T. P. W. TRADING STAMPS NOTICE
Those having T. P. W. trading stamps, please cash them at your earliest convenience.

GOOD PEOPLE, one week of my sale will be over tonight and I want to tell you that has been a greater success than I had expected. I promised to make things hum if honestly reduced prices could do it and they have done it.
A great many dollars have been saved by our customers, just because The Peoples Warehouse had to move quickly an oversupply of merchandise.
The next and last week of this sale will see thousands of dollars stretched beyond their normal buying power at this store. Will some of yours be on the job?

Gen. G. O. Farther

CITY HALL AND PARK PROPOSED FOR ECHO THROUGH BOND ISSUE

PETITIONS ARE PRESENTED THE CITY COUNCIL AT LAST MEETING.

20 Acres of Land for City Park. Among Improvements Wanted—Majority of Tax Payers Sign Petition—Adjourned Meeting Will be Held to Take Up Matter.

(Special Correspondence.)
ECHO, Ore., Aug. 5.—At the regular meeting of the city council here on Wednesday evening, petitions asking for the building of a city hall and purchasing of twenty acres of land adjoining town and belonging to the Teel estate for a city park were presented. Both petitions were signed by a majority of the tax payers of Echo. An adjourned meeting of the city council will be held next Tuesday to consider both propositions. Committees have been appointed which will report at that time.
Echo is in splendid financial condition at this time and has never had to issue bonds for any purpose.
It has long needed these improvements and it is quite likely that an election will be called for the purpose of voting bonds.
J. G. Thomas, head miller of the Echo Flour Mill went to Portland on Thursday for a short business visit.
Mr. and Mrs. B. T. Brown of Bendleton, their wives the Misses Brown of Cincinnati, Ohio, and Tom Gardner of Pendleton visited in Echo yesterday while making a tour by auto of this end of the county. They were at the government reservoir as well as through the grain fields east of Echo and through the Meadows on the west of town. They returned to Pendleton in the late afternoon.
Mr. and Mrs. T. M. Johnson and family of this place accompanied by Miss Ada Brown of Bendleton left here this morning on a three week trip. They expected to go via Portland, Ore., Olympia, Wn., and spend some time on the Sound and coast of Washington. They are making the trip in their seven passenger Buick.
Mayor Hugh D. Smith returned Wednesday from a few weeks stay at the Green Horn Mountains.
Wm. Wilder and Oa. Baumgardner were in town yesterday from the Meadows.
Mrs. Wm. Howard and Mrs. John Beavert of Stanfield spent Thursday in Echo.
Mrs. Helen Hardin of Red Bluffs, Cal. is here visiting at the home of Mr. and Mrs. F. M. Scribner.
Mrs. Ira Daniels and son Miles left the first of the week for San Francisco on a visit to Mrs. Daniels' brother.
Mrs. H. B. Stanfield returned yesterday from a visit in Portland.
H. C. Smithers has gone to Hoskins camp near Kamela on a vacation.
W. B. Hinkle and wife returned Wednesday from Lehman Springs.
Mrs. Ella Ripper and Miss Clara Ripper arrived home yesterday morning after an extended visit in the Willamette valley.
Mrs. R. G. Mashburn and Mrs. Claude Sloan are visiting in Portland and neighboring valley towns.

You get such relief and comfort! Life and the world will look brighter. Get a bottle today. 1 ounce for 25 cents, at all druggists. Penetrates without rubbing—Adv.

Bee Hunters Watched.

OLYMPIA, Wash., Aug. 5.—The sport of hunting wild honey has caused so many forest fires in the state of Washington that Fire Warden E. W. Ferris has sent instructions to Deputy Wardens throughout the state to use additional precautions and effort to prevent timber losses.

The warden reports the arrest and conviction of two honey hunters in Snohomish county since the in-

OREGON FARM METHODS MADE MATTER OF RECORD

OREGON AGRICULTURAL COLLEGE, Corvallis, Aug. 5.—Farmers can contribute much to the development of improved agriculture by making records of their most successful farm operations. It is altogether likely that if all farm practices in Oregon were as good as the best that has been developed by some farmer, the general level of agriculture would be materially raised. By making a detailed record of the various steps by which the result was secured the farmer would be able to repeat and also to help others. The facts of the record could be published in the home newspaper and if general interest in agricultural papers and the agricultural college press bulletins.

Professor C. L. Lewis, "was prepared by R. W. Allen, superintendent of the farm. It makes use of the loose leaf system so that records are progressive by inserting a new leaf descriptive of each addition to the experiment. When the experiments are completed there is an accurate and detailed record of each step with no other matter mixed in with it. A glance will show whether the results were good, and if they were it is easy to repeat them. If not, they be thrown away."
Of course this is more elaborate record-making than is adapted to the farmer's use, but an account of the main steps, such as plowing, fertilizing, preparing seed bed, culture, harvesting and marketing or storing and using, would not require much work and would in many cases afford a veritable mine of valuable information. Farmers of southern Lane county are invited to send in stories of success to the Cottage Grove Sentinel, which will give them

wide publicity in that part of the state. Doubtless other papers would also give space to stories of success and how it was achieved, since the general welfare of a agricultural community depends largely upon the progress of agriculture.

WAR ODDITIES.

BELFAST.—Hugh McCruden, a German Jew, member of a British regiment, supposedly intoxicated, cheered for the Kaiser and was arrested under the defense of the realm act.

LONDON.—Lord Kitchner has turned the park and gardens of his country home over to wounded soldiers who may roam and pick flowers "as much as they like," according to the warlord's orders.

ATHENS.—That General Linman Von Sanders, commander-in-chief of the Turkish army, in constant fear of assassination goes about daily clad in armor that not only covers his body but his head, is the statement today of the Constantinople correspondent of an Athens paper.

The general's head "impediment" resembles somewhat the head armor of the commander's face when can be seen through thick glass goggles.

Despite all precautions, according to other advice, von Sanders was wounded. It was not stated whether he was hit when clad in the armor.

GERMAN-OWNED SHIPS GET U. S. REGISTRY

WASHINGTON, Aug. 5.—Secretary Lansing and Acting Secretary Sweet of the department of commerce, in conference today, agreed that American registry could not be denied to eleven foreign built steamers purchased for the American Trans-Atlantic company, a corporation headed by Richard O. Wagner of New York. The freighters were purchased in British, Scandinavian and Mediterranean ports by a Danish agent and a Dutch merchant with money supplied by a capitalist of Essen, Germany.

Prompted by the discovery that German capital was back of the enterprise, the applications for American

registry were held up pending investigation.

The department was satisfied that the steamers, valued at \$2,000,000, represented German capital, but the Wagner company offering the ships for entry is a Delaware corporation, capitalized at \$250,000, and Wagner, warned Wagner that if his vessels are American citizens, is president.

The bureau of navigation, however, sought to arrange in European trade they probably would find their vessels seized.

Hood River Apples Fewer.
HOOD RIVER, Ore., Aug. 4.—While it is still too early to make definite estimates and while the opinions of various experts differ slightly, market men and growers agree that the Hood River apple crop will be far smaller than that of last year, when approximately 300,000 boxes of fruit were shipped.

This season's crop is estimated at from 60 to 75 per cent of that of last year. On account of the small crop here and the light yield over the entire nation, those in touch with market conditions predict that growers will get profitable returns on the year's business.

Developments in Archangel.

LONDON, Aug. 5.—It is only about two months since Archangel was once more open to navigation. Since that time the little port has developed its activities to an incredible extent. On the quay of the river Dwina and even in the streets of the town piles of goods from America, Spain and England all marked "in Archangel," await inland transportation. Rheds 200 yards in length have been erected since the spring, in which are stored thousands of tons of wheat brought to the port for exportation by the Russian Society. The Dwina is the river by which most of the merchandise sent to Archangel is forwarded into Russia, and rafts of a length of from 150 to 200 meters have been constructed for river transport purposes.

A railway line runs from Archangel to the center of Russia. It was constructed by a merchant of Moscow, Sayva Mamoutoff, who was also the builder of the Donets line.

Merchants Endorse Market.

OREGON AGRICULTURAL COLLEGE, Corvallis, Aug. 5.—The public market to be established at Eugene, Oregon, will have the support not merely of the producers and con-

Summer Foods as Cause of Dyspepsia

EFFECT ON DIGESTIVE ORGANS RESPONSIBLE FOR MANY ILLS.

Summer should be the season of most perfect health but impure water and milk, unripe fruit and a tendency to over-indulge in acid foods and lead drinks results in a contrary condition in many people.
The effect of the average summer diet is to constipate even normally regular bowels, and disturb the digestion. This condition can best be corrected by the use of a mild laxative that has combined with it the elements of a digestive tonic. The combination of simple laxative herbs with pepsin that is sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin is gentle, yet positive in its action and brings relief in an easy, natural manner, without griping or other discomfort.
A dose of Dr. Caldwell's Syrup Pepsin on retiring each night will regulate the digestive organs and insure

healthy activity, irrespective of one's diet. A bottle of this splendid remedy should be in every household. It is not expensive and can be purchased for only fifty cents in drug stores everywhere. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 453 Washington St., Monticello, Ill.
