LOCAL EAGLES WILL ATTEND GRAND AERIE

Members of the local aerie of the Fraternal Order of Eagles will rub shoulders with thousands of their brothers from all parts of the United States and Canada at the Grand Aerie meeting of the order to be held in Spokane August 2 to 7. It is expected that 20 members of local Eagles will attend the sessions.

That this will be the largest gathering of easterners in the history of the Inland Empire is the prophecy of N. E. Nuzum, chairman of the arrangements committee at Spokane. "Our order has a membership of more than 400,000," states Mr. Nuzum, "and the annual meeting provides an outing and trip for thousands of our members every year. "From the time the meeting opens on Monday, August 2, until midnight the following Saturday Spokane will hum. Spokane is arranging to stage the best features of the Pow Wow or summer carnival held in Spokane in 1913. This task will be made easy because of the presence of numerous uniformed marching clubs, bands and choruses of Eagles from all parts of the country. The down town streets are to be turned over to the merrymakers for four days, commencing Tuesday, August 3. On that day 60 quartets of Eagles from as many cities will engage in a song competition in the open air. This contest will be continued over four days at the leading hotels, cafes and public meetings.

"The Eagles' bands will engage in a similar contest on Wednesday morning. In the afternoon the Pacific coast parade will take place, with floats and other spectacular features entered by the different Pacific coast aerics of the order. The day will be closed with a grand ball, fireworks display and the finals of the hand contest, all at Natatorium park.

"The official Eagles' parade will be held Thursday morning, participated in by thousands of uniformed members. In the evening high carnival will reign at the Mardi Gras parade and celebration, closing with a confetti battle in which the public will take part.

"On Friday morning every Eagles' drill team will compete in a drill contest. That evening the visitors will be given a glimpse of pioneer western life. A secret order, 'The Knights of the Pack Saddle,' has been organized by Spokane citizens to reproduce an early day mining camp with all its features. Every effort is being made to make this true to the traditions of the old-time mining camp.

"The Coeur d'Alene aerie will be host on Saturday, August 7, at a day of water sports and steamer excursions.

"The railroads have granted reduced rates of fare and one-third for the round trip to Spokane for this meeting. The rates cover all of the north-west and British Columbia and Alberta."

peace and tranquility of the neighborhood in the vicinity of Milwaukee street and Marion avenue early yesterday morning while coming in a machine with their wives after a visit to a Clackamas county roadhouse.

Maybe Judge Stevenson thought the same thing because he allowed the three to go without punishment when the case was heard this morning. Patrolman N. M. Jones had arrested the party and he charges that they were singing and that the noise could be heard for half a mile. In court this morning were the men's wives and all denied the patrolman's story.

SHIP UNDER FALSE FLAG ATTACKS GERMAN DIVER

BERLIN, July 24.—The Deutsche Tages Zeitung says that according to official reports, at 11 o'clock on the morning of July 20, 18 miles east of the Firth of Forth, a German submarine stopped an 800-ton steamer flying the Danish flag. Suddenly the steamer opened fire with two guns. She hauled down the flag after the first salvo but continued to fire, without showing a flag.

LET HER IN ON THIS

Believes a man should be master in his own house," said the newly married man. "There can be only one head in a family and I mean to be it."

THE TREE TRIMMER KNOWS WHERE TO LOOK FOR TOBACCO

MAN you are not alone in your desire for a clean, small chew that will give you real tobacco satisfaction. That's why men are glad to get the Real Tobacco Chew. Then when they've got it, the natural thing to do is to tell a friend—so he can get the Real Tobacco Chew. A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

THE REAL TOBACCO CHEW IS NOW CUT TWO WAYS!
W-D CUT IS LONG SHRED, RIGHT-CUT IS SHORT SHRED.

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it until you find the strength chew that suits you, then see how easily and evenly the real tobacco taste comes, how it satisfies, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is The Real Tobacco Chew. That's why it costs less in the end. The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes you spit too much.

One small chew takes the place of two big chews of the old kind.

Notice how the salt brings out the rich tobacco taste.
