

### Newsy Notes of Pendleton

#### Returns from Eastern Visit.

J. W. Fellbaum returned to Pendleton Tuesday morning after a seven-weeks trip through the middle west where he visited relatives.

#### Painting Up "Happy Canyon."

The first step in the preparation for "Happy Canyon" is being taken today. The old fair pavilion in which the evening Round-up show will be staged is being given a new coat of blue and the big dates are being changed to conform with the dates selected for the entertainment this year.

**Sand Company Incorporates.**  
The Umatilla Sand & Gravel Co. is the latest corporation in the county. Articles of incorporation were filed yesterday by Earl Gillanders of this city and D. C. and Cyril Brownell of Umatilla. The company is incorporated for \$10,000 and will furnish sand and gravel for all purposes.

**Vincet to Have Water System.**  
Vincet, the newest town in the county, is to have a public water system. Articles of incorporation were filed today by A. T. Smith, J. P. Caldwell, O. J. Kirk and W. F. Gentry for the purpose of furnishing water for domestic use and fire protection. The capital stock is to be \$1500, divided into 300 shares.

**Charities Wants Clothing.**  
The Associated Charities at its meeting last evening decided to send out a general request to townpeople for old clothes, furniture and other articles of which needy people can make use. The association is getting ready for the fall and winter when the demands upon it are constant. Some appeals have been received this summer. Anyone having anything of service to contribute should call up Mrs. G. W. Rugg or Mrs. E. C. Anibal.

**Sent to Reform School.**  
Charles Cross, the boy who was captured by Agent T. F. O'Brien just after he and two others had broken into an O-W. boxcar, was this morning committed to the state industrial school at Salem to remain until he is 21. His parents live in Portland but did not appear at the hearing set for the boy who has been in trouble before in Portland.

**Wheat Market Still Quiet.**  
Quietness still reigns in the local wheat market with little change in the prices.

**Confined To His Home.**  
Joe Murphy of Murphy Bros., is confined to his home and is under the doctor's care owing to a slight illness.

**Purchases 40 Steers.**  
Charles Rayburn, well known local butcher, today purchased 40 head of fine two-year-old steers from Gritman Bros.

**Gives \$100 To Swimming Pool.**  
At a meeting of the board of managers of the Commercial association this morning, an appropriation of \$100 was made to the natatorium fund to help make up the balance due the contractors.

**Injured Commissioner Recovering.**  
County Commissioner H. A. Waterman, who suffered a broken leg and other injuries when run over by an auto bus yesterday morning, is reported to be resting easily today at St. Anthony's hospital. He will probably remain there several days before going to his home at Hermiston.

**Buy Residence Lots.**  
Ben F. Trombley, proprietor of the Oregon Motor Garage, today purchased from Mrs. F. E. Vincent the two lots cornering on Main and High streets and formerly owned by Walter Adams. The deal was made through the agency of Charles E. Heard.

**Cougar Kills Steer.**  
The loss of a big steer near Meacham through the medium of a cougar has aroused the neighborhood and the residents are preparing to go forth in search of the big cat. They sent down for a bunch of hunting licenses this morning, not knowing that a license is not necessary for the hunting of predatory animals.

**Fined \$25 For Speeding.**  
Harry C. Hayes, traveling agent for the Howard Automobile Co. of Portland, this afternoon paid a \$25 fine when he pleaded guilty in police court to driving an auto faster than 15 miles an hour. The offense was committed last evening. Hayes, being a stranger in town, declared he was ignorant of the speed limit. Another John Doe warrant has been issued for a similar offense but has not yet been served.

**Asking For Fair Appropriations.**  
At the meeting of the county court this afternoon, action will be taken upon the application of Hermiston and Vincet for \$500 each for their annual fairs. The county fair board has recommended the appropriations from the fund derived from the state and the members of the board are attending the meeting of the court this afternoon. Lou Hodgen of Vincet and E. P. Dodd of Hermiston, together with Major Lee Moorhouse and Supl. I. E. Young compose the board. C. S. McNaught and J. T. Hinkle of Hermiston are also before the court.

**Small Fire in Hotel.**  
Shortly after 5 o'clock last evening smoke was noticed issuing from a room on the fifth floor of the Hotel Pendleton. Manager Fred Bloch and Jack Flynn, one of the patrons, made an investigation and discovered a dresser on fire in the room of Ned Neill. They secured the hotel hose and soon had the flame extinguished. The origin of the fire is unknown but it is presumed to have been started accidentally while Mr. Neill was smoking in the room. The dresser was badly charred and some damage done by water. Mr. Neill lost some of his belongings which were in the dresser.

**Meacham District to Stay Intact.**  
The Meacham school district will remain as it is, the county boundary board this morning refusing to grant a petition for its division. Residents of Meacham proper had petitioned for a division along lines that would have made the territory immediately surrounding the station a district in itself. A remonstrance by residence of the outlying community set up that the assessed valuation of the land cut off would be so small that a very high tax would be necessary to support a school. Investigation showed that the property in the proposed Meacham district would be valued approximately at a million dollars whereas the district cut off would have only \$100,000 worth of property. The court, therefore, refused to grant the petition. P. E. Marshall and J. B. Baker were here this morning to represent the petitioners and George B. Greene represented the remonstrators.

**Holy Jumpers Meeting.**  
WAUKESHA, Wis., Aug. 5.—The annual camp meeting of the Metropolitan church association, known as the "Holy Jumpers," opened here today. Meetings will be held morning, afternoon and evening under the direction of Rev. Edwin L. Harvey, daily during the ten days' session. The speakers will include Rev. and Mrs. C. T. Hollingsworth of England, Mrs. Josephine S. Norman of South Africa, and Rev. and Mrs. A. E. Moksstad of India.

**Wheat Prices Today.**  
CHICAGO, Aug. 5.—Close, Sept. 197 7-8; Dec. 103 3-4 A.; May, 113 3-8.  
PORTLAND, Ore., Aug. 5.—Club, 98; bluestem, 101.

Seamless Double-Vision Lenses  
Double-vision glasses need not be any more conspicuous than regular one-vision glasses.

### KRYPTOK LENSES

Worn by the person of middle age differ in no way in appearance from the regular single-vision lenses worn by young people.  
There is no cement to cloud the vision—no rough edges to catch the dust, the surface is entirely smooth.

Royal M. Sawtelle  
Established 1887

## What About Those Tub Dresses Just Received

Think of it, Spot Cash bought the entire lot. The manufacturer wanted to get rid of them. THIS BIG SYNDICATE COULD USE THEM AT A PRICE for their 83 Busy Stores. Our allotment was only about fifty; these went last long at the Golden Rule Price.

- \$1.98—Think of this price for an afternoon dress ready to put on, worth \$3.50 or \$4 if bought in the small way.
  - \$2.98—Another assortment worth your time to look at. You will not get a better value if you paid \$5.00.
  - \$3.98—At this price you will find dresses that are good values at \$6.00 and \$7.00, but we bought them right and give you the benefit of our buying power.
  - \$4.98—Nothing in the lot marked above this price, when any one store merchant would have to get \$8.00 to \$10.00 for this assortment, but it's the Golden Rule way.
- New assortment of the new early Fall shirt waists just received at \$1.98 and \$2.98

YOU CAN DO BETTER AT **The Golden Rule** WE LEAD OTHERS FOLLOW

## War May End Before Winter is the Official Berlin Belief

BERLIN, Aug. 5.—With the fall of Warsaw a matter of hours, no attempt was made in official circles to conceal the belief the war may end before winter. The Kaiser is expected in Berlin on Saturday. In a conference with his ministers next week he will discuss the moves to be taken against the enemy following the capture of Warsaw. The program for the fall will be decided on before the Reichstag assemblies on August 17, and then will come a campaign which officials believe will bring an early peace.

## STRAP-HANGING IN STREET CARS RUINS THE ANATOMY

OSTEOPATH SAYS HIGH CAR STRAPS ALSO ARE A CON-TRIBUTORY CAUSE.  
PORTLAND, Ore., Aug. 5.—High steps on the street cars and strap hanging are wrecking the anatomy of the American people, declared Dr. H. H. Fryette of the faculty of the Chicago College of Osteopathy at today's session of the International osteopathic convention.  
Dr. Fryette is an authority on the innominate bone and sacro-iliac joint. These are two things which are displayed by the particular twist and strain produced in an attempt to mount street cars which have too high steps.  
Strap hanging, particularly by women, is also denounced by Dr. Fryette as another of the undue strains not only upon this point, but on even more vital parts of the body. These two would not be so injurious to athletes, explained the speaker, but the average city dweller is not sufficiently developed muscularly to offset the strain of the joint in the particular circumstances. Osteopathic physicians claim to have recorded many thousands of cases of this sort, a very large percentage of which are produced in this way.  
The cure of catarrhal deafness is now successfully performed by new osteopathic methods of finger surgery in the throat, according to Dr. James D. Edwards of St. Louis, who demonstrated his technique today.  
Hay fever can often be cured by osteopathic adjustment by means of the finger in the throat, according to Dr. H. M. Goehring, of Pittsburgh, who reported a large number of cases which had responded to this new treatment.

## FORCES OF CARRANZA AND VILLA CLASH OVER BORDER

WASHINGTON, Aug. 5.—Carranzistas under General Calles attacked the Villista outposts at Nogales, Sonora, at 4 o'clock yesterday, the state department was advised. Consul Simpich served the usual warning upon the contending factions as to firing over the American line.

## BETWEEN 50 AND 100 ARE LOST IN ATLANTIC STORM

NEW YORK, Aug. 5.—Clearing weather on the Atlantic coast and a partial restoration of communication produced reports indicating between 50 and 100 lives were lost in the disastrous storm Tuesday night. At Erie 29 bodies have been recovered. Eighteen are still missing. Extensive measures for relief of the hundreds of homeless have been taken.  
Nine lives were lost at New York. Along the New Jersey coast the property damage amounts to two million. Throughout the storm area the crop damage amounts to millions.

## WAR BULLETINS

**French Lose Trenches.**  
PARIS, Aug. 5.—The loss of a line of trenches to the Germans on the Lingekopf plateau in the Vosges was admitted by the war office. Swarming up the slopes in determined charge regardless of the heavy fire from machine guns, the enemy forces overwhelmed the French and forced their retirement at certain points, the communiqué stated.  
Along the Aisne and in the Argonne regions artillery engagements are in progress. In the Artois region cannonading and hand grenade attacks continue.  
**Fredrick Made Field Marshal.**  
BERLIN, Aug. 5.—Archduke Frederick of Austria has been made a Prussian field marshal in recognition of his services in the east.

(Continued from page one.)  
to the decision reached by the Pan-American conferees, either voluntarily or by force. It is expected a definite time will be fixed in which the Carranzistas and Villistas and Zapataistas may come to terms and settle their differences among themselves. If peace is not restored within that time, then it is believed a definite program, decided upon in advance, will be carried out, in which the United States will have the support and cooperation of the other American powers.

♦♦♦♦♦  
**PORTLAND GIRL DIES FOLLOWING ACCIDENT**  
PORTLAND, Ore., Aug. 5.—Injured when she fell from a swing Tuesday, Virginia Burns, 13, daughter of W. J. Burns, president of the Balfour-Guthrie Company, died of hemorrhage of the brain.

Marguerite Snow and James Cruze in **"HIS GUARDIAN AUTO"** Showing a drunken auto. A good comedy.

**"THE TAVERN KEEPER'S SON"**  
A Broncho 2 reeler, with a story of fortune and temptation, by Thomas H. Ince.

**"THE STRIKE AT CENTIPEDE MINE"**  
A strong labor drama in 2 reels.
