**Long Swim Is Fatal.**  
WOODLAND, Wash., Aug. 24.—Edward Mendenhall, 29, a son of a Portland attorney, was caught in the current and drowned when, with several other lads, he attempted to swim across the Lewis river here.

The boys were the guests of Squire Eworth for the day. At Little Rock, at the northern limits of the city, they attempted to cross the river. In mid stream, young Mendenhall went down before his companions could get to his rescue.

**WAR ODDITIES**

LONDON—A captain of the Coldstream guards was saved from a bullet in northern France by his pocket Bible, on the fly leaf of which was written: "Thou, Lord, art my refuge."

GENEVA—Reports from Vienna say the Austrians will soon consign to the munitions melting pot the great bell of the dome of St. Etienne, cast in 1711 of bronze from 180 cannon taken from the Turks.

PARIS—The French authorities have declined with thanks the offered services of a number of educated Frenchwomen who desired to join the air service.

**FOOTBALL GERM IS BEGINNING TO SHOW LIFE IN BAKER CITY**

**COACH WILLIAMS OF HIGH SCHOOL ALREADY LINING UP MATERIAL.**

The football germ is already beginning to squirm in Baker. With the opening of school still a few weeks off, Coach Williams of the Baker high school is already lining up his material, and thinks the outlook is very bright.

A Baker sport scribe asserts that more than two full teams of high school gridiron athletes, 25 to be exact, and 11 of the letter men from last year's team, will turn out for initial practice with the pigskin, when Coach Williams blows the whistle on the Valley avenue grounds on the afternoon of Tuesday September 7. All 25 are 1914 squad men and the high school coach states that he has a line on at least half a dozen promising freshmen who should make some of the older players put up a stiff case for their places.

The story goes on to say: Candidates for end are probably more numerous than for any other position, including Harold Gardner and Glen Whipple, "B" men of last year, and Will Shepherd, Merrill Jasper, Will Stewart, Carl Waltz and Osborne Kewn.

Wallace Landreth, Will Landrell, Levi Coes, Rutherford Brown and Earl Baisley are letter men who will try to maintain their places on the line, while Hayward Weeks, Will Garner, Lee Gyllenberg and Dean Swift will again try for the right to wear the coveted initial.

**BUSINESS MEN READY FOR MILITARY LIFE**

SEATTLE, Wash., Aug. 24.—One hundred and five business men of Seattle, Tacoma and Spokane will sleep under canvas at American Lake, and for the next three weeks will spend arduous hours learning the war game as it is played by soldiers and officers of the United States army. These business men are assembling those articles which embody their ideas of camp necessities and will mobilize at American Lake when the first civilian instruction camp ever held in the northwest will open.

Of the 105 enrolled for the camp 88 are from Seattle, 12 from Tacoma, 2 from Spokane and 4 from the Seattle offices of the Oregon-Washington Railway & Navigation company. It is possible that several others may appear at camp before opening time.

Colonel Richard H. Wilson, commander of Fort Lawton, has been designated camp commander. He will be assisted by Captain Jens Bugge, of the Twenty-first Infantry, as senior instructor-inspector of the coast artillery, N. G. W., will also be one of the instructors of the camp. The program for each day in camp will begin at 5:15 a. m. and end with taps at 10 o'clock each night.

**Al Mosler is Fast and Good Bout is Promised Thursday**

**FARRELL IS IN GOOD CONDITION TO MEET OPPONENT AT THE OREGON.**

Al Mosler, who meets Billy Farrell at the Oregon theater on Thursday night of this week, is reputed to be about the cleverest boy of his weight on the coast and certainly he has proved in his workouts that he is speedy, clever and carries a good kick in either hand.

Local fans expect he and Farrell to put on an interesting bout as both young men are well known particularly in the northwest. Both declare they are in excellent shape and, as the distance is fifteen rounds, they should be able to mix things lively from the first round to the last.

Farrell was in good condition when he met and won from Tommy Clark at Athens last week. Mosler was in training in Seattle for two weeks before coming to Pendleton and has been working hard since his arrival. He is already down to the 133 pound mark.

Eddie Williams and Earl Snyder have been booked for one of the preliminaries and another is yet to be arranged. Tickets are now on sale at Welch's cigar store.

**Johnson Making Good.**

**G. E. Price Incompetent.**  
SAN FRANCISCO, Aug. 24.—George E. Price, 143 Cantina, The Presidio, who two weeks ago was notified that the governor of Oregon had selected him to take charge of the national guard of that state, was declared incompetent by Superior Judge Thomas Graham.

Price who is a retired army lieutenant with a pension of \$150 a month, was hit on the head in an accident a short time ago, according to his wife, Mrs. Mary Price. Mrs. Price was granted letters of guardianship by Judge Graham.

Since his retirement Mr. Price has been practicing law. The testimony of the wife at the hearing today was corroborated by Dr. Roger Brook.

**Log Air Line Record Made.**  
KLAMATH FALLS, Ore., Aug. 24.—A record run of 155,000 feet of timber was made over the Algoma Lumber Company's lift recently constructed over the mountain north of its plant a few miles, according to Manager Grant. The lift is double-tracked, 2800 feet in length and extends over a mountain 800 feet high. The mill is now cutting 1,500,000 feet of lumber each month and is employing nearly 200 men.

**Hitting the Spot**

"WE advertise in the newspapers because they hit the spot we want to reach," says a large manufacturer of chewing gum.

His particular spot was a large consumer demand that would center at the counters of retailers and call for his product by name.

His sales have multiplied over and over again and his brand is an intimate household word.

What newspaper advertising has done for this manufacturer it will do for any other manufacturer or jobber with a good product.

It will not only "hit the spot" of consumer demand but it will also directly influence dealers in favor of that product.
