

THE OLDEST INHABITANT IS RIGHT UP TO DATE.

TOBACCO satisfied—a clean, small chew. It's the Real Tobacco Chew. So satisfying and comforting that men are glad to hear about it.

A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

THE REAL TOBACCO CHEW IS NOW CUT TWO WAYS!! W-B CUT IS LONG SHRED, RIGHT-CUT IS SHORT SHRED.

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco.

The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes you spit too much.

One small chew takes the place of two big chews of the old kind.

Notice how the salt brings out the rich tobacco taste.

PETERSON IS PITCHER OF SEASON, SAYS RUSS

Former North Yakima Chucker Has Won Last Seven Games for Tacoma; McQuary Making Good in Outfield.

Russ Hall, erstwhile umpire in the Western Tri-State league and now holding the managerial reins in the Tacoma club, thinks he has the best pitching prospect of the season in Henry Peterson, the handsome young twirler who for the past two seasons was on the North Yakima staff in the Western Tri-State league.

Peterson has won the last seven games he has pitched for Tacoma and is going like a house afire. Last year he was Yakima's only good bet and, despite the poor showing of his club, landed in the front ranks of winning twirlers. In the spring of 1913 he was with Seattle and finished the season with Yakima. Last spring Nick Williams tried him out and turned him back to Yakima. Then at the close of the season Hall grabbed him and he is justifying the judgment of the former umpire. As far back as 1913 Tealy Raymond predicted that Peterson would be another Bill James and it begins to look like he has arrived.

Hall has recruited his team largely from the old Western Tri-State clubs. Stokke and Grover, formerly of Yakima, are playing regularly at first and second and Eddie Johnson of Walla Walla is his leading outfielder.

Leo McQuary, the big twirler who was with Pendleton and Yakima last season, is now filling the left garden for Aberdeen and is hitting like his

Job depended upon his stick. McQuary played in the outfield a good deal last season and was able to take care of his garden in good shape. He is a hard and consistent hitter and was urged while here to quit the pitching game and develop himself as an outfielder.

REMINGTON STRIKE DOES NOT LAST VERY LONG

BRIDGEPORT, Conn., July 21.—The strike which threatened to involve machinists throughout the country this afternoon was broken, for the time being, at least.

Following a several hours talk by General Manager Penfield of the Remington Arms & Ammunition company in which announcement of an 8-hour day and wage increases of 55 per week was made, the men agreed to remain at work.

Threats of the strike at the Remington Arms and Ammunition plant assuming more serious proportions became a reality today when 1000 machinists and bricklayers walked out. There was no disorder.

J. J. Keppler, vice president of the machinists' union, and John A. Houston, vice president of the structural ironworkers, are in charge of the strike.

Vast quantities of war munitions for the allies are being manufactured at the Remington plant and in the shops of some of its sub-contractors.

The machinists in four subsidiary plants of the Remington company also struck. Picketing immediately began about the parent plant as well as the subsidiary shops. The plants are now running to full capacity.

UNIVERSITY'S NEW BUILDING FINISHED

UNIVERSITY OF OREGON, Eugene, July 21.—"Johnson Hall," the new administration building of the University of Oregon, is just completed and the various departments and officers who are to occupy it are moving in this week.

Autumn will find the following departments installed in the new quarters: Geology, mathematics, Greek, public speaking and probably one or two other departments of instruction, dean of college of letters and science, dean of women, registrar, business manager, extension department, and president of the university.

"Guld Hall," the auditorium on the first floor, which will be under the charge of the department of public speaking, but which will be the usual university meeting place for all conferences, lectures, etc., that do not require the big Villard auditorium, will probably be opened by the ministers of all denominations who will

hold the third annual Oregon ministers conference later this month.

Oil Pipe Lines Sold.

NEW YORK, July 21.—The Standard Oil company of New Jersey, it became known, has sold two of its pipe-lines and has found a purchaser for the third one.

Officials of the company declined to comment on the report that the lines were sold because they had no alternative under a recent ruling of the interstate commerce commission or to make public the amount of

money involved in any of the three transactions.

Countess Settles Suit.

LONDON, July 21.—The suit of Diane, Countess de Bechevet, against the executors of the late J. P. Morgan, for \$20,000, the value of a vase and picture she was alleged to have sold the millionaire in 1912, was settled before the lord chief justice on terms that were not disclosed.

The defendants had denied that Mr. Morgan had ever engaged in such a transaction.
