National Forests Take in Over \$2,000,000 for Year

PORTLAND, Ore., Aug. 11.—The national forests turned into the U. S. treasury during the fiscal year ended June 30, 1915, nearly \$2,500,000, an increase of more than \$400,000 over the receipts of the previous year, according to a statement just issued by the forest service. The timber sales, which amounted to \$1,144,000 on account of the depressed condition of the lumber industry about \$780,000 less than those of the previous fiscal year, but the gain was made possible by larger revenues from other sources. The grazing re-

ceipts, which totaled \$1,125,000, increased \$127,000 over last year, and the water power receipts, which amounted to not quite \$50,000, showed an increase of nearly \$42,000. The demoralization of the turpentine industry on account of the war's curtailment of the naval stores market caused the receipts from the sale of turpentine privileges on the national forests to drop to about \$900,000, as against nearly \$15,000 last year. The sale of special use permits, under which all sorts of enterprises, from apiculture to whaling stations, are operated on the forests, yielded nearly \$78,000, an increase of \$9000 over last year. There was a decrease of nearly \$37,000 in the revenues derived by the settlement of trespass cases in which government timber had been cut without intent to defraud, the revenue from this source being only a little more than \$3,000. More than \$7000, however, was collected from other timber trespass cases. Grazing trespass cases yielded nearly \$6000, an increase of about \$500; occupancy trespass cases, which occurred in only one of the seven forest districts, turned in something less than \$250; about \$60 was derived from turpentine trespass

cases, and \$600 from fire trespass cases, the latter being more than \$7,000 less than the amount collected in the previous fiscal year for damage to government property through fire carelessly or willfully started in or near national forests.

SEATTLE FOLK TO FORM AIR CORPS

SEATTLE, Wash., Aug. 10.—W. E. Boeing, president of the Greenwood Timber company, prominent clubman, student and one of Seattle's wealthiest citizens, is taking instructions in California flying an army airplane, and on his return here will proceed to perfect the organization of an aviation reserve unit for his country's defense. He is at the Curtis Aviation School, San Diego. It is understood that while in San Diego he will order a 100-horsepower Curtiss warplane and donate the machine to the Seattle Aero Club, of which 20 persons, four of whom are well-known Seattle society women, already have signed the roster as charter members. G. C. Westervelt, assistant naval instructor in the United States navy, assigned to duty to the Seattle Construction & Drydock Company by the navy department, is siding in the formation of the Washington aerial reserve. This reserve eventually will become a portion of the Aero-Military Service

Federation of America, now consisting of the First Aviation Corps, with Mortimer Delano as acting colonel commandant. This corps is the aeronautical arm of the provisional Federal Volunteers of the United States of America, and is authorized in time of war to form into aviation regiments under the terms of the Hay war volunteer bill of 1914.

MORE SHIPS ADDED TO 'FLEET OF MERCY'

NEW YORK, Aug. 9.—In addition to the recent new charters of ships for Belgian relief, the Commission recently made the announcement that it had chartered the Norwegian steamer Zaiderdijk, which sailed immediately from Rotterdam to discharge a cargo in New Orleans and Philadelphia, from which latter port she will sail for New York to take a cargo of food for the Belgians. The Zaiderdijk is a new steamer of about 3,500 tons burden and will prove a fine addition to the "Fleet of Mercy" which within the next few weeks will be greatly augmented, for, with the rapid diminution of the food supply, which is now furnished in part by the present season's harvest, the needs of the Belgians will very soon be greatly increased.

Garrison's Report Nearly Ready. WASHINGTON, Aug. 9.—Secretary Garrison, of the war department, left for his home in Sea Girt, N. J., to put the finishing touches to his report on the nation's military situation, recently requested by President Wilson.

SOCIETY

A large throng of dancers last evening attended the dance given in the Moose Hall in honor of Carl Golott, the musician who last week miraculously recovered his sight after many years of blindness. A ten piece orchestra contributed the music and Mr. Golott himself played a number of times to help celebrate his own good fortune. The crowd had a highly enjoyable time, dancing to the happiness of the musician.

Among the Sunday visitors to Elingham from this city were Mr. and Mrs. George Peringer, Miss Muriel Peringer, Miss Thelma Thompson, Miss Katherine Thompson and Dr. and Mrs. David B. Hill.

Mrs. Frank B. Hayes and little son, Burke, left today for Portland to be the guests of Mrs. Oliver P. Morton.

Two charming visitors in Portland this week are Miss Mildred Finell and Miss Jean Heber, of Pendleton, who are the house guests of Mrs. J. H. Dickson, of Irvington. Another visitor from Pendleton is Walter E. Owen, who is being entertained by friends.—Portland Oregonian.

Misses Frances and Addie Taylor of Kansas City, Missouri, arrived at noon today to spend three weeks as guests of Mr. and Mrs. Henry J. Taylor. They are nieces of Mr. Taylor and this is their first trip west. Miss Frances is a stenographer in the Kansas City railway offices and her sister is an instructor in music.

Mr. and Mrs. John Van Orsdall of Portland, formerly of this city, came up yesterday morning. Mrs. Van Orsdall is the grand guardian of the Women of Woodcraft.

Mr. and Mrs. Hugh Kern and two sons of Heppner are in Pendleton with the expectation of making this city their future home. Mr. Kern having sold his sheep ranch in Morrow county.

sure of it. Wife—Do you think, John, silence is golden. Hubby—I'm sure of it! If I'd kept my mouth shut I'd still be a bachelor.—Judge.

HUNDREDS OF WOMEN nowadays are entering the profession or business world and go to work day after day in bad health, afflicted with some female ailment, dragging one foot wearily after the other, working with an eye on the clock and wishing for closing time to come.

Women in this condition should take Lydia E. Pinkham's Vegetable Compound, made from roots and herbs. It has brought health and happiness to more women in America than any other remedy. Give it a trial.—Adv.

COREY SEES THREE YEARS MORE OF WAR

WILLIAM E. COREY.

NEW YORK, Aug. 11.—William E. Corey, ex-president of the United States Steel Corporation, who returned to this country on the French lines Epaveux, after some time spent in France in the opinion that the war will last from three to four years longer.

"The allies are going to fight to a finish," said Mr. Corey. "They are now preparing for a war of at least three years further duration. This is a war of chemistry and mechanics.

"The allies will make every effort to keep the friendship of America and if the war continues as long as I expect it to the allied countries will have to float war loans in America. "As for the United States, the only way of keeping ourselves out of trouble is to maintain an army and navy the equal of any in Europe. It will take us two years to get in shape to fight a European war on equal terms. At present about all we could do would be to defeat Spain or Portugal."

Mr. Corey praised President Wilson, although he is a republican himself. "It is masterly the way he has kept us out of war," said the steel man. "He will eventually be called one of our ablest and best presidents."

35 DROPS - 35 CENTS
Guaranteed under the Food Law
Exact Copy of Wrapper.

Crop Prospects in Country Break All Previous Records

WASHINGTON, Aug. 10.—Three billion bushels of corn, 1,500,000,000 bushels of oats and 1,000,000,000 bushels of wheat are in prospect for this year's American harvest. Record crops of rice, white and sweet potatoes, tobacco, rice and hay also are predicted for the prospective farmers who have planted 218,546,000 acres of 10,000,000 acres more than last year, to their principal products. Wheat Crop Worth Billion. The wheat crop, the greatest ever grown in any country, will be worth more than \$1,000,000,000, while the corn crop's value may reach \$2,500,000,000. Estimates of the principal crops, announced by the department of agriculture, based on conditions of August 1, show that all crops will be greater than last year. Interest centered on wheat and corn. Both showed improvement over July conditions, though excessive rains and cold weather in the central states interfered with threshing. Oats also suffered in these states, but in other sections the improvement more than offset this. Corn Increase Enormous. Corn prospects increased almost 100,000,000 bushels, the principal cause being Illinois, 30,000,000 bushels; Kansas, 24,000,000 bushels; Oklahoma, 26,000,000; Nebraska, 15,000,000; Iowa, 14,000,000, and Texas, 10,000,000. Kansas showed a loss of 12,000,000 bushels of winter wheat, Oklahoma, 4,000,000; Nebraska, 4,000,000, and Missouri, 3,000,000, while Ohio and Indiana showed an increase of 3,000,000 bushels each. Potato Output Gains. White potatoes promise to exceed their former record production by 102,000,000 bushels and sweet potatoes by 4,000,000 bushels. Other increases over record crops indicated include tobacco, 28,000,000 pounds; flax, 4,200,000 bushels; hay, 2,400,000 tons, and rice, 1,500,000 bushels. Corn prospects fell 200,000,000 bushels and oats 15,000,000 bushels below the records. Oregon Yield Greater. The estimates give for Oregon an increased production of 215,000 bushels of wheat and 540,000 bushels of barley over that of 1914, the condition of the barley crop being reported as somewhat above the ten years' average. Washington estimates for winter wheat show an increase of 5,800,000 bushels over 1914 production and an increase of 2,400,000 in spring wheat. Washington's

barley crop is reported in excellent condition, but the yield will be somewhat slighter than in 1914. Idaho's winter wheat yield is estimated as 1,074,000 bushels more than in 1914, while the barley crop estimate is for a yield of 870,000 more bushels than last year.

Georgia Bank Robbed. ROCKMART, Ga., Aug. 5.—A lone robber robbed the Rockmart bank of several thousand dollars and escaped. Posses are scouring the countryside. The robber forced Cashier Famborough into the vault during a temporary fall in business when no customers were present, and seizing all money in sight made good his escape before the alarm was sounded.

ECZEMA IN PIMPLES ON FACE, NECK

And Head, Itched Terribly, Prevented Sleeping, Burned When Scratched, Hair Fell Out. Used Cuticura Soap and Ointment. In One Month Freed From Eczema.

Laclede, Idaho.—"My trouble began on my face, neck and head with small red pimples. They told me it was eczema. It itched terribly throughout the day and prevented me from sleeping at night. It burned terribly when I scratched it. My hair fell out and was very thin and lifeless. "I took treatments but with no good results. I read about Cuticura Soap and Ointment and thought I would try them. So I bought a box of Cuticura Soap and Ointment and began to use them immediately. After using them two weeks I was relieved from the itching and a month later I was entirely freed from the eczema." (Signed) Amodeo Morin, June 5, 1914. In the care of baby's skin and hair, Cuticura Soap is the mother's favorite.

Sample Each Free by Mail With 33-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

Ponce de Leon Failed: His Prize is Found

Ponce de Leon, the daring explorer, searched among the swamps of Florida for the Fountain of Youth, which the Indians said would restore power and make people young. He did not find it. Thousands of chronic intestinal bowel and stomach sufferers have written to Geo. H. Hays, 154 Whiting St., Chicago, in quest of health. They have found it. His remedy, composed of healing vegetable oils from France, has indeed given them back the health of youth. Why suffer from indigestion, gases on the stomach, fainting spells, torpid liver, constipation and all the evils of a disordered stomach when there is permanent relief here? Hays' Wonderful Remedy is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

Bathing Caps. 50c to \$1.00
