

EASY TO DARKEN YOUR GRAY HAIR

YOU CAN BRING BACK COLOR AND LUSTRE WITH SAGE TEA AND SULPHUR.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For fifty cents you can buy at any drug store the ready-to-use tonic called "Weyth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with "Weyth's Sage and Sulphur" and look years younger.

15 YEAR OLD GIRL IS STAR AS AN ATHLETE

ST. PAUL, MINN., July 17.—Grace Funk, pretty fifteen year old school girl athlete, claims distinction of being St. Paul's greatest girl athlete. Grace is of medium stature, graceful, has wavy brown hair, brown eyes and cheeks, is robust of form, has a dimple and is not a tom boy. She takes her place on the diamond with her school team, and scores first in gymnasium meets against the boys. She has a record of eleven strikeouts, three assists and two put outs, with three hits and a walk in three times at bat, as pitcher of her school's baseball team in one game. She is popular with the boys, for she plays several musical instruments, dances gracefully, does beautiful fancy work, and is an excellent entertainer.

TANNENBAUM, I. W. W. LEADER, SAYS PRISON WARDEN BARRED READING

FRANK TANNENBAUM

NEW YORK, July 19.—Frank Tannenbaum, I. W. Leader, sentenced to prison for "church raids," has been released. His main complaint is against Warden Hays of Blackwell's Island, who, he says, refused to permit him to read Goethe's "Faust" to while away the weary hours in his cell.

Tannenbaum said the church raiding may become necessary again some time in the future to stir people up to the needs of the poor, but he will not participate in it.

SHE IS A WISE WOMAN.

Who recognizes in the tell-tale symptoms such as headache, dizziness, dragging sensations, nervousness and irritability the true cause and relief on Lydia E. Merit alone could have stood such a test of time.—Adv.

CHILDREN HAVE RIGHT TO PLAY IN STREETS

COLUMBUS, O., July 20.—"Children have the right to play in the streets as long as the city furnishes them no place else to play."

That is the decision of Juvenile Judge S. L. Black on the question which has agitated many cities. However, the judge held that the children should have due regard for vehicles and try to keep out of danger.

The judge also upheld the right of several youngsters to use roller skates in the street, when complaints were filed by neighbors who were annoyed by the noise.

HAWAIIAN COTTON QUARANTINE

Federal Inspection Made Obligatory for All Shipments Into This Country.

WASHINGTON, July 20.—By an order known as Quarantine No. 23 of the United States department of agriculture, Hawaiian cotton is made subject to the same regulations which after July 1 will govern the importation of Egyptian and other foreign cotton. This quarantine order requires that all Hawaiian cotton be inspected by an inspector of the United States department of agriculture before the shipment to the mainland. Only those mills which have obtained licenses for this purpose are allowed to use the cotton, and before they can do so they must comply with certain regulations.

The purpose of the new regulations is to prevent the entrance into the country of the pink boll worm in the seed of foreign cotton. Seed infected in this way has been found in a number of shipments and it is felt that stringent measures are necessary.

SPORTS

BIG LEAGUE SERIES SHOWS SOME THRILLS DURING LAST WEEK

SENSATIONAL SPURT BY BROOKLYN TEAM HAS FEW PARALLELS IN HISTORY.

Erratic Pitching by Chicago Twinklers Cause Gray Hated Platoon—Braves Have Great Material If They Can Only Get It to Working Right.

NEW YORK, July 20.—The National league race was full of thrills last week and promises to be even more breath-taking this—that is to say, anyone living outside Cincinnati's corporate limits. The Reds it is conceded, have slipped over into the "wait till next year" class.

The sensational spurring of Wilbert Robinson's Brooklyn team, which can be likened only to the history-making run made by the late lamented Braves, was easily the biggest surprise of the week and the Superbas bid fair to attract most of the attention at least so long as they continue their winning ways. From the cellar to within striking distance of first place in a little over two weeks eclipses even the Braves' record.

The Cubs lost their lead during the week to the madly rushing Dodgers and the Giants. Pat Moran's Phils, who have been playing the most consistent ball in the league, stepped into the breach. Bresnahan's hurlers slumped woefully, while Grover Cleveland Alexander and his compatriots went along winning games with machine-like regularity.

However, the leadership will be settled again today, tomorrow and next day, as the Cubs are battling the Phils at Philadelphia. Chicago took Saturday's game, cutting Philadelphia's lead down three points.

Chicago's pennant chances are putting gray hairs in the heads of the dopsters, due principally to the erratic pitching. The same may be said of the Giants. New York started what looked like a belated spurt at the close of the week, walloping the Reds and following it up on Saturday with a double header over the Cards. McGraw has a lot depending on this week. So much so, in fact, that other clubs are looked at with envious eyes. The memory of that 1914 jaunt is still green in their minds. The Braves undoubtedly have the best material in the league if they but get to going. The lust of the Stallings tongue and the hot weather may be the needed spur.

Summing it all up, it appears that there is not an outfit in the league that can be counted out with the possible exception of the Reds.

There were few changes in the batting averages. Jake Dambert slumped a little but managed to retain his lead with Fred Lederer. Fred Merkle and Larry Doyle following in the order named. Dimmittive Helms Froh of Cincinnati, also is making a bid for honors.

The American league leadership is being decided in Chicago today, where the tied Sox are biting hard at the heels of the rejuvenated White Sox. Both teams have been bolstered by purchases from Connie Mack and the rivalry is intense. Eddie Murphy, Mack's outfielder who joined the Sox Thursday is an important addition to Comiskey's team. While Curry and Rowland are dueling in Chicago, they both are keeping one eye to the eastward where Tyus R. Cobb, Sam'l Crawford et al, go on breaking up ball games and adding to the Tigers' percentage. The race in the Johnson loop has practically narrowed down to these teams and it seems certain that the trio will get battling down the home stretch neck and neck, till one cracks under the strain or some other club develops enough punch to contest their candidacy. The latter event is not so improbable that it borders on the impossible.

Cobb, of course, still leads the league with the Hudson. Snarling at his heels, however, is his teammate, the aged Mr. Crawford, whose

batting oris the rheum of age seems to have entirely passed up. Cobb is the only real aristocrat of the sluggers, though, as he is hitting .402. Crawford trails with .361; followed by Eddie Collins with .343 and Joe Jackson of Cleveland with .334.

WOMAN TO MAKE STATE SERVANTS ECONOMICAL.

MISS M. E. MCCALMONT

ALBANY, N. Y., July 20.—Miss M. E. McCalmont, trained nurse, has been employed by the Empire State to pare the \$7,000,000 annual hospital bills. She will have offices in New York city. She formerly was employed by the bureau of efficiency and economy when she put many innovations into effect in the state service. Miss McCalmont faced death among the lepers in the Philippines when establishing federal hospitals there.

NEGOTIATIONS STILL ON OVER TEEL PROJECT

Relative to the bids received for the construction of the Teel Irrigation ditch, Secretary J. Frank Spinning has issued the following statement:

The Teel Irrigation District at Echo, Umatilla county, Oregon, received tentative bids for the sale of \$800,000 of construction work bonds at Echo July 6th, 1915. The proposed sale was advertised in several of the leading financial papers of the United States for the past six weeks. Over 25 offers were received from reliable bonding houses pending further time for investigation of the project, and a large number of contractors and material men offered work and material in limited amounts in exchange for bonds. The board of directors have as yet taken no decisive action but the established policy of conducting private negotiations will continue until the contracting of sufficient bonds is made to guarantee the completion of the entire work before any bonds are actually sold.

The outcome appears to be a combination of several contractors taking bonds for work and material, and local people and outside capital subscribing to sufficient bonds to make up the necessary cash fund.

Two contracting firms offer to build the tunnel, which is the largest single item of expense, and take district bonds at par, on the districts own estimate of the cost of construction. Other contractors propose to do the ditch work on a basis of one half in bonds and one half in cash.

No Liquor to French Troops.

PARIS, July 20.—General Gallent has issued an order prohibiting the sale of alcoholic drinks to soldiers in the Paris camp. The order resulted from civilians "treating" soldiers too liberally.

Bryan May Head Chautauqua.

INDIANAPOLIS, July 20.—Bryan may become president of the Winona assembly, the famous Indiana Chautauqua center. The assembly is now in bankruptcy, but Bryan is said to have stated he would accept the presidency if assured the organization's finances will be made permanently solid.

MANY CATTLE IN MONDAY MARKET

(From Monday's Journal.) PORTLAND, Ore.—While there was another liberal marketing of hogs at North Portland over Sunday with arrivals totaling 2883 head compared with 2672 last week, the price held remarkably well. In fact sales were made early for topper at \$7.50, thereby regaining the losses made after the opening of last week.

Hog market prices here have continued below the standing of the markets of the central west recently and for that reason killers have not been disposed to bear too hard upon values, although they were being offered more swine than their present requirements justified.

General hog market range: Best light \$7.40@7.50 Medium light 7.25@7.35 Good to heavy 7.00@7.15 Rough to heavy 6.00@6.50

Cattle Market is Steadier.

There was a slight improved cattle market at North Portland at the opening of the week's trade. Quality stuff showed better demand and prices in general were well maintained. Early sales in the steer division were around \$7 for good quality.

General cattle market range: Select steers \$6.90@7.00 Best hay fed steers 6.25@6.50 Good to choice 6.25@6.44 Ordinary to fair 6.00@6.23 Best cows 6.00@6.10 Good to prime 5.25@5.75 Select bulls 4.25@4.50 Fancy bulls 4.50 Ordinary bulls 4.00@4.25

Little Mutton Available.

Little supply of mutton was available for the market at the opening of the week's trade at North Portland. The total run was very light and a large per cent of them came direct to a killer.

General situation in the mutton trade is quite steady with extra good lambs selling this morning at \$6.75.

General short mutton market: Choice spring lambs \$6.50@6.75 Common spring lambs 5.75@6.25 Choice yearling wethers 5.25 Good yearlings 5.00@5.10 Old wethers 4.75@5.00 Choice light ewes 4.35@4.50 Good ewes 4.25 Common heavy ewes 4.00

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; the cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, Ohio.
