MAY ASK OREGON TO VOTE TEN MILLION FOR HIGHWAY USES

R. BENSON AND OTHER MEMBERS OF STATE HIGHWAY ADVISORY BOARD MAKE TOUR.

Tour of 1000 Miles Cover Territory Chiefly in Western Oregon and Through Central Part of State—Counties Eager for Work to Be Done.

PORTLAND, Ore., July 21.—R. Benson, good roads enthusiast, accompanied by J. H. Albert, of Salem, and Leslie Butler, of Hood River, fellow-members of the advisory board of the state highway commission, and E. F. Cantline, deputy state engineer, reached Portland yesterday after a 1000-mile auto trip of inspection over the chief trunk roads of the state running north and south. They went to the California line over the Pacific Highway and returned through Central Oregon and over the Columbia River Highway.

They passed through the Willamette valley, the Umpqua and Horse river valleys, crossed the Siskiyou mountains into California, crossed the same range again into the Klamath Basin, visited Crater Lake, viewed the Crescent, La Pine and Bend districts in Central Oregon, the irrigation districts of Crook county and the wheat sections of Wasco, Jefferson and Sherman counties, as well as the fruit belt of Hood River county.

County Assure Co-operation. The board interviewed county courts to learn the needs of the different districts in state aid to help

the road situation throughout the state. Everywhere the delegation was welcomed by county officials, who promised full co-operation, and prominent citizens, who showed them every facility for personal inspection of the roads and escorted them through their various districts. The board was struck by the wide interest in good roads displayed everywhere they went, not only by county officials, but by citizens generally. A result of the trip is expected to be a number of important recommendations to the state highway commission that are likely to make new road history for the state.

One of those will be that a bond issue of \$10,000,000 be submitted to the voters at the general election in November, 1916, to be used in building main highways of state importance. The prevailing sentiment on the trip was found to be that the counties have exhausted their road funds and are unable to build main state thoroughfares in a permanent way upon plans devised by the highway commission.

Good Road Interest High. "Our trip covered 17 counties and in every one I was gratified to find the interest displayed in good roads," said Mr. Benson.

"But the officials in each county spoke of their inability to proceed with the construction of state thoroughfares owing to their lack of road funds. Douglas county, for example, having 300 miles of county roads to maintain, finds it impossible to devote any but a small portion of its road fund to the Pacific highway. All sections through which we passed are in comparatively the same position. They are more than willing to care for county roads but they do not think it right and just that they should build and maintain state highways."

"We found the Pacific highway in excellent shape for travel at this time of the year, but to make it a road good at all seasons an immense

N. B. WOODWORTH HEADS SONS OF REVOLUTION

PORTLAND, Ore., July 21.—Newell B. Woodworth of Syracuse was elected president general of the National Society of the Sons of the American Revolution at noon today. The secretary general was instructed to cast an unanimous vote for Mr. Woodworth. The names of no other candidates were mentioned.

This afternoon Newark, N. J., was chosen as the meeting place of the convention next year. Sioux Falls, South Dakota, and Nashville, Tenn., were also candidate cities.

Hon. Harvey Foote Remington of Rochester, nominated Mr. Woodworth and Chancellor L. Jenks, president of the Illinois Society, seconded it. Seconding speeches in support of Mr. Woodworth were made by representatives from nearly every state.

A. Howard Clark of Washington, D. C., was re-elected secretary general and registrar general by a rising vote. By unanimous vote, the secretary general was instructed to cast a single ballot for the reelection of John H. Burroughs of New York city as treasurer general. David L. Pearson of East Orange, N. J., was unanimously re-elected historian general by acclamation.

Rev. Richard Lightburne McCready was elected chaplain general, succeeding Rev. William Force Whitaker, D. D., of Elizabeth, N. J. Rev. Mr. McCready is chaplain of the Kentucky society, and conducted the invocation at the opening session of the congress.

Among the national trustees elected was B. E. Sanford as national trustee for Oregon.

War Booms Beet Sugar Industry, CHASKA, Minn., July 21.—Farmers in this vicinity don't care a hang how long the European war lasts, Germany, Austria, Russia and France

are the greatest beet sugar producing factories in the world. A big sugar factory is the only factory of its kind in Minnesota. Thus the farmers should worry.

Canadian Regiment Wiped Out. GOETTINGEN, Germany, July 21.—Late in February, the Fifth Royals, one of the crack Canadian regiments, 1100 strong, left Montreal for the war. Less than four months later, after weeks in the trenches at Ypres, only 37 of those 1100 men were known to remain alive, and those are prisoners in the military camp here.

Diaz Bought Two Ships, WASHINGTON, July 21.—Evidence that Felix Diaz bought two ships, presumably to fit out an expedition in Cuba to go to Mexico, was in the hands of the department of justice.

It is assumed that the plan of Diaz was a part of the plot of General Victoriano Huerta to start a counter revolution in Mexico.

FORESTS

Mrs. Oliver P. Morton, who has been making an extended summer visit here and who will soon leave for her home in Portland, was the honor guest yesterday afternoon at a bridge afternoon presided over by Mrs. William L. Thompson at her home on North Main street. Three tables played at bridge during the afternoon, honors being won by Mrs. Richard Mayberry.

With the permanent opening of the natatorium at Round-up Park, swimming parties will take the leading place among the summer social affairs. Evenings as well as afternoons will see the big pool thronged with bathers.

Dr. and Mrs. Guy S. Holdington and little daughter, Marian, are preparing to leave soon for Hildaway Springs for a summer outing.

Mr. and Mrs. Gerald Bohn and little daughter, Charlotte of Hermiston, and Mrs. Richard Bohn of Fort Wayne, Indiana, who are visiting at Hermiston on their honeymoon trip, passed through Pendleton last evening by auto en route to Bingham Springs to spend a few days. They had been to Walla Walla during the day.

Mrs. Ralph Stanfield of Echo and little daughter were visitors in Pendleton yesterday.

A. T. Matthews, who left with his family yesterday for Los Angeles to make his permanent home, was given a farewell party Monday evening by his brother Masons in the Masonic hall. Refreshments were served at the close of the evening.

Mr. and Mrs. William C. McKinney and little son, Billy, will leave this evening for Meacham to stay during the hot spell.

Sleeplessness. You can't sleep in the stillest night. If your digestion is bad. Take Hood's Sarsaparilla—it strengthens the stomach and establishes that condition in which sleep regularly comes and is sweet and refreshing.—Adv.

FOREST NOTES.

The forest service is making a collection of specimens of lupine and loco weed-plants which often poison stock at this season of the year—for the bureau of plant industry, in order that this bureau may carry on experiments with these plants to determine their toxic properties. Seed in the pod will also be sent to the experiment station at Salina, Utah for the same purpose.

Forest fires are unnecessary, are nearly always the result of carelessness, and may wipe out in an hour what nature has taken years to create. In fact:

They destroy existing forests.

They destroy young growth, which means future forests.

They destroy the beauty of the region.

They destroy a great market for labor.

They destroy prosperity.

They destroy homes.

They destroy lives.

Forest fires can be prevented by:

Never leaving a camp fire until it is out.

Never making a camp fire in leaves, rotten wood or against a log.

Never tossing away burning matches or tobacco.

Never burning brush, grass, or slashings during a dry season.

The act of June 3, 1878, commonly known as the timber and stone act, has no application to timber of lands within the national forests.

Then Lands in Police Station.

LOS ANGELES, Cal., July 21.—William Anderson, Ventura rancher, was roughly handled in Chinatown. Losing his way, he blundered into a stable yard. An ill tempered watchdog bit him. He fled into the stable. Four horses kicked him. He fled out again. Twelve Chinamen were waiting there. They beat him, thinking him a burglar. He tried to climb a seven foot fence and fell headlong to the sidewalk. Then a policeman arrested him as a "plain drunk."

Elks Use New Ritual.

LOS ANGELES, July 21.—A new grand lodge ritual, which has just been adopted, was used in closing the sessions of the grand lodge of Elks. Installation of the new grand lodge officers concluded the grand lodge meeting.

James R. Nicholson, newly elected grand exalted ruler, was presented with a gavel made of oak and copper from the frigate Constitution, a gift from Walter Johnson, of Boston.

Cold Settled In His Back

"Foley Kidney Pills always give me prompt relief."—Ed Valton, Revere, Mass. Ed Valton, of Revere, Mass., writes: "I have used Foley Kidney Pills for backache, the result of catching cold which settled in my back. Foley Kidney Pills always give me prompt relief and I can cheerfully recommend them." The reason Foley Kidney Pills act so satisfactorily is because they neutralize and dissolve the poisonous waste matter that remains in the blood because the kidneys do not do their work properly in filtering and casting out from the system uric acid and other poisons. Relief usually follows in a few days and such symptoms as pain in the sides or back, stiff joints, sore muscles, rheumatism, too frequent action of the bladder at night, and other painful and annoying ailments disappear. Foley Kidney Pills contain no harmful ingredients. They are safe as well as quick acting. Sold Everywhere.
