### ONE MAY LOSE EYES POSING FOR MOVIES

Oscar Dempsey, one of three men shot to ground in aerial mimic battle; Glenn Martin, Birdman, Hurt.

LOS ANGELES, July 27.—Glenn Martin, noted flier and builder of war aeroplanes, was reported as recovering today from injuries received at San Pedro yesterday afternoon, when a supposedly harmless bomb he was to drop during the making of a moving picture exploded, severely injuring his right arm and hand.

Oscar Dempsey, Samuel S. Stewart and J. S. Henry, all of Los Angeles, were injured during a mimic battle before a motion picture camera at Santa Monica.

One of the gunners misdirected the muzzle of his cannon, and three men were hurled to the ground. Dempsey, it was feared today, will lose his eyesight. The other two men were knocked unconscious, and several others were stunned.

### FORD FINANCES PROJECT TO CURE DRUG VICTIMS

leave Detroit this week for New York under the guard of Ford physicians at Mr. Ford's expense, to become a subject before the National Prison Reform Clinic in that city. His cure will mean establishing a "drug unit" at the Ford hospital that is expected will grow to be a national institution.

Dr. Towne, who treated more than 19,000 Chinese a few years ago for the opium habit in his researches, arrived in Detroit yesterday and at once went to the Ford plant, where a meeting of the Ford physicians and officials was held to discuss some means of following out Mr. Ford's wish to aid the drug users.

**Thief's Victim in Jail 70 Days.**  
EVANSVILLE, Ind., July 27.—George Kingston, aged 57 years, a farmer of Equality, Ill., who was held in the county jail here for 70 days as a witness against Henry Trainum, who is alleged to have robbed him of \$300, was released from jail today.

Dr. Hannah Graham of Indianapolis wired here offering to go on the man's bond. Dr. Graham is president of the Equal Suffrage Association of Indiana. The authorities held Kingston in jail even after Trainum, who is alleged to have robbed him, had forfeited his own bond and disappeared. Kingston was unable to furnish the \$100 bond as provided by the circuit court.

### AUTO BUILT WITH ODD PARTS. Twelve Machines Represented in Alton Man's New Car (P. S. It Runs.)

ST. LOUIS, July 27.—An "automobile" has been pieced together out of the parts of 12 other machines by Louis Schwallensticker of Alton. Schwallensticker took his wife for a drive about town yesterday. When the car got down the engine, a combination of engines for three other machines, went dead. Schwallensticker spent an hour and 45 minutes trying to crank it in the hot sun. His efforts drew a crowd. He sent home for a bundle of wires and succeeded in getting the proper electrical connections to start the engine.

**New Grant Statue Idea Fought.**  
ST. LOUIS, July 27.—City officials failing to agree on a location above ground for General Grant's statue, may yet have to dig a trench for it to stand in.

The location controversy is being fought out in a way which indicated that it may take "all summer." The latest idea, advanced by Director of Public Welfare Tolkecz, is that the statue should stand on the steps of the city hall's main entrance, on Twelfth street. City Register Wittler, representing members of the G. A. R., opposes this, and wishes to see the general dominating the green sward. But every local suggestion on the lawn has been condemned by some "recognized authority."

## FORESTRY SERVICE 'PHONE LINE WILL CONNECT AT WESTON

NEW LINE WILL RUN ALONG UMATILLA RIVER AND WESTON MOUNTAIN.

O.-W. R. & N. Agent at Weston Itinerary—Man from Adams Takes His Place—Weston Folk Leave for San Francisco to Attend Big Exposition.

(Special Correspondence.)  
WESTON, Ore., July 27.—Dr. and Mrs. C. H. Smith motored to Cove Sunday and remained until Monday visiting Dr. McCowen and family. Rev. N. D. Wood left Monday morning for Redmond, Ore., where he will remain for two weeks attending his farming interests there. Mrs. Richard Gerberding is slowly improving after a severe attack of heat trouble.

Mrs. A. Z. Winn, Geo. Winn and Joyce Wood returned Monday from a two weeks' outing at Blinham Springs.

Mr. and Mrs. W. D. Smith left this week for San Francisco to attend the fair. Mr. Smith, who has been O.-W. R. & N. agent at Weston for the past year, has resigned. Samuel Nelson of Adams, has taken his position.

The government forest reserve men are preparing to run a telephone line along the Umatilla river and on Weston mountain to connect at the exchange at Weston.

M. and Mrs. Frank Taylor of Reed & Hawley mountain, went down to Pendleton Monday on business.

Earl Dudley of Weston, was in Milton Sunday.

Chas. Price has just purchased a new Overland car.

Earl Llewallen, Lewis and William Van Winkle, were guests at Blinham Springs Sunday.

### KAISER LAID PLANS TO ANNEX AFRICA

General Botha Refers to Maps Showing Germany's Plans on Taking Nearly All of Country.

CAPETOWN, July 27.—General Botha, speaking at a banquet in his honor, laid stress upon the far reaching character of Germany's designs in South Africa. He said maps had been discovered recasting the shape of Africa on the basis of a peace to be concluded at Rome in 1916.

The whole of Africa south of the equator was marked "Greater Germany," except for a minute fragment of territory labeled "Boer reserve."

At the outbreak of European hostilities Colonel Maritz requested the Germans to provide him with munitions, and inquired how far the independence of the new republic was guaranteed.

The Kaiser replied: "I shall not only acknowledge the independence of South Africa, but even guarantee it, provided the rebellion starts immediately."

**Indiana Health Board Plans Attack.**  
INDIANAPOLIS, Ind., July 27.—Whether the state board of health has power to regulate, or perhaps prohibit, the sale of alcohol and alcoholic products in Indiana will be brought before the next meeting of the board by Dr. James S. Boyers, its president.

Dr. Boyers and others believe, it is said, that the board has powers to attack alcoholic beverages on the ground that they are disease producers.

The attempt to find a way for the Indiana board to attack the liquor problem is paralleled with action about to be taken by S. S. Goldwater, health commissioner of New York city. Dr. Goldwater's contemplated plan of action has been outlined to the Indiana board.

EX GOV. JOHN A. DIX

EX-Governor John A. Dix, ALBANY, N. Y., July 27.—Former Governor John A. Dix, in a statement filed in the United States court, admits that he is insolvent and unable to meet his obligations. The statement by the former governor was made in connection with an involuntary petition in bankruptcy filed against him by creditors. A petition was also filed by the creditors of the Moose River Lumber company at McKeever, N. Y., in which Dix as largely interested.

Mr. Dix, according to reports has been financially involved for some time.

He was governor of the state for two years, and prior to that time was heavily engaged in lumbering operations and the manufacture of wall paper. He was one of the principal stockholders of the Moose River Lumber Company.

### EIGHTEEN THOUSAND LIBRARIES IN COUNTRY

There are over 18,000 regularly established libraries in the United States, containing more than 75,000,000 volumes, according to statistics just compiled by the United States bureau of education. The number of volumes is an increase of 20,000,000 since 1908.

Of the 2849 libraries containing 5,000 volumes or over, 1844 are classified as "public and society libraries," and 1005 are school and college libraries. Public and society libraries have an aggregate of over fifty million volumes, with seven million borrowers' cards in force; 1446 of these libraries were entirely free to the public.

Libraries reporting from 1900 to 5000 volumes numbered 5452, of which 2188 were public and society libraries and 2654 school libraries. These libraries contained 11,639,942 volumes. Another group of 8411 smaller libraries, comprising those that reported from 500 to 1000 volumes, increased the total by 2,861,000 volumes.

The distribution of library facilities is still uneven. Of the 1844 public and society libraries reported for the entire United States, more

than half were in the North Atlantic States, and they contained 34,827,321 volumes out of the total of fifty millions; and of the three million volumes added to the library collections for the year 1913, almost one-half were for the same section. New York state had 7,842,621 volumes in her 314 libraries; Massachusetts, 7,389,024 in 288 libraries; Pennsylvania, 3,728,070; and Illinois, 3,165,765 volumes. Four-fifth of the borrowers' cards in use were in the North Atlantic and North Central states.

Library activity for the past year was marked, according to the bureau of education report, by "considerable extension of the branch system, particularly in the granting of library privileges on the part of cities to neighboring suburban communities; by further development of the country library plan in many states; and

in general by a visible growth in the spirit of service that is characteristic of many of the formal educational institutions of today. The period of the library as a mere storehouse of books seems to be safely past; it has yielded to a period of direct community service."

### Some Day He'll Get Out.

LOS ANGELES, Cal., July 27.—John Lapique, a lawyer of this city, is an unfortunate man. Because of his strenuous efforts in a recent will contest case, the judge sent him to jail for 250 days for contempt of court. On top of that 10 charges of criminal libel were filed by persons against whom he made accusations during the litigation. He has just been convicted on one charge and awaits trial on the others. He hopes to get out of jail some day.
