

### Facts Wanted Regarding Crop Yields; Farm Reports Desired

So much doubt exists this year regarding the wheat yield that the East Oregonian will endeavor to secure much exact data from first hand sources. With this aim in view farmers are asked to fill out the blank below as soon as their harvesting has proceeded sufficiently to give them an accurate line on what the yield will be. By special arrangement the information gathered in this manner will be tabulated and given to the government crop reporting officials, thus helping them adjust their estimates as to the actual yield. It is desirable to get the exact truth as to the situation and the co-operation of farmers will be appreciated.

Please fill out the following blank and mail the same to the East Oregonian. If you prefer to phone, do so. The East Oregonian's number is ONE.

### CROWD CHEERING THAW'S VICTORY

This is just a glimpse of the crowd of thousands that awaited Harry Thaw outside the New York county court house when he was freed by Justice Hendrick. The automobiles in the center show one in which Thaw started on his trip to Philadelphia, and others for newspapermen who accompanied him on his remarkable journey.

He drove down Broadway in the heart of the business section, while crowds lined the street. He was recognized at once and was cheered

time and again. He became so excited at times that he stood up in his auto and waved his hat. Whatever may be the merits of the case, there was no doubt that there were many thousands in New York who were pleased with the decision of the court.

Thaw, though freed, had to give half in the sum of \$35,000 for his appearance in case the state should proceed further. The attorney general gave notice of an appeal, and compelled him to give a bond.

**Slashes Mexican With Razor.**  
LOS ANGELES, July 21.—Finding E. Hets wandering in the plaza here carrying a blood stained razor, led the police to search the park for his victim. In a secluded section August Acosta, a one legged Mexican, was found, slashed from the top of his head to his chin. He was all but dead from loss of blood. Acosta identified Hets as his assailant.

SPRINGFIELD, Ill., July 2.—The only difficulty a feature film company had in securing society talent for a Springfield romance film the other day, without cost for salaries, was that everybody in town wanted to take part.

**Deafness Cannot Be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also cases of deafness caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

### ALL LIVESTOCK HAS GOOD CALL

(From The Journal)  
PORTLAND, Ore., July 22.—General livestock situation at North Portland is quite satisfactory. There was only a small offering today for the open market in addition to the very limited supply of yesterday.

Conditions in the cattle trade are rather favorable. This is as had been expected, in view of the diminished offerings of late. Requirements of killers are not heavy, but they must have a certain volume of offerings and as these have not been forthcoming of late, the surplus was eaten up. Top steers are firm today at \$7 in the yards, while best selected cows would easily go around \$5.50.

Eastern markets for cattle today were erratic; some points showing a steady to strong tone while others were weak and down.

### RECIPE TO CLEAR A PIMPLY SKIN

**PIMPLES ARE IMPURITIES SEEKING AN OUTLET THROUGH SKIN PORES.**

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with bicarbonate of soda which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.

**All Mutton Quoted Strong.**

Entire market for mutton stands in a very good position in the North Portland yards. Receipts are still below expectations and good quality is especially scarce. All offerings are readily absorbed at the general market range.

Market for mutton was steady to strong at eastern points for the early day's trading.

**Hog Market Holding.**

Practically no change was shown early today for swine in the local trade. Receipts were small and those that did not come direct to killers from their regular country buyers were quickly disposed of.

Market conditions for swine were generally showing a weaker tone east of the Rockies with prices lower at most points.

### CITY HALL ALLEGED BAR

WICHITA, Kan., July 22.—Henry J. Allen, editor of the Wichita Beacon, turned the tables on the city administration recently and as a result O. K. Stewart, chief of police, was suspended. The administration had asked the county attorney to bring the editor on the carpet because the Beacon had been declaring that the administration was protecting crime.

There was a crowd at the court house when Mr. Allen appeared, accompanied by David Leahy, who carried a large covered basket.

The editor testified that he had been carrying on an investigation and was prepared to prove that the chief of police had been selling whisky, taken in raids, in the city hall.

Mr. Allen presented as his evidence about a dozen bottles of whisky, which he said, had been bought from the chief of police through a negro.
