### MOTHER GETS INJUNCTION AGAINST WIDOW'S ADMIRER

OKLAHOMA CITY, Ok., July 28.—After the death of George Moore, three years ago, Louis Crawford began to pay attention to Mrs. Beattie Moore, the young widow. The courtship was opposed by Mrs. Moore's mother, Mrs. M. A. Bader, also a widow. Mrs. Bader drove Crawford away and told him to stay away. Then she began calling the police and ordering the arrest of Crawford every time she

found him in the Bader home. Crawford fought the cases in the police court and got out of most of them without paying a fine.

The widow is alleged to have encouraged him, but not in sight of her mother. In her mother's presence, it is declared, she would vehemently order Crawford away and in half an hour telephone him to come back. A few days ago Mrs. Bader obtained an injunction. Crawford has engaged a lawyer.

### FORMER PENDLETON MAN TO BOOST MOVIE CIRCUIT

CHAS. W. MEIGHAN SELLS OUT OGDEN ADVERTISING AGENCY TO TAKE POSITION OF PUBLICITY DIRECTOR.

Charles W. Meighan, former local newspaperman and son-in-law of Mr. and Mrs. John Halley Jr., has sold out the Meighan Advertising Agency of Ogden, which he and his wife have built up to prosperous proportions during the past year, and will accept an offer from the Swanson circuit of moving picture theaters to act as publicity director. He and his wife will move to Salt Lake in the near future.

Speaking of the transfer of the advertising agency to W. E. Zuppman, an Ogden newspaperman, the Ogden Examiner of last Sunday has the following to say about Mr. Meighan's new position: "Mr. Meighan is to be publicity director for the three theaters in Salt Lake City as well as the others in the Swanson circuit. He is also to be president of the Public Advertising company, a new \$10,000 corporation owned by Mr. Swanson which has just taken over the sanitary waste-paper advertising privileges in Salt Lake City and which will also handle billposting, sign-painting, publication of a new magazine devoted to motion pictures and other advertising mediums connected with the various theaters."

William H. Swanson, who controls the Swanson circuit, is one of the biggest men in the motion picture world. He is the father of the Universal Film Mfg. Co., the largest in

the world, and recently disposed of his interest in it for a million dollars. He was one of the first motion picture camera operators in the world and the first to exhibit motion pictures. He has built up a fortune in the business and has the reputation of rewarding those who are of service to him. Mr. Meighan considers the position offered him an opportunity he could not afford to pass up even at the sacrifice of a growing business.

### SUBMARINE THAT SANK ITALIAN CRUISER IS LIKE AMERICA'S C-1

WASHINGTON, July 28.—The Austrian submarine which sank the Italian cruiser Giuseppe Garibaldi last week in the Adriatic sea is an exact duplicate of the United States submarine C-1, one of the oldest and slowest underwater fighters of the American navy now in commission. The Austrian boat was built under Holland patents, but the engine and other parts were constructed in this country some years ago and shipped to Austria to be installed. A sister ship recently sank an Italian transport.

The C-1 which was commissioned in 1908 and is now in service at Panama, has gasoline engines for surface operation and a cruising radius of less than 1000 miles. Since her construction oil engines have been developed for use in submarines, and the latest types designed for the American navy have a radius of more than 4000 miles. The C-1's engines develop approximately 500 horse power and she has a speed of ten and a half knots on the surface and ten knots submerged.

The big cruiser submarine Schley, now building for the United States navy, will have nearly 4000 horse power, a speed of probably 25 knots on the surface and displacement of 1000 tons, being more than three times the size of the C-1.

### U. S. TO SUE CITIZENS WHO WERE HELPED OUT OF EUROPE

WASHINGTON, July 28.—Suits are about to be brought by the government against American citizens, who, though apparently able to do so, refused to repay money expended for their relief when they were stranded in Europe at the outbreak of the war.

Many of those aided have reimbursed the government, but Secretary McAdoo said there had been a number of refusals, and that he would ask the department of justice to institute suits.

Treasury officials say that so far no exact accounting has been made of the amount expended in relief work. Congress appropriated \$2,750,000, and it is believed that more than \$2,000,000 was used.

### CHINESE-AMERICAN BANK WITH \$5,000,000 CAPITAL

LONDON, July 27.—A Peking dispatch to the Daily Telegraph reports: "Information received here confirms the report that the influential Chinese commercial mission which is visiting America has finally succeeded in completing arrangements for the flotation of a Sino-American bank with a capital of 1,000,000 pounds, designed to offset the commercial and political activities of rival powers and to build up a new relationship with the Pacific coast."

### RUDOLPH MALIK ON TRIAL.

Two Indictments Against Austrian Who Threatened President.

NEW YORK, July 28.—Rudolph Malik, an Austrian salesman, was placed on trial in the federal court, charged with having written a menacing letter to President Wilson, the technical charge in the indictment, operating a scheme to defraud by means of the mails, is based on the fact that in the letter to the president there was demanded an indemnity of \$200 because of Malik's enforced detention in the United States, and he threatened if the money was not forthcoming he would commit a "political crime."

A second indictment charges that in a threatening postcard mailed to the Consul General of Austria-Hungary Malik threatened to shoot everybody in the consul's office. The government claims this is the "political crime" which the defendant referred to in the Wilson letter. Malik denied writing the letter and post cards.

### THE GOOD JUDGE GETS A COMPLIMENT FROM THE BRICKLAYER

GET steady tobacco satisfaction—all day, every day, from a clean, small chew.

That's the beauty of the Real Tobacco Chew. It's glad news that a man can't help telling his friends about as soon as he learns the facts himself.

A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

THE REAL TOBACCO CHEW IS NOW CUT TWO WAYS!! W-B CUT IS LONG SHRED, RIGHT-CUT IS SHORT SHRED!!

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it until you find the strength chew that suits you, then see how easily and evenly the real tobacco taste comes, how it satisfies, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is The Real Tobacco Chew. That's why it costs less in the end. The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes you spit too much.

One small chew takes the place of two big chews of the old kind.

Notice how the salt brings out the rich tobacco taste.

127 Emily St., Saginaw, Mich.—"Several months ago my face broke out with eczema. It got worse and worse. It was a sight, all red and bleeding. The eczema disfigured me for the time being. It caused much itching and of course I scratched my face and irritated it."

"I took a treatment but it did not seem to help any. I used several kinds of salves and soaps and they did no good. My face began to get worse. My brother said to go to the drug store and get a cake of Cuticura Soap and some Cuticura Ointment which I did. I then washed my face with Cuticura Soap and applied the Cuticura Ointment and kept this treatment up for some time. After using two cakes of Cuticura Soap and the Cuticura Ointment my face was free from the eczema." (Signed) Ray L. O'Brien, June 18, '14.

### He Removed the Danger Signal

"I suffered a long time with a very weak back," writes Fred Smith, 325 Main St., Green Bay, Wis. "A few boxes of Foley Kidney Pills completely relieved me of all soreness and pain in the back, and now I am as strong and well as ever." "One cannot help becoming nervous and feeling tired and worn out when the kidneys fail to filter and throw out of the system the poisonous waste matter that causes kidney troubles and bladder ailments." "Backache is one of Nature's danger signals that the kidneys are clogged up and inactive. It is often followed by rheumatism, annoying bladder or urinary disorders, puffiness under the eyes, swollen ankles and painful joints." "Foley Kidney Pills get right at the source of trouble. They invigorate the kidneys to healthy action and when the kidneys properly perform their functions the poisonous waste matter is eliminated from the system. Sold Everywhere."
