PORTLAND GRAINMAN KISSES WIFE GOOD-BYE THEN COMMITS SUICIDE

CHARLES CARROLL THOUGHT TO HAVE WORRIED OVER INVESTMENTS.

PORTLAND, July 21.—Affectionately kissing his wife goodbye, as she lay in bed and at the same time taking a revolver from underneath her pillow, Charles Carroll, a well known wheat expert, walked to the basement of his home and shot himself in the head, dying instantly. It is believed worry over real estate transactions prompted the suicide. The widow, a son and daughter, survive.

EXPECTED CHANGE OCCURS IN GAME WARDEN POSITION

PRUITT RESIGNS, SAYS PAY WAS SLOW COMING—JACK VINCENT MAY GET JOB.

Jack Vincent of Athens, son of Dr. F. W. Vincent of this city, may be named deputy game warden to succeed W. C. E. Pruitt, who yesterday handed in his resignation to Marion Jack, a member of the state fish and game commission. Young Vincent has served as deputy under Pruitt and, it is said, will accept the appointment if he is acceptable to the sportsmen.

Pruitt's resignation yesterday was not unexpected as it has been understood for some time that it would be forthcoming. His relations with the commission, it is said, have not been the most pleasant. Pruitt declares the commission has not only not reimbursed him for expense money he has paid out but declares his salary has been held up, too. It is generally understood among the sportsmen that a change in the office has been contemplated for some time. Pruitt declares he will devote his time to the publicity work of the Round-up during the next few months.

Logging Uses \$6,000,000.

BERKEEEN, Wash., July 21.—Approximately \$6,000,000 is invested in the logging and lumber industry of Gray Harbor country, exclusive of real estate and standing timber. These figures are gained from the assessor's valuations, which, based on 50 per cent of the actual value, show \$2,000,000 to be invested in such operations. Were standing timber and real estate to be considered the valuations would be many times \$6,000,000. The report enumerates 48 miles located in the county. One has an actual value of \$360,000.

PAROLED FROM FOLSOM, COMMITS MANY ROBBERIES

THE DALLES, Ore., July 21.—John Austin Hooper, alleged parole violator from Folsom prison in California was arrested here last night, and is charged by the sheriff of Wasco county, and Ed Wood, chief special agent of the Oregon-Washington Railroad & Navigation company, with a series of robberies all along the Pacific coast. Among the crimes laid to Hooper are a street car holdup at Canham park, near Portland, March 2; robbery of the Rogue river, Oregon, bank; robbery of Southern Pacific station at Grant's Pass, store at Hornbrook, Cal.; and another interurban street car holdup near Portland, June 3. Some of the officers believe Hooper had a hand in the Yellowstone park robbery.

According to the officers, Hooper, who was under sentence for highway robbery, was paroled to his mother last October.

\$30,000,000 Estate Left.

NEW YORK, July 21.—The will of James Julius Goodwin, cousin of the late J. Pierpont Morgan, and who has been for years a member of the Morgan banking firm, was filed for probate here. The instrument directs that the entire estate, estimated at about \$30,000,000, be distributed among the widow, Mrs. Josephine S. Goodwin, of this city; the son, Philip L. of Hartford, Conn.

The widow receives her husband's jewelry, silverware, library, paintings, horses, automobiles, conservatory and greenhouse. She also receives outright ten one-hundredths of the residuary estate, providing she shall survive the testator for the period of one year. If Mrs. Goodwin calls in this requirement her share goes to her son, Walter L.

Mrs. Goodwin also receives the income for life from an additional 36 one-hundredths of the residue. Her death, under a codicil provision, the income from this trust fund shall be divided equally between the three sons during the period of their lifetime and then go to their widows and children.

Mr. Goodwin died in Hartford on June 23.

University Installs A Country Print-Shop

UNIVERSITY OF OREGON, Eugene, July 21.—A print-shop like that on which many an Oregon weekly is printed, has been installed as a laboratory at the quarters of the University Department of Journalism. Through the generosity of Hon. H. R. Kincaid, who published the Oregon State Journal for more than 40 years, a beginning has been laid for a future University Press.

The University Board of Regents, the day before Judge Kincaid made his donation, had appropriated \$800 for the same purpose. This will be used for new equipment, bringing the plant up to date. One of the two presses in the Kincaid equipment has a pioneer historic interest. It was the first press brought around the Horn, and printed the first paper ever issued west of the Rocky mountains. In the old land notice days it is said to have earned for its owner more than \$10,000 a year net for a considerable period.

University Bulletins Are Sent to Holland

UNIVERSITY OF OREGON, Eugene, July 21.—The Potato Bulletin, recently issued by the department of

industrial and commercial survey of the University School of Commerce, and widely distributed among potato dealers and shippers in Oregon, is now meeting with a large and insistent demand from outside the state.

The bulletin dealt principally with Oregon problems, but in order to handle these with a proper basis of comparison, Prof. H. B. Miller, who compiled it, made a thorough study of world-wide conditions in the potato industry, and it is this that is causing a world-wide demand.
