WOMEN GO TO RESCUE OF IMPERILED BATHERS

COTTAGE GROVE, Ore., Aug. 20.—Two drownings nearly occurred here Sunday. In both cases a woman played a prominent part in the rescue work.

K. K. Mills, an undertaker, was one of the victims. He is a good swimmer, but not knowing that the water was so deep he attempted to touch bottom and rest. When rescued by Mrs. H. F. Oakes, Mr. Oakes and W. D. Huff, he was partly unconscious, but soon recovered.

Ernest Wyatt, an employe of the First National Bank, was the other victim. The party which he was with went out to a rock in the middle of the river in a boat. For a joke Mr. Wyatt and Miss Janet Davidson were left on the rock. Miss Davidson struck out for shore and reached it easily. Mr. Wyatt followed, but required the assistance of Miss Davidson to reach shore.

off at the Glen Oak country club here in its annual contest for the open championship of the Western Golf Association. Prizes totaling over \$700 will be divided five ways among the winners. In the event an amateur should win, an appropriate medal will be given him, and the full amount of the cash named for such prize will be awarded to the professional next in order.

FIRST BARLEY COMES IN TO BAKER MILLS

BAKER, Ore., Aug. 20.—With the arrival of the first lot of barley for the season at the Baker mills, the cereal took a jump of 5 cents a bushel. The lot was a small one, brought in by A. J. Ritter, of Lower Powder, but was so eagerly sought because of its good quality that the standing offer of \$1.12 1-2 was advanced to \$1.17 1-2.

Mill men have been making offers for barley for two days, but this was the first brought in. The first lot of wheat of the season arrived yesterday and was sold by Ed Bowen, a few miles from the city, for 95 cents a bushel. It was bluestem. Club wheat is quoted at 85 cents and forty-fold at 87 cents.

Kansas Builds Roads

TOPEKA, Kan., Aug. 20.—With the corn "hail by" and the threshing partly finished, Kansas today dropped their regular work and turned to repair the roads, badly damaged by a long continued rainy season. Thousands turned out in every section of the state at the call of Governor Capper. A million dollars worth of work will probably be donated by citizens today and tomorrow in their efforts to get the highways in shape for moving the bumper crops to market when prices are "right."

Kindergarten Teachers Meet

SAN FRANCISCO, Aug. 20.—Reforms in the present methods of imparting ideas to youngsters were discussed here today at the twenty-second annual convention of the International Kindergarten Union which will be in session seven days. The organization is affiliated with the National Association which is in session in Oakland, Cal.

Five Bandits Killed Mexican Border Fight

Mexican bandits found dead after the fight at the ranch house in Los Norias, Texas, awaiting identification. Fighting for two hours against odds of four or more to one, fifteen American civilians and soldiers held off a band of Mexican bandits at Los Norias, on Sunday afternoon until help arrived. Five of the Mexicans were later found dead on the field, and many others were known to be killed but were dragged away by their comrades during the retreat. One Mexican woman was shot to death by the bandits because she had recognized some of the members of the band. This seems to bear out the allegations that a well organized plot has been concocted to burn and pillage all that part of Texas lying between the Rio Grande and the Necees rivers, and that this attack was but the first of several contemplated by the band of Mexicans. Two Americans were severely wounded but will live.

ATTACK ON ARABIC CAUSES STIR AMONG CAPITAL OFFICIALS

INCIDENT IS REGARDED AS A VIOLATION OF RIGHTS OF AMERICA.

Note to Germany Recalled in Which It Was Stated by Lansing That Acts of Similar Nature to Lusitania Disaster Would be Regarded "Deliberately Unfriendly."

AMERICANS WHO SAILED ON ARABIC

- NEW YORK, Aug. 20.—The White Star line gave out a list cabled from Liverpool containing the names of the following cabin passengers sailing on the Arabic, all of whom are Americans: Miss Josephine L. Bruguiere, Mr. Bruguiere, Mr. and Mrs. Burgess, Mr. and Mrs. James Calmon, Mr. and Mrs. P. W. A. Collins, Mr. and Mrs. Della Covington, James Houlihan, Rev. Dr. E. A. McAllister, Christopher McTamme, Leopold P. Moore, A. Hulme Mebeker, John Dolan, Claude Roode, James M. Rowley, W. E. Ramsdell, Miss F. E. Shrimpton, Edmund Woods, American passengers in the steerage were: Thomas Elmore, William Hughes, J. Kellest, John Olson.

WASHINGTON, Aug. 20.—News of the torpedoing of the British steamer Arabic, of the White Star line, with Americans on board, came as a shock to officials of the United States government, who had hoped since the dispatch of the last American note there would be no further aggravation of an already tense situation between the United States and Germany.

Official information was meager, and it was only through press dispatches that it was heard here that the vessel was torpedoed without warning. While it was recognized that a canvass of the survivors might reveal that no American lives were lost, the torpedoing without warning of a vessel carrying Americans has itself been pronounced by the United States government as a violation of its rights, which, if repeated, would be regarded as "deliberately unfriendly."

Lansing's Words Recalled

In the last note to Germany, which it was generally accepted was the final word on the principles of the question from the United States, Secretary Lansing used the following language in referring to violations of American rights in the war zone: "Friendship itself prompts it (the United States government) to say to the imperial government that repetition by the commanders of German naval vessels of acts in contravention of those rights must be regarded by the government of the United States, when they affect American citizens, as deliberately unfriendly."

Diplomatic Rupture Possible

What the course of the United States would be no official would predict, because of the absence of detailed information. It must be established authoritatively whether any warning was given and whether the vessel attempted to escape. If no American lives were lost, it was thought in most quarters that drastic steps were improbable; but in the event Americans were drowned, a rupture of diplomatic relations was everywhere discussed as likely.

The Attack on the Arabic came without official intimation from Berlin that submarine commanders would persist in torpedoing ships without

Events in the War One Year Ago Today

- By capturing Tielment, allies believe they have delivered counter-blow offsetting occupation of Brussels by Germans. Think Germans are in grave danger of having main army cut off from Northern Belgium forces. Antwerp is declared ready for a long siege. Germany demands \$10,000,000 from city of Brussels. Namur vigorously bombarded by Germans. Russia's forces reaching Germany, via Russian Poland, estimated at \$95,000. Eighteen thousand foreigners mastered into French army. The Anglo-American corps is formed. British and French warships bombard Calliro. Austria calls all able-bodied men, from 20 to 42 years old to arms.

OREGON WOMEN MAY STUDY HOME MAKING

Four Short Courses Offered All Who Are Not Prepared for Degree Work.

OREGON AGRICULTURAL COLLEGE, Corvallis, Aug. 20.—If the theory that bad house keeping, especially bad cooking, leads as frequently as all other causes to divorce is correct, Oregon women are offered an opportunity to cut the number of divorce cases in two. Four courses in home-making are offered to them by the Agricultural College, in addition to the regular four-year courses that lead to a college degree. These four courses are open to women whose education was not carried beyond the eighth grade, and in the case of mature women even that condition may be waived. The courses are as follows:

A one year vocational course, called the home makers' course provided for women whose education is insufficient for pursuing degree work, and for those who prefer applying science to investigating it.

A four weeks' course in food preparation and garment making given in connection with the winter short course.

A six weeks' course in the same subjects with teaching features added, offered in the summer school sessions.

And a night course of twelve weeks for women who wish to improve their knowledge and practice of home making or to specialize in some phase of the subject.

With this scope of work to select from and with the different time requirements allotted, it would seem that if there are any poor house-keepers and home-makers in Oregon who can attend college, now would be an excellent time to begin to get ready.

KINSHIP LITTLE MIXED UP BY MARRIAGE TIES

VANCOUVER, Wash., Aug. 20.—Through a marriage ceremony here, an uncle became the father-in-law of his nephew, the witness his own cousin, and many other peculiar combinations were caused.

J. W. Wright, 50 years old, married Mrs. Bernice Hutchinson, 41, Rev. R. H. Sawyer, pastor of the First Christian church, performing the ceremony. The witnesses were Mr. and Mrs. Clark Kersey, of Camas.

The bridegroom is an uncle of Mr. Kersey and the bride is Mrs. Kersey's mother. Mr. Wright consequently becomes father-in-law of Mr. Kersey, as well as uncle. Mr. Kersey, therefore, is son-in-law, as well as nephew, to Mrs. Wright.

Mrs. Wright, as well as being Mrs. Kersey's mother, becomes her aunt. Mr. and Mrs. Wright will make their home in Camas.

Socialist to Support Credit

BERLIN, Aug. 20.—A majority of the socialist members of the Reichstag will vote in favor of a new credit of two billion dollars when that body convenes. This support of the government will be given despite the opposition of Dr. Liebknecht, the socialist leader, it was stated. Liebknecht will ask the government regarding the terms Germany will consider toward reaching a peace agreement. The labor element is insisting upon action against food speculators.

Marine League to Be Formed

CHICAGO, Aug. 20.—The formation of a national marine league for the purpose of arousing the nation to the need of increasing the American merchant marine is being urged by a number of millionaires of the middle west. Leaders of the movement are James B. Forgan, president of the First National bank of Chicago and Samuel Insull, head of the Commonwealth Edison Electric company. It is proposed to bring to bear upon congress the force of an organized publicity effort to get legislation which will make it possible to increase American foreign trade.

TOURISTS WILL NOT BE PERMITTED VIEW OF ROYAL CEREMONY

CORONATION OF THE EMPEROR OF JAPAN WILL BE A FAM-ILY AFFAIR.

Whole Business Takes Place Within the Walls of the Imperial Palace and Those Americans Who Are Planning to Go to Japan for the Event Will Be Disappointed.

TOKYO, July 17.—(By Mail.)—Reports are arriving in Japan that parties of American tourists are being made up to visit Japan in November and attend the coronation of the emperor. Japan has many attractions in November when the maples are red, but Americans should be warned that seeing the coronation will not be one of them. The ceremony is entirely private, taking place from start to finish within the walls of the imperial castle at Kyoto. The only foreigners who will be admitted are the envoys extraordinary of foreign powers. In view of the war it is expected that the European countries will not send special envoys but will appoint the ambassadors and ministers resident here. Chairs will be provided for them in the great hall where the emperor after the coronation in private before the shrine of his ancestors will announce himself to representatives of his subjects and of foreign nations. These official personages alone will be permitted within the walls of the castle and only for this semi-public part of the ceremony and for the banquet which will take place the following day.

There will be no processions which tourists might hope to record on their cameras and neither influence nor dollars will open the closed doors of the castle.

There will be of course, the slight of the emperor and empress arriving and departing by train, and Kyoto, always a lovely city, will be filled with the bustle of uniformed and decorated persons coming and going. But to the Japanese mind it is profanity to regard the coronation as a spectacle and foreigners in making their plans had better take into account the absolute certainty that they will see nothing more of the coronation than the walls of the building in which it is being held.

COUPLE ARE LOST IN HILLS WHILE HUNTING

BAKER, Ore., Aug. 20.—Mr. and Mrs. E. W. Word of John Day have been lost in the mountains of Grant county since Saturday, when they left on a hunting trip and went as far as Round Top mountain, where they tied their team and proceeded on their trip afoot.

It was not long until they realized they had lost their bearings and began to hunt for their team instead of deer. After two days a sheepherder, coming out for supplies, met them, and directed them to his camp. No word has reached here as to whether they found it or not.

Four Wed 1000 Feet Up

ENTERPRISE, Ore., Aug. 20.—Setting up their wedding altar on the more elevated high above the Grand Ronde river at Rondowa, two couples who live in the timbered highlands of Western Willowa county, were married. The spot they chose for their wedding is 1000 feet above the river and is reached by a trail. It commands a great view of the timbered heights on both sides of the Grand Ronde.

The couples married were George Moore and Sarah Miller, and Osaiah Miller and Nellie Moore. Nellie Moore is a sister of George. Sarah Miller formerly was the wife of Osaiah Miller.

The ceremony was performed by Rev. A. J. Adams of the Federated church in Enterprise. With his wife he went by train to Rondowa, where the two bridegrooms met them, with the bride. The climb was steep and Mrs. Adams concluded not to attempt it, but from the valley she watched the marriage party assemble on the hilltop above.

Two Big Fires In Woods

COEUR D'ALENE, Idaho, Aug. 20.—Timber on 300 acres of land has been destroyed in a forest fire that is raging along Twin Creek, which empties into Pend d'Oreille Lake in the northern part of the state. C. I. Billings, forest supervisor, reported from Sand Point that he has 35 men working to extinguish the flames. The fire was started by a homesteader who was burning slashings. The fire got beyond the control of the homesteader.

France Makes Payment

WASHINGTON, Aug. 20.—The second payment on the American-owned cotton on the steamship Dacia was made to the state department by the French ambassador. The amount was not made public.

Intimations have reached the state department that the French government may release the ship under certain conditions that will limit her activities to neutral trade and will not involve a general recognition of the right to change registry in time of war.

Epidemic Is Extended

SACRAMENTO, Aug. 20.—A new and violent outbreak of foot and mouth disease was reported to the state veterinarian, Dr. Charles Keane, from Wasco, the six counties in Illinois which were reported as infected by A. D. Melvin, chief of the United States Bureau of Animal Industry. Dr. Keane announced that Steuben county, New York, has been placed under

For the present no hogs, cattle or sheep will be allowed to enter California.

Some Coffin He's Building. ABERDEEN, S. D., Aug. 20.—J. L. Babcock, police desk sergeant, is 89 years old and hale and hearty. He has been smoking cigarettes for 73 years, or since he was eight years old. He estimated that during that entire time he has averaged from 25 to 35 daily, which for the 73 years would total 455,000 cigarettes.

Wants Belgian Girl. LOS ANGELES, Aug. 20.—White Mortimer, British vice consul here, is looking for a home for a Belgian girl, orphaned and exiled by the war, who wants to live in California. It is expected that this girl will be the first of hundreds of Belgians to set down in California. Many of the exiles at present in England and elsewhere, in the opinion of Californians, will come here after the war in preference to returning to their own ruined farms.

Congress of Reformers On. SAN FRANCISCO, Aug. 20.—A congress of reformers is being held here today under the auspices of the Women's Christian Temperance Union of California. Delegates are present from many of the states and from practically all of the branches of the temperance organizations in America. "The Enforcement of the Red Light Abatement Law" is one of the principal subjects for discussion at the sessions. The congress will celebrate "Peace Day" tomorrow.

How Heat Affects the Vital Organs

HOT WEATHER CONDUCTS TO CHRONIC CONSTIPATION AND DIARRHOEA.

A disposition to confine one's diet to cold food and to indulge freely in iced drinks, is one reason why constipation and diarrhoea is so prevalent in summer, and there is no season when bowel disturbances should be more carefully avoided, as much serious disease is directly traceable to these conditions.

To regulate the bowels and quickly relieve even an aggravated case of constipation, the combination of simple laxative herbs with pepsin, sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin, is highly recommended by many physicians and all those who have used it. Unlike cathartics and violent purgatives, Dr. Caldwell's Syrup Pepsin acts gently on stomach, liver and bowels, without griping or other discomfort and brings relief in an easy, natural manner. Mild, pleasant to the taste, and inexpensive, it is the ideal family laxative. By cleansing the bowel tract to Dr. W. B. Caldwell, 453 Washington St., Monticello, Ill.

the poisons that irritate and inflame, it will quickly check an attack of diarrhoea and restore normal conditions. Dr. Caldwell's Syrup Pepsin has been the standard remedy in countless homes for more than thirty years, and is sold in drug stores everywhere for fifty cents a bottle. A free trial can be obtained by writing to Dr. W. B. Caldwell, 453 Washington St., Monticello, Ill.
