONS FOR THE ARMY OF THE CROWN PRINCE. PARIS, July 20.—Six French aeroplanes showered the railway station at Colmar with bombs, the war office announced. Four airmen attacked the railway junction at Schallerange, hurling a number of bombs from position. The object of the attack was to wreck communications with the army of the crown prince. The aviators reported they were confident heavy damage was done.

INFECTION THREATENS LIFE OF LEO M. FRANK

COMPLICATIONS FOLLOW—THE WOUNDING OF PRISONER; GREEN NOT REMORSEFUL. MILLEDGEVILLE, Ga., July 20.—Serious infection of the wound in Frank's neck has set in. His temperature rose materially. Despite the discovery of the infection the attending physicians are still hopeful. Frank's temperature yesterday was announced at 101.8. His circulation was 100 and his respiration 26. Earlier his temperature was 102.4. Green, questioned further by press officials said he believed that he had been called "from on high to kill Frank," whose death sentence for Mary Phagan's murder recently was commuted by Gov. Slaton, now retired. He indicated no remorse for what he had done. "I only wish that I had more strength," Green said. "I think I have done my duty in this matter as well as my strength allowed. I believe that God has helped me. I don't think that I ever did a wrong in my life." Green, although he weighs 155 pounds, is partly paralyzed in his left arm. The physicians believe that this probably saved Frank's life, as Green was unable to seize his victim while he used the knife.

SONS OF REVOLUTION AFTER DR. P.P. CLAXTON

PORTLAND, July 20.—A resolution demanding the removal of P. P. Claxton as United States commissioner of education for alleged utterances derogatory to the flag and protesting against the further printing of publications of the American School Peace League at the expense of the government was unanimously passed by the National Society Sons of the American Revolution. The offending remarks were made in a speech at Boston in 1910 it is alleged.

101 Today; Hottest Day of the Season

The highest hot mark of the summer was recorded today when the mercury passed the 100 point and crawled up to 101. During the June hot spell the highest registration was 100. The official thermometer here yesterday registered a maximum of 94 so that today is seven degrees hotter than yesterday. The hot weather will have the result of sending many local people scurrying to the mountains and coast. The cool weather of the past two weeks has kept many people at home much later in the summer than is customary. The hot sun will have a helpful effect upon the grain, according to farmers, as it will ripen the heads which are now still a little green.

KAISER HAS GREAT PLAN AGAINST FOE IN EAST AND WEST

Daring Tactics Outrivals Alexander the Great; Would Crush Russians and Then France.

WARSAW MAY BE EVACUATED

Pessimism Prevades England Over Victories of Germans Over Russian Forces—Russians Unable to Rally After Defeat on San.

LONDON, July 20.—The most stupendous campaign since the time of Alexander the great threatens Warsaw and contemplates the envelopment of the chief Russian field armies. The war office announcements from Berlin and Petrograd revealed the vast extent of the German operations on the eastern front. Military critics are amazed. The daring stroke of the Kaiser, a coup to release the great eastern armies for operations against the allies in France and Flanders amazed England. It is evident the Kaiser is making a daring attempt to capture Riga and Warsaw simultaneously. Going hand in hand with this stroke of maintaining two strong offensives at such widely separated points field operations are being carried out in such a manner as to endeavor to envelop the great Russian armies of central Poland or force their retirement to Brest-Litovsk, one hundred and fifteen miles to the east. Extreme pessimism prevails in London. Military critics are able to see little hope of the Russians recovering from the utter collapse which followed the retreat from the San. The German armies of the east are apparently being supplied with unlimited supplies of ammunition.

WANT \$5000 DAMAGES FOR INJURY OF BOY BY AUTO

CASE FROM PILOT ROCK SIMILAR TO TWITCHELL-THOMPSON CASE. Another damage suit similar to the Twitchell-Thompson case was filed today with Ray Scott, the 11-year-old son of Clyde H. Scott of this city as plaintiff and Arthur Haskell, a farmer living nine miles above Pilot Rock as the defendant. Damages in the sum of \$5000 is asked by the plaintiff for alleged injuries sustained when he was struck by Haskell's auto last fall.

The father of the boy appears in the case as guardian ad litem of his son and alleges that the boy will be deaf for life and will suffer great physical and mental pain and agony as the result of the accident. He alleges that on September 22, 1914, Haskell was driving his car up Mastwood street at a dangerous rate of speed, greatly in excess of 15 miles an hour. The boy, with other children of the Lincoln school, was playing around an old truck on the right hand side of the street when the auto approached. Plaintiff alleges that defendant did not slow up his car as he approached the children though he must have known there was danger. The boy was struck by the car and knocked violently to the pavement, it is charged, the blow rendering him unconscious breaking his ear-drum and doing other injuries. For this he asks \$5000 and costs. Fee & Fee are his attorneys.

Ex-Police Lieut. Doomed to Die

GOVERNOR WHITMAN. Former Lieutenant Becker of the New York police department is doomed to die this month at the expiration of the reprieve granted him by Governor Whitman. The governor has already announced that he will interfere no further in the law's course. Becker was convicted of the murder of Herman Rosenthal.

Former Lieutenant Becker of the New York police department is doomed to die this month at the expiration of the reprieve granted him by Governor Whitman.

CABINET MEETING MOST IMPORTANT SINCE CIVIL WAR

Ordnance Case Upsets Theory Germany Was Following Our Request in Practice.

RIGHTS TO BE REITERATED

Final Draft of Note to Kaiser Will be Considered by Cabinet Friday—Members of Cabinet Mmm Regarding Exact Nature of Coming Reply.

WASHINGTON, July 20.—In the most important cabinet meeting since the civil war, the president and his advisors have determined the future course of the United States toward Germany. The gravity of the situation was evident by the serious mien of the various members as they left the conference. Prior to the cabinet meeting Lansing went to the White House and was closeted with the president in private conference an hour. While preparing America's reiteration of her demands that the rights of Americans upon the seas be respected, Lansing began an investigation of the attack on the liner Orduna. It has been believed that while Germany has withheld compliance with the first demands made by the government, following the sinking of the Lusitania, they were being observed in practice in that passenger carrying ships were not to be attacked without warning. The selling of the Orduna has consequently upset all theories in this respect. Members of the cabinet refused to discuss the situation following the meeting and beyond saying the new note was in course of preparation Lansing would say nothing. It is understood the views of the president and Lansing for a firm reiteration of the original demands upon Germany are endorsed unanimously by the cabinet. Lansing will draw up the formal final draft in accordance with suggestions which were made to the cabinet and it will be submitted for final approval Friday.

MEXICO PROBLEM AGAIN CONSIDERED BY CABINET

IMPENDING BATTLE FOR CONTROL OF MEXICO CITY CAUSES OFFICIAL PESSIMISM.

WASHINGTON, July 20.—Mexico was again a subject of consideration during a portion of the cabinet meeting today. The evacuation of Mexico City by General Gonzalez in order to engage the Villistas and Zapatistas advancing upon the city from the north is regarded as the greatest menace to the inhabitants. Both Villistas and Carranzistas are massing north of Mexico City for what may be a decisive battle. Deep pessimism prevailed in official circles as a result of the sudden turn of events in Mexico.

Germans Buy Retindeer

CHRISTIANIA, July 20.—A syndicate of Norwegians has accepted a commission from the German meat trade to furnish 10,000 reindeer which are to be delivered alive in Berlin during the summer and fall for slaughter there. An experimental shipment has been made, and proved entirely satisfactory to the Berlin butchers.

Drop of Three Cts In July at Chicago

TACOMA QUOTATIONS FOR CLUB WHEAT 13 CENTS ABOVE PORTLAND BID PRICE.

CHICAGO, July 20.—(Special)—At the close today July wheat stood several cents under yesterday's market. The quotations are, July 11-14, 84¢, Sept. 11.96, Dec. 11.00 1-2.

Portland. PORTLAND, Ore., July 20.—(Special)—Portland bid prices today stand, club 13 cents, blast-stem 32 cents.

Tacoma. (Yesterday's Market.) TACOMA, July 19.—Wheat—Bluestem 11.84@1.90; forty-fold, 11.80@1.07; club, 35¢@31; red five, 36¢@35¢.

Liverpool. Wheat—Spot No. 2 Manitoba 11s 8 1-2; No. 3, 11s 7d; No. 1 northern Duluth, 11s 7d; No. 2 hard winter, 11s 1d.

In American terms the Liverpool price is approximately \$1.74 per bushel.
