### FRICION OVER OREGON HOSTESSES IS DENIED

OREGON BUILDING, EXPOSITION GROUNDS, San Francisco, Aug. 20.—For three days the San Francisco papers, in the face of all denials, have run headline stories on supposed hostess difficulties at the Oregon building. On Saturday the San Francisco Call and Post printed large photographs of Mrs. Thomas B. Haley, ex-hostess of the Oregon building, labeled "Hostess of the Oregon Building." On the succeeding day photographs of Mrs. Charles A. Gray were sent officially from the Oregon building to the four San Francisco papers, naming her "Hostess of the Oregon Building."

This aroused suspicion on the part of newspapermen. They scented friction and interviewed the two women and Commissioner John F. Logan, who explained that Mrs. Thomas G.

Halley and Mrs. Charles A. Gray had been named official hostesses, each to serve three months, uninterruptedly, Mrs. Halley the first three months, her time to expire June 1, and Mrs. Gray the second three months, beginning June 1. The privilege of appointing a third hostess at the end of this time if they saw fit was reserved by the commissioner.

The fact that Mrs. Halley has remained in San Francisco and continued to be a prominent figure at the exposition, entertaining throughout Mrs. Gray's term, gave the impression with many that she was still an official hostess of the Oregon building, with Mrs. Gray merely an associate. This erroneous impression is responsible for the newspaper stories.

Mrs. Charles A. Gray is to continue as official hostess until the close of the exposition, by appointment from the board of commissioners in session in Portland.

Hundreds\* of the delegates to the conventions which will last until August 25, have been attending the summer school at the University of California and others have been visiting the Panama-Pacific exposition at San Francisco and the Panama-California exposition at San Diego.

Personally, our rule is to strive first for the grand prize and then, falling that, slow up and try for the booby.

**Duma Demands Probe.**  
 PETROGRAD, Aug. 20.—Details

given the press of a secret session of the duma on August 10, showed that an inquiry was initiated to determine the responsibility for the deficiency in war supplies.

The demand was made for an immediate cessation of alleged irregularities in the manufacture of war supplies and a correction of the shortage of ammunition.

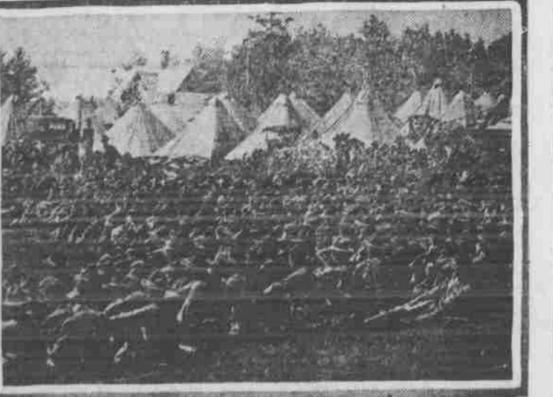

General Pollivanoff, the minister of war, declared that for the purpose of an impartial inquiry into all that had taken place to bring the army into its difficult situation, there would be appointed a commission of inquiry and an investigation would be set on foot. In his inquiry, the commission would have the aid of both the members of the duma and the council of the empire.

The Duma applauded the resolution. It has been informed that the council of ministers will visit the Grand Duke Nicholas at headquarters and lay before the results of the duma's secret session.

**LISTENING TO WOODS SPEECH AT PLATTSBURG CAMP.**  
 PLATTSBURG, N. Y., Aug. 20.—By far the most important happening in the business and professional men's camp so far, has been the speech of Major-General Leonard Wood, commander of the department of the east, in which he declared that the United States needs an army of 235,000 men, and aroused his hearers to a fever heat of excitement. He asserted that the methods of raising a volunteer army in the United States were full of fallacies.
