YOUNG LADIES WILL BE GIVEN TRIP TO ROUND-UP BY PAPER

THE DALLES CHRONICLE LAUNCHES POPULAR SUBSCRIPTION CONTEST.

All Expenses Will be Paid and Best of Everything Will be Afforded the Lucky Ones to Win a Free Trip—Newspaper Expects to Send Large Delegation to Show.

A bevy of young ladies from The Dalles will be present at the 1915 Round-up as guests of The Dalles Daily Chronicle. That paper has announced a plan to give free trips to Pendleton with all expenses, including transportation, hotel accommodations and grandstand seats, paid to every young lady who brings in twelve new subscriptions to the paper. The number who may thus win an easy opportunity of seeing Pendleton's big wild west show is without limitation and, inasmuch as the work required is very small, the paper expects to send a large delegation to put The Dalles and the Chronicle on the map at the Round-up.

ELECTRICITY THE FUN MAKER.

Nearly all the fun making devices at our public parks and places of recreation and amusement depend upon electricity for their successful operation. Electricity plays the pranks, makes the surprises, drives the various merry-go-rounds, shoot-the-shoots, incline railways, etc., and is employed for all the spectacular illumination so necessary for the night success of these parks.

One of the greatest amusement places in the world is to be found at the Panama-Pacific exposition in San Francisco and without electricity it is doubtful if it could be operated at all. The streets and avenues of the Amusement Zone, or simply "The Zone" as it is popularly called, are lighted by Mazda lamps, as are also the interiors of the various buildings. The electric motor is used on every transportation on scenic railways and moves miles of gorgeous scenery rapidly before admiring audiences. It drives the mechanical burros down the "Grand Canyon" trail, pumps the water for the cascades in "Creston," moves countless dummies and targets and whirls the people around in the "Bowl of Joy." Electricity also does the work in the candy kitchens and refreshment palaces all along the Zone.

Every man becomes a general in Mexico, ready to start a new little revolution, when he has the misfortune to stumble over an old sword.

China Republic Since 1912. China became a republic on February 12, 1912, upon the abdication of the Emperor Kuang Su, following the revolution of the previous year. A provisional constitutional government of Nanking was accomplished and under this a provisional parliament met in Peking on April 8, 1913.

A permanent constitution was drafted and the articles dealing with the election and term of office of president and vice-president were passed by parliament. Under these, Yuan Shi Kai on October 6 was elected president for a five-year term.

Make it Easier For Baby in Summer

MANY OF THE HOT WEATHER TROUBLES CAN EASILY BE AVOIDED.

If the mother will see to it that the bowels are kept regular, much of the illness to which children are most susceptible during hot weather can be prevented.

A mild laxative, administered at regular intervals, will prove an excellent preventive of summer complaints that are caused by inactive bowels. The combination of simple laxative herbs with pepsin, sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin, is excellent for children, being pleasant to the taste, gentle yet positive in action, and free from opiate or narcotic drug of any description. It acts naturally, without griping or other discomfort, and is altogether dependable.

The cleansing of the bowels will most effectively check an attack of diarrhea by expelling the foreign matter and poisons that irritate and inflame the tissues.

In every home a bottle of Dr. Caldwell's Syrup Pepsin should be on hand, ready for use when occasion requires. It costs only fifty cents a bottle and is sold in drug stores every where. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ill.

SOME DON'T'S FOR STOMACH AND LIVER SUFFERERS.

Don't take medicine for your stomach ailments morning, noon and night, as usually such medicines only give temporary relief and simply digest the food that happens to be in the stomach.

Don't permit a surgical operation. There is always serious danger in operations and in many cases of stomach, liver and intestinal ailments the knife can be avoided if the right remedy is taken in time.

YUAN SHI KAI WOULD BE CHINA'S EMPEROR

PEKIN, Aug. 17.—The project of proclaiming himself Emperor is being discussed by Yuan Shi Kai, president of the Chinese republic, with his immediate supporters and Professor Frank Johnson Goodnow, of Johns Hopkins University, legal adviser to the Chinese government, who is spending the summer in Peking.

Professor Goodnow, who secured the confidence of Yuan Shi Kai by advice given during former critical times, has been consulted on this question since his arrival here a month ago, and it is learned that he approves the project.

Publication is Deliberate. The news became public by the deliberate publication in this morning's newspapers of accounts of the formation by several prominent men of an association for the purpose of discussing whether a monarchy is not the better form of government for China.

The published article telling of the formation of the society quotes Professor Goodnow as declaring that for China a monarchy is a better form of government than a republic and that
