

Facts Wanted Regarding Crop Yields; Farm Reports Desired

So much doubt exists this year regarding the wheat yield that the East Oregonian will endeavor to secure much exact data from first hand sources. With this aim in view farmers are asked to fill out the blank below as soon as their harvesting has proceeded sufficiently to give them an accurate line on what the yield will be. By special arrangement the information gathered in this manner will be tabulated and given to the government crop reporting officials, thus helping them adjust their estimates as to the actual yield. It is desirable to get the exact truth as to the situation and the co-operation of farmers will be appreciated.

Please fill out the following blank and mail the same to the East Oregonian. If you prefer to phone, do so. The East Oregonian's number is ONE.

Name

What variety of wheat suffered least from burning.....

SETON OUSTED BECAUSE OF ENGLISH BIRTH

NEW YORK, July 21.—Was Ernest Thompson Seton, former Chief Scout of the Boy Scouts of America, ousted because he is a British subject? That is the question that is receiving various answers in the scouts headquarters. Mr. Seton is abroad, and will become a natural-

MEN OF MATURE AGE STUDENTS AT EUGENE

UNIVERSITY OF OREGON, Eugene, July 21.—In spite of the Panama fair, which was expected to lure away many prospective students and leave the University of Oregon summer session with a decrease in attendance, the students have been coming in at a rate which has broken all records both for size and for rapidity of increase.

"This is a mature student body," says Dr. Joseph Schafer, director of the summer session. "I estimate that the men students average more than thirty years of age. There is an extraordinary number of county and city superintendents and high school principals among them."

Among the special features of the summer school will be the sixth annual Oregon Educational Conference, and the Third Annual Oregon International Conference of Ministers.

The enrollment of the summer school on the fourth day was 145. Last year's high water mark reached later in the session, was 144 students.

New Cities Springing Up

DULUTH, Minn., July 21.—With the \$20,000,000 steel plant of the Minnesota Steel Co. west of this city nearing completion, several cities and towns are springing up along the St. Louis river west of the city. Estimates today were that the huge steel plant, one of the foremost in the world, and the largest building in the state of Minnesota, would be completed next spring. The building is 1,400 feet long and 112 feet wide, but five other units of the plant adjoin the main building, and make a continuous building, 1,340 feet long. The plant and the cities that are springing up along it are on the prospective Mesaba iron range.

MUTTON TRADE GOOD IN THE PORTLAND MARI

(From Tuesday's Journal.)
PORTLAND, Ore., July 21.—Only one load of livestock came forward to North Portland overnight and that was a load of fair to poor mutton. General trend of the mutton trade is steady. The sales yesterday in the lamb division would indicate that the price is a quarter higher, but that is not actually the case. While it is true that a few head sold at the extreme figure, general offerings would not bring above former prices.

Market for sheep and lambs was steady to weak at eastern stockyards points today.

General sheep mutton markets.
Choice spring lambs.....\$6.50@6.75
Common spring lambs.....5.75@6.25
Choice yearling wethers.....5.25
Good yearlings.....5.00@5.10
Old wethers.....4.75@5.00
Choice light eyes.....4.50@4.80
Good eyes.....4.25
Common heavy eyes.....4.00

Cattle Market Steady.
While there were no arrivals with which to test actual conditions in the cattle market today, recent sales indicated a slight betterment in the trend of the trade.

While sales of cows are reported as high as \$6.00, this is misleading and the stockyards should be more careful in noting such sales. The very best, dehorned cows are not quoted above \$5.50 with horned stock no better than \$5.25.

Steers firm at \$7 for best quality available.
Eastern markets were generally quoted steady for cattle today.
General cattle market range:
Select steers.....\$6.90@7.00
Best hay fed steers.....6.25@6.50
Good to choice.....6.25@6.40
Ordinary to fair.....6.00@6.25
Best cows.....5.50
Good to prime.....5.00@5.25
Select bulls.....4.50@5.50
Fair bulls.....4.25
Ordinary bulls.....3.75@4.00

Hog Market is Steady.
Market for hogs is steady. Sales of tops recently at \$7.40@7.50 indicated that killers were willing to pay the extreme price for toppers of which

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional medicine. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Sent for circulars, free.
F. J. CIBNEY & CO., Toledo, Ohio.
Sold by Druggists. Take Hall's Family Pills for constipation.

there has been only a limited supply of late.

No hogs were reported in the yards overnight and the trend of the trade was quiet.
Eastern markets are quoting extreme figures for swine with intense buying for export.
The only shipper of livestock to the yards today was Platto Farm company, which had a load of sheep in from shuttler's.

General hog market range
Best light.....\$7.40@7.50
Medium light.....7.25@7.35
Good to heavy.....7.00@7.15
Rough to heavy.....6.00@6.50

Wedding Day Near; Kills Self.
LOS ANGELES, July 21.—Almost on the eve of his wedding, Charles D. Cook of Telluride, Colo., an Elk, who came here to attend the grand reunion of the order, ended his life by swallowing chloroform. In a letter addressed to his daughter, who is believed to live in Telluride, Cook stated that continued headaches and loss of memory made life unendurable.

Pimples, Skin Blemishes, Eczema Cured.
No odds how serious, how long standing your case, there's help for you in every particle of Dr. Hobson's Eczema Ointment. It wipes out all trace of your ailment, and leaves your skin clean and soft as a child's. Hundreds of users have sent voluntary letters of thanks. Just try one box. It will mean freedom from suffering and embarrassment.—Adv.

Killed in Storm.
ST. PAUL, Minn., July 21.—Frank Lane, found dead near Worthington, Minn., was killed during the storm which swept southwestern Minnesota and South Dakota. Indications were that this was the only casualty. The most serious damage is reported in the region between Worthington and Sioux Falls. Crops were damaged and farm homes were wrecked.

UNIVERSITY STUDENTS VICTIMS OF FLAT-FOOT
UNIVERSITY OF OREGON, Eugene, July 21.—A complaint that is nearly as bad as the Southern hookworm for sapping the bodily energy of anyone who has to move about is abroad in Oregon and the other parts of the United States, and vast numbers of men and women are its victims, according to Dr. Bertha Stuart of the Department of Physical Training at the State University. To see whether you have it, feel of the bottom of your foot. If there is a little callus place on the sole, especially under the ball of the foot, beware. If in addition you do not walk with a vigorous, swinging step, if your feet hurt, especially near the heel, and if you dread a long tramp, better find out whether yours is a case of "broken arch" or "flat-foot."

Broken arches are easily mended, according to Dr. Stuart, but physicians are only beginning to realize the importance of curing this complaint, and saving to the state and the individual the vast resources in human energy that are now going to waste.
Never a day passes at the University that Dr. Stuart does not bind the feet of some woman student. Late in men-

too, have been seeking her help. The change in the style of women's shoes, with its abrupt alteration from high heels to no heels has been the ruin of hundreds of feet.
Women are the principal sufferers, according to Dr. Stuart, though policemen, clerks and others much on their feet are apt to be victims. Millions of women go through life weak and sickly, as semi-invalids, but not knowing what is the matter, when if their feet were sound, they would take plenty of exercise, keep well, do a full day's work and enjoy being alive.
