PUT STOMACH IN FINE CONDITION

SAYS INDIGESTION RESULTS FROM AN EXCESS OF HYDROCHLORIC ACID.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sour in the stomach much like garbage sour in a can, forming acid fluids and gases which inflame the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Epsom Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescing and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.

MAY PROVE FATAL

When Will Pendleton People Learn the Importance of It?

Backache is only a simple thing at first;

But if you find 'tis from the kidneys;

That serious kidney troubles may follow;

That dropsy or Bright's disease may be the fatal end.

You will be glad to know the following experience.

The statement of a Pendleton citizen.

Mrs. George W. Badgett, Box 523, Pendleton, says: "One of my family had spells of backache and at times was laid up for a month. Straightening up quickly after bending caused severe twinges in the small of the back. The kidneys were out of order. Doan's Kidney Pills were recommended by a physician and they have never failed to relieve these ailments. I have also used Doan's Kidney Pills myself and recommend them as a good kidney medicine."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Badgett recommends. Foster-Milburn Co., Props., Buffalo, N. Y.

cattle the feeling is intensely weak and while it is true that cattle may be good enough to bring \$6.75, and even as high as \$7.00 in the steer division, still the average run of what is called good stuff has not been quoted above \$6.49@8.50 recently, while cows of average quality were no higher than \$5.00.

There was a small run of cattle reported in the North Portland yards overnight, but killers showed little disposition to take hold. In fact, practically all business that passed, was forced by receivers.

A feature of the trade today was the receipt of a carload of dairy cows from the Multnomah county poor farm at Troutdale. The animals were discarded owing to being poor milkers. Cattle market situation in the east this morning was steady to weak with lower prices in some quarters.

General cattle market ranges:
Select steers \$4.50@6.40
Best hay fed steers 6.25@6.35
Good to choice 6.00@6.25
Ordinary to fair 5.00@5.75
Best cows 5.25@5.50
Good to prime 5.00@5.25
Select bulls 4.50@5.00
Fancy bulls 4.25
Ordinary bulls 3.75@4.00

Hogs 5c to 10c Lower.
Market for hogs today was 5@10c lower than yesterday at North Portland. Top sales in the North Portland market this morning were around \$7.30, with killers not inclined to hurry purchases, even at the lower price. Butchers have a surplus still on hand and this is growing instead of showing a decrease.

At eastern points the market for swine was steady to weak and lower this morning.

General hog market ranges:
Best light 7.30
Medium light 7.15@7.25
Good to heavy 7.00@7.10
Rough to heavy 6.00@6.50

Mutton a Quarter Off.
Generally speaking, the market for mutton is showing a loss of a quarter at North Portland. While receipts at the yards recently have been comparatively small so far as open market offerings were concerned, some of the leading killers have been bringing in large bands direct from the country and now have a surplus on hand.

Top lambs are today not being quoted above \$7.50 and it takes exceptional quality at the moment to bring above \$7.25. Other offerings in the sheep division are correspondingly reduced.

Mutton market was strong and higher to weak and lower at various points in the east this morning.

General sheep market ranges:
Choice spring lambs \$8.25@8.50
Common spring lambs 5.75@6.00
Choice yearling wethers 5.00@5.25
Good yearlings 4.75@5.00
Old wethers 4.75@5.00
Choice light ewes 4.25@4.50
Good ewes 4.25
Rough, heavy ewes 3.50@4.00

FOREIGN GRAIN CROPS NOT UP TO STANDARD

(From The Journal.)
PORTLAND, Ore., July 29.—Broom-corn crop cables today:

United Kingdom—Drouth affected all crops. Wheat will hardly prove an average crop. Barley and oats much below average.

Greece—Crop prospects lowered; rains attend harvest.

Russia—Weather favors harvest. Small amounts leaving Acharagel for France.

Austria—Official reports place the yield of wheat for Hungary at 172,000,000 bushels compared with 104,000,000 bushels last year. Believe this is exaggerated and last crop was very small one.

Far Western Championships.
SAN FRANCISCO, July 29.—The Far Western championship contests, track, field and marathon probably the most important athletic events of the fair this year, begin tomorrow with a strong list of entrants. The meet will conclude Saturday.

NEW YORK, July 29.—A 10-round bout that should go a long way towards determining the next opponent of Lightweight Champion Freddie Welsh will be staged tonight at Madison Square Garden between Jack Britton of Chicago, and Johnny Dunlop of the contenders' heap and dee. Both men admittedly are at the top of the contenders' heap and both, in the opinion of ring men, could beat Welsh in a long fight. Betting today was even.

MANY CREDENTIALS RECEIVED

Inquiries Indicate Heavier Enrollment Next Fall Than Ever Before at O. A. C.

OREGON AGRICULTURAL COLLEGE, Corvallis, July 29.—The registrar's office is receiving more college entrance credentials than it received at the corresponding period last year, said H. M. Tennant in reply to the inquiry as to the outlook for attendance the coming year at the Oregon Agricultural College. "Reported hard times combined with the raising of requirements for entrances into the degree courses seem to have made no impression on the prospective student body. A disposition to seek specialization in chosen lines of work is evidently the moving force behind the vast number of inquiries reaching the office, since about double the usual number from students in colleges elsewhere has already been received."

A feature of the inquiries from prospective vocational students is the increased age of those seeking entrance. It is not at all unusual to receive several inquiries a day from persons of twenty to forty years of age. A practical, middle-aged farmer of the Willamette valley announces his intention to come and take special work in dairying, going especially into the manufacturing phase of the subject. Another past forty expects to take work in general agriculture and farm practices. One thirty-eight years of age wants to come and study methods of bee-keeping on the farm. And so it goes along the line, with many seeking to make themselves more proficient in home-making and in office and shop. Three trained nurses of Portland have also announced their wish to enter and specialize in dietetics and food preparation for invalids.
