

Sawtelle Jitney Service

I am making it easy for any financially responsible person to own a fine watch and to pay for it at their convenience.

Think of it, 10c down.

This Watch Club is the most convenient plan that watch buyers of Pendleton have ever seen.

The Juvenile Jitney Watch Club is the most enthusiastic part of the whole affair.

Any boy can own a watch.

Royal M. Sawtelle
Established 1887

Newsy Notes of Pendleton

Greek Taken Off Train.
Nick Pappas, a Greek wanted in Baker county for the alleged theft of some clothes, was taken off No. 19 by the police and will be held here until the Baker officers arrive.

Glen Estes Improving.
The condition of Glen Estes, who suffered a fracture of the skull in an accident recently, is reported to be improving daily. He is still confined to the hospital.

Electric Iron Causes Fire.
A small blaze at the Burroughs lumber yard called out the fire department at 3:30 yesterday afternoon. A family living in one of the buildings in the yard had left an electric iron burning with the result that the walls of the rooms had caught fire. The blaze was quickly extinguished and the damage will not exceed \$25.

To Build Fine Bungalow.
Herman Roehk, well known farmer, has taken out a permit to erect a \$4000 bungalow upon a lot facing upon Washington street in Cole's addition. The house will be 25 feet by 42 with a full basement. A permit was also issued yesterday to Mrs. L. F. Lamplin for building steps and a walk at her residence on High street.

Bitten by Dog.
Mayor P. T. Harbour of Weston was in Pendleton yesterday and carried his hand in a sling as the result of being bitten by a dog at Meacham. He had been at the mountain station on business and, stopping at a house, petted a big Spitz dog in the doorway. Without warning, the dog snapped his hand and bit entirely through it. Turpentine was put upon the wound at once and, when Mr. Harbour reached Pendleton, he had a physician cauterize it. He does not think the dog was mad.

Houses Are Scarce.
Empty houses and apartments are as scarce in Pendleton as snowflakes on a summer day. With the opening of school almost a month off, practically every available living place has been taken and people moving in for the winter are having a hard time of it. Prof. W. K. Livingston of the high school came over from Heppner yesterday to look up a winter residence but has not been able to locate anything.

Boxing Bout Round-up Week.
L. G. Duff arrived home this morning from Portland where he went to negotiate with boxers in that city to

appear in bouts in Pendleton during Round-up week. Mr. Duff and C. L. Mayo intend staging several bouts on the Wednesday afternoon preceding the Round-up and are trying to secure the Happy Canyon pavilion for the events.

French Horse Buyers Here.
Guy LeFrancols and Porten de la Morandiers, buyers of horses for the French army, are in Pendleton today looking over the field.

Leslie Gibbs Better.
Leslie Gibbs, who has been seriously ill with pleural pneumonia, is reported somewhat improved today after a good night.

Taken To Hospital.
Joe Huey, son of O. W. Huey, local liveryman, this morning underwent a minor operation at St. Anthony's hospital.

Contractor Has Daughter.
A baby girl was born shortly after noon today to Mr. and Mrs. Marlborough Halliday of this city. The father is a local contractor.

Attorney Suffers Relapse.
J. B. Perry, local attorney, who has been ill for some time but who had been improving slowly, is reported to have suffered a relapse, and is again confined to his home.

District Attorney Is Back.
District Attorney Frederick Steiner returned yesterday evening after spending a week in Portland, Salem and Jefferson attending to business matters and visiting relatives. His wife and baby returned with him.

Chinaman Gives Bonds.
A. Wong, the Chinese picked up in Union county by U. S. Immigration Officer Wells of Walla Walla on a charge of illegal entry into this country, today gave the bonds fixed by U. S. Commissioner Newberry and returned to La Grande.

Improves Gas Pressure.
The P. P. & L. Co. is today trying to improve the gas pressure upon the south hill by straightening the gas mains on the Main street hill. The pressure has become very weak on the hill lately.

Umatilla Man Under Knife.
C. A. Holder, a government ditch rider at Umatilla, this morning underwent an operation for gall bladder trouble at St. Anthony's hospital. He came out from under the influence of the ether in good shape and his early recovery is expected.

Natorium Ready This Eve.
The natatorium is expected to be ready to receive bathers again this evening. The electric pump has been installed and the committee expected to start pumping into the pool at 4 o'clock this afternoon. It is believed two hours pumping will fill the pool so that all will be in readiness for the evening rush.

Long vs. Long Divorce.
Mrs. Mabel Long of this city has filed suit in the circuit court through her attorney, J. B. Perry, for a divorce from her husband, Edward Long, also of this city. She alleges cruel and inhuman treatment, specifying many acts tending to show that he had been unfaithful and unkind. They have a baby only a few weeks old.

Hall Funeral Tomorrow.
The funeral of Daniel A. Hall, former Pendleton resident who died Wednesday at his home in Hermiston, will be held tomorrow afternoon at 1:30 at the church in Hermiston. This hour was chosen to permit Pendleton friends to attend and return on the evening train. Rev. Chanofor of Hermiston will conduct the services and Rev. E. R. Clevenger of the local Baptist church has been asked to assist. The body will be interred in the Hermiston cemetery.

Flour from Pine Trees.
In Finland the poverty because of the war is so great that people are making flour from the inner bark of pine trees because they cannot afford to buy wheat flour at war prices. This is news contained in a Finnish paper received here by Matt Delning, well known farmer. In the region described the government has large forests and because of the unusual conditions the government has granted permission to people to strip the bark off the pine trees and use the inner bark. The bark is first dried, then ground up and made into a flour.

Sheriff After La Grande Fugitives.
Sheriff T. D. Taylor and Deputy Sheriff J. G. Estes left this morning by auto for Weston in response to a message stating that the three men who sawed their way out of the Union county jail last week, were hiding out in a cellar in that town. A telegraphic message received from the sheriff states that the fugitives evidently passed through Weston a day or two ago but did not stop. As far as the officers could trace them was Milton, to which city they caught a ride yesterday morning. Sheriff Taylor thinks they are probably out of the county by this time. Indications are that one of the trio has separated from the others.

Three Americans Arrested.
NOGALES, Ariz., Aug. 20.—Frank Jenkins and James Thompkins, with three other employees of the Southern Pacific railroad of Mexico, were arrested at Omurta, by Carranza soldiers, jailed, and it is declared, subjected to indignities.
American Consul Simpich at Sonora received instructions from the state department to demand instant release of the men. He sent the demand at once to General Galles.

Boys Have Honor of Killing First Deer in Umatilla County

YOUTH OF HIGH SCHOOL AGE BAG GAME WHILE HUNTING FOR BIRDS.

It fell to the lot of two boys of high school age, John Snyder, son of Elmer Snyder, and Fontaine Snyder, son of Frank Snyder, to bag the first deer killed in Umatilla county this season. And they turned the trick, too, with shotguns while hunting for birds. They had gone out into the south end of the county with their fathers and elder brothers on a hunt. The elders struck out with rifles after deer while the boys took shotguns and went after grouse. As they came to a clearing, two buck deer jumped out a short distance from them and both opened fire at once. Each brought down one and, when their elders returned to camp empty handed, they proudly displayed their trophies. Neither boy had ever seen a deer in the woods before. The party returned to Pendleton yesterday.

MAY SUPPRESS CARRANZA JUNTA IN CAPITAL

WASHINGTON, Aug. 20.—It is thought here that the administration is about ready to suppress the Carranza junta in this city, headed by Eliseo Arrondono, Carranza's representative here. Arrondono has no official standing but he has represented the first chief at numerous conferences with federal officials. It is possible that the administration may convey, unofficially, the impression that Arrondono is "persona non grata" even in his present capacity. Although still under forty years of age, Arrondono has been a member of the Mexican congress, federal judge and assistant secretary of the interior. Carranza's resiling of the peace efforts promulgated by this country has made the administration unwilling to allow Carranza to further his interests through a representative here. It is hinted that the administration

ELISEO ARREDONDO

WASHINGTON, Aug. 20.—It is thought here that the administration is about ready to suppress the Carranza junta in this city, headed by Eliseo Arrondono, Carranza's representative here. Arrondono has no official standing but he has represented the first chief at numerous conferences with federal officials. It is possible that the administration may convey, unofficially, the impression that Arrondono is "persona non grata" even in his present capacity. Although still under forty years of age, Arrondono has been a member of the Mexican congress, federal judge and assistant secretary of the interior. Carranza's resiling of the peace efforts promulgated by this country has made the administration unwilling to allow Carranza to further his interests through a representative here. It is hinted that the administration

Better Goods for Less Money

That's the Golden Rule policy. We can afford to sell for less, because we buy for less, then too our selling expenses are less, no bad accounts to lose because we sell for cash. No delivery expense and many other overhead expenses that must be added to the cost of goods. ALL THESE WE HAVE DEDUCTED FROM OUR PRICES.

- New taffet silk, black and colors, \$1.50 value... 98¢

may proceed against the junta on the theory that it is aiding and abetting an American soil a foreign revolution, by purchasing war supplies.

LATE BULLETINS
British Vessel Sunk. LONDON, Aug. 20.—The British steamer Benwickie was torpedoed and sunk by a submarine. The crew of 10 was saved.
President Visits Occultist. PHILADELPHIA, Aug. 20.—President Wilson visited an occultist today after motoring from Washington to have his eyes treated.
Case Goes to Jury. PORTLAND, Ore., Aug. 20.—The fate of six former officials and salesmen of the United States Cashier company, who have been on trial for several weeks on a charge of conspiring to use the mail to defraud, was placed in the hands of a jury shortly before noon.
Farmer Ends His Life. PORTLAND, Ore., Aug. 20.—Ed Harper, 52, a laborer, quarreled with his wife, took carbolic acid and died.
FRANK IS BURIED. NEW YORK, Aug. 20.—The body of Leo Frank was buried in Cypress Hills cemetery. The funeral was private.
Some men are ground down on the grindstone of life, while others get polished up. It depends on their kind of stuff.
