**Stories From the War Zone**

BY WILBUR S. FORREST,  
 (United Press Staff Correspondent)  
 LONDON, July 24.—(By Mail)—London society has milked its first cow.  
 It has milked its first goat; pitched its first hay; harnessed its first horse and churned its first butter.  
 It's one of the many revolutions of war.  
 War is hell—on the farmer. London society has come to the farmer's rescue. He needs help. All his hands have gone to war. Why not women? somebody said. That somebody gave London's society a chance to be useful.  
 In the very heart of fashionable West End, within earshot of Buckingham Castle, there was laid a mod-

el farm. No. 16, Carlton House Terrace, the home of Lord Cowdry and the adjoining residential grounds of the Earl of Londsdale were requisitioned by society working under the auspices of the Land Council of the National Food League. The object was to teach women how to farm—to take the place of men who have left the plow to shoulder the rifle.  
 The opening day of the "farm school" found a buxom Jersey cow complacently grazing on the short cropped and well tended grass under the aristocratic windows of Carlton House Terrace. A resplendent rooster perched on a balustrade, watched over a bevy of fussy hens scratching in the gravel of the driveway. Nearby, not far down the drive, stood a team of heavy footed draft horses hitched to a vehicle that looked suspiciously like an American hayrack. A ton of hay lay nearby waiting for some one to come along and pitch it. Likewise a half dozen shiny milkpails and a huge milk can were waiting for the milk maids to begin on the Jersey cow.  
 A churn on the lawn of Carlton House evidenced what the milk was coming to.  
 A pair of fat sleek "mamma" goats next appeared. They arrived through the big front gate where an immaculate butler took them in charge. Like the cow they came to give their milk. A flock of muddy white ducks waddled up to inspect the goats.  
 Then arrived the "farmers" and "farmgirls" who had pledged themselves to teach hundreds of the poorer sisters the art of farmwork put in appearance clad in regulation sun-bonnet and gingham.  
 The Hon. Mrs. Graham Murray was the chief dairymaid. The patient Jersey was brought around and submitted to being "milked." It was hard work for some but they rolled their sleeves above fascinating forearms and took turns at "bossy" who submitted without a "moan"—or a kick. The milk passed into the big can to await its fate at the churn.  
 At various spots about the great lawn other society debutants were taught to harness the horses, pitch the hay, feed the chickens and ducks, tend a hive of bees and how to catch a chicken.  
 After a dinner of simple farmlike fare, the "farmer maids" gathered on the lawn to hear a series of lectures by agricultural experts.  
 The Land Council of the National Food League expects to train hundreds of young women in the art of farmwork—but activities will soon be transferred to less aristocratic surroundings.

**River Death Will Be Probed.**  
 ROSEBURG, Ore., Aug. 10.—Coroner Jewett and Sheriff Quine left for Gardiner to investigate the alleged drowning of John Macey in Smith river, a few weeks ago. Macey attended a dance on Smith river and on the following morning was missing. A search revealed his body in the river, as well as his blood-spattered boat.

**Boxcar As Shed Fought.**  
 SALEM, Ore., Aug. 10.—Objecting to the Southern Pacific company obstructing their view with a boxcar used as a station shed, members of the Barview Beach Progressive Club today filed a complaint against the company with the public service commission. The complaint says:  
 "Our many visitors here during the summer are astounded that we allow such a thing to stand there, and continually hold it up to ridicule. We have worked hard to get the people to build substantial painted buildings, and then to have such an object thrust into our faces, is it any wonder we are indignant?"

**Work is Found by City.**  
 SAN FRANCISCO, Aug. 10.—The success of two municipal employment bureaus at Los Angeles and Cleveland was described by speakers at the conference of state, federal and municipal labor workers and immigration officials called by W. B. Wilson, secretary of labor.  
 Miss Hilda Malhauser, vice-president of the American association of public employment, head of the municipal bureau at Cleveland, said the bureau was used by one-seventh of the population of Cleveland and that 17,000 employers used it during July.  
 The franking privilege for mail and permission to post notices in the post-offices were said to be the two vital needs of such bureaus by Harry Donahue, in charge of the municipal work at Los Angeles.

**Palestine Faces Famine.**  
 PHILADELPHIA, Aug. 11.—Fruit-growers of Palestine stand to lose \$50,000,000 because of the European war, according to a letter received here from George Klat, general commissioner of commerce, with headquarters at Jaffa, and made public.  
 The letter says trees are dying for want of watering and for want of petroleum to spray them. The region has been visited by locusts and vegetation is ruined. The loss at Jaffa and its vicinity alone is estimated at \$30,000,000.  
 "The Ottoman government seized every bit of petroleum we had on hand. This was a heavy blow to us," the letter says. "Most of the men have been drafted into the Turkish fighting ranks, and the women have worked heroically to save the crops. Unless something is done, and done quickly, we fear famine and starvation."

**TOP STEERS AT GOOD PRICES**

PORTLAND, Ore., Aug. 11.—(Special.)—The receipts for Monday are: Cattle, 1224; calves, 8; hogs, 1773; sheep, 888.

 Cattle receipts for Monday were 1400 head. Top steers again at 7 cents which has been high spot for some weeks past. Cows and heifers had a slow sale and prices were easier.

**Hogs.**  
 Hog trade began on somewhat of a pyrotechnical order owing to the lightness of receipts. The rise was around 25 cents. Tops going at 7.20, bulk 7.20 to 7.30.

**Sheep.**  
 Market opened with less than a thousand in the sales ring. Supplies are not swelling in a successful manner. Market can be quoted at steady prices.

**Harry Lauder Gets Mad.**  
 LONDON, July 22.—(By Mail)—Harry Lauder's Scotch is up.  
 In a burning letter to a London newspaper following a reported incident wherein sixty wounded Scotch Highlanders were taken out of their cots on a trans-Channel ship to make room for as many wounded Germans, the famous Scotch comedian today eliminated all comedy.  
 The letter reads:  
 "I am horrified to read of the occasion on which British soldiers enroute from Havre to Southampton, the majority of them Blackwatch, 42d Highlanders and Gordons, were taken out of their cots to make room for Germans. Through being removed it was stated that one of the British soldiers subsequently died and that the Germans were supplied with fresh eggs and bread while our British wounded soldiers only had biscuits."  
 "If all this be true, who is to blame? And what is the punishment for such neglectful conduct? I am expressing the feelings of a great number of Scotchmen in writing this. We are at war, and when a case of this kind crops up much damage may be the result. Scotland demands the fullest investigation at once. To be treated as our soldiers have been is more than Scotchmen can tolerate. The enemy are giving no quarter. Why our brave lads should meet such neglect after fighting and bleeding is more than I can comprehend."

**CHICAGO TAKING CATTLE SUPPLY**

(Courtesy Tuesday's Journal)  
 PORTLAND, Ore.—Aside from Willamette valley offerings, a portion of which came on contract to local killers, there was little offering in the local market today.  
 Heavy buying of cattle is reported at Idaho points. Seemingly there is something in the wind in the cattle market. Chicago packing interests have visited the Gem state's leading cattle districts and prices are being boosted there to some extent. The entrance of the Chicago packing interests into the Pacific northwest means only one thing—cattle supplies in the territory tributary to the big killing houses are not likely to be up to requirements which are pressing from Europe at this time.  
 In some quarters the belief prevails that this is not the only object of the Chicago interests. It is intimated that the big Chicago packers being unable to force independents to sell out to them at a price named by the former, intend to make them pay handsomely for their livestock requirements.  
 Not Reflected Here.  
 The strength shown in the Idaho cattle sections is not at all reflected here, indicating again that the situation in the Gem state is artificial. Liberal purchases have already been made in that section for shipments east and this is likely to cause a shortage in northwest supplies before very long.  
 Eastern cattle markets were weaker today with some losses in value this morning.  
 General cattle market range:  
 Select steers ..... \$6.50@6.75  
 Best hay fed steers ..... 6.25@6.25

MRS. CHARLES WHITMAN.

**Hog Market Holds Strength.**  
 With only a small run of hogs reported in the North Portland yards over night, the situation here is showing practically no change from yesterday so far as prices are concerned. Early sales were made in the swine division this morning at \$1.25 for small lots.  
 Market for hogs showed a slightly better feeling in most of the east stockyards this morning. Some price rises were indicated by telegraphic advices.  
 General hog market range:  
 Best light ..... \$7.20@7.25  
 Medium light ..... 7.10@7.15  
 Good to heavy ..... 6.80@7.00

**Mutton Market Nominal.**  
 Market for mutton was nominal at North Portland today. Only a handful of stuff came forward and these were from a Willamette valley point. Trade in general is considered steady to firm for good quality.  
 Market for sheep and lambs was generally steady in the east this morning although some points were weaker.  
 General shorn mutton market:

 Common spring lambs ..... 5.75@5.90

 One meeting during the convention will be devoted to the discussion of means of obtaining legislation for the protection of qualified dancing teachers. Z. L. Hinman of San Francisco, president of the association, declares that the public should be safeguarded against ignorant and immoral dancing teachers and that such care can only be taken through legislation. It is urged that dancing masters be licensed.
