

WHEN sun and work are boiling the juice out of a fellow's hide, a satisfying chew beats a smoke.

Some reasons why you hear so much about *the Real Tobacco Chew*: the good tobacco taste is there, it lasts, less grinding, less spitting. One small chew takes the place of two big chews of the old kind.

A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

ASK YOUR DEALER FOR W-B CUT CHEWING TOBACCO. IT IS THE NEW REAL TOBACCO CHEW—CUT LONG SHRED.

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it until you find the strength chew that suits you, then see how easily and evenly the real tobacco taste comes, how it satisfies, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is *The Real Tobacco Chew*. That's why it costs less in the end.

The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes you spit too much.

One small chew takes the place of two big chews of the old kind.

Notice how the salt brings out the rich tobacco taste.

SPORTS

TEN CENT BASEBALL MAY SOON BE SEEN BY LOVERS OF GAME

PUBLIC BELIEVED TO BE TIRED OF PAYING BIG PRICES TO WATCH LEAGUERS.

BY GEORGE R. HOLMES. (United Press Staff Correspondent.) NEW YORK, Aug. 25.—Organized baseball has its eye glued to the knothole. The knothole is about the size of a dime and in the Federal's fence, O. B. is mightily interested in knowing how many ten-cent baseball fans there are in these United States.

Ever since Jim Gilmore kicked his entire collection of hats into the ring, O. B.'s clockers have been working diligently in the various Federal yards. Why should O. B. be so mightily interested? It hasn't been very many months ago since Ban Johnson was tuning up his basso for the Feds' funeral dirge.

The reason is apparent—O. B. has come to the realization that something is the matter with baseball, and there are enough good business heads in O. B.'s ranks to want to find out what it is. So its going to see if Dr. Gilmore has properly diagnosed the case. Dr. Gilmore's diagnosis being that the dear public is tired of paying big prices to see games.

That, however, raises a question in the minds of a lot of baseball men as to what the Johnson-Tener combine will do if it ultimately finds that the Feds are right. With big salaries, high running expenses, high cost of equipment and various other high departments the business end of baseball, can O. B. exhibit its wares to the fans at a dime a throw? A careful canvass of opinions outside the ranks of either of the warring factions reveals few who think it can. That is, unless something is out—either the players' salaries or the managers' divvy. There are a lot of baseball clubs losing money this year with the twobits minimum.

Close to one thousand fans would have to crowd into the Detroit park every day—at 10 cents a head—to pay Tyrus Cobb's salary for that day, because Tyrus gets paid at the rate of nearly one hundred dollars per diem. And Sam Crawford, Bobby Veach, Jean Dubuc, George Daus, Ownie Bush and a dozen other players are getting good salaries.

On the same basis, 300,000 fans would have to pass through the turnstiles at the Polo Grounds in a season to pay the yearly salary of John McGraw. Mr. McGraw is popularly supposed to be drawing down \$30,000 for his labors with the Giants. And Christy Mathewson, Larry Doyle, Fred Merkle and Hans Lobert are not working for their health.

The Feds have practically the same payroll, taking all the players into consideration. Cy Falkenberg is pulling \$7500 yearly. Bennie Kauff is getting about the same, Joe Tinker gets a lot more than either of them, and so do Hal Chase, Leo Magee and a score of other big men in the third league outfit.

The Feds haven't made any money this year. Jim Gilmore says they don't expect to—that the Federal League backers don't care to as they are in baseball for sport. Mr. Gilmore, undoubtedly, is trying to kid himself.

It has been suggested by O. B. adherents that the Feds' 10-cent ante is the dying gurgle of the third circuit—that it is the last frenzied spitter to get out with their skins whole. This gets a laugh from the other side of the fence.

The real reason isn't apparent to those on the outside.

Farrell and Mosler Are in Good Shape for 15 Round Bout

BOYS TAKE STRENUOUS WORK-OUT YESTERDAY, WITNESSED BY MANY FANS.

Billie Farrell and Al Mosler each had a stiff workout yesterday afternoon at the Commercial gymnasium, going through several rounds with sparring partners, punching the bag, skipping the rope and shadow boxing. A good number of fans were up to witness them work. Both declare themselves in fine condition for their 15-round bout tomorrow evening at the Oregon theater.

Mosler is a crafty boxer of the type of Abe Attell, former featherweight champion, with whom he used to box. He makes every move count and promises to give Farrell the best argument he has had in a long time. Mosler's good showing and his reputation as a skillful fighter does not worry Farrell. In fact, it pleases him for he declares he would rather by far meet a good man than a novice. "If I win from a good man I have accomplished something and added to my reputation," he says, "and it's my reputation I am looking after. I am going to do the very best I can to come out the winner tomorrow evening."

The advance ticket sale is one of the heaviest yet and indications point to a big crowd. Tickets are being sold at the Welch cigar store.

If Farrell wins tomorrow night he will look about for a good man to meet him here during Round-up

week. Farrell also plans on staging another bout or two during the Round-up.

Decision Declares Kodak Co. is Trust

MONOPOLY IS FOUND TO EXIST BY THE FEDERAL COURT AT BUFFALO.

BUFFALO, N. Y., Aug. 25.—The Eastman Kodak company of Rochester, is a monopoly in restraint of trade, in violation of the Sherman anti-trust law, according to a decision handed down by Judge Hazel of the United States district court.

The decision grants the defendant company an opportunity to present a plan "for the abrogation of the illegal monopoly" on the first day of the November term.

Barriers to Competitors Put Up. The opinion reviewed in detail the acquisition of the control of raw paper and of competing companies and declared that it was difficult to avoid the conclusion that these acts were for the purpose of suppressing competition and in furtherance of an intention to form a monopoly.

In substantiation of this, it was pointed out that in nearly every instance the conveyances contained restrictive covenants prohibiting the owners of the acquired concerns from re-entering the business for periods ranging from five to 25 years, thus serving, as was said in the tobacco case, "as perpetual barriers to the entry of others."

Judge Hazel dismissed the government's contention that contracts for the manufacture of motion picture films entered into between the defendants and the Motion Picture Patents company were violations of the statutes.

The court quoted the great gains and profits of the company for the year 1912 which amounted to \$15,835,513.33 or about 171 per cent on total sales of \$24,743,407.55, as showing the large disproportion between the cost of manufacture and the price paid by the consumers. It is undisputed, the court held, that the Eastman company controlled approximately 75 per cent or 80 per cent of the entire trade, and had accordingly obtained a monopoly.

TURKEY IS READY TO MEET ITALIANS IN WAR

CONSTANTINOPLE, Aug. 25.—The following announcement was issued from the war office here:

"Attacks against the new front at Anafarta have been repulsed with heavy loss."

"Claims of the allies of progress in the region of Krichia and the occupation of Chumuk-Bahr are unfounded."

"Our forces attacked the English at Akike, inflicting heavy losses and capturing 200 rifles."

"Since Italy's declaration of war against Austria we have been expecting hostilities, and are prepared for the Italians both in the Dardanelles and Asia Minor."

"Before Avl Burnu and Seid-El-Bahr there is nothing of importance to report."

"On the Irak front we attacked the British near Akike on the Euphrates, inflicting heavy losses."

"On the other fronts there have been no changes."

Your System Demands

an occasional corrective to insure good health and strength. Success is almost impossible for the weak and ailing. Enjoyment is not for the sick. Impaired health and serious sicknesses usually begin in deranged conditions of the stomach, liver, kidneys or bowels.

Beecham's Pills

are recognized all over the world to be the best corrective of troubles of the digestive organs. They tone the stomach, stimulate the liver, regulate the bowels. They cleanse the system, purify the blood and act in the best and safest way

Runaway Auto Hits Boy.

CENTRALIA, Wash., Aug. 25.—When E. K. Edwards lost control of an automobile he was driving, it ran into the premises of Charles Matson on South Pearl street and injured Mr. Matson's son.

The boy, who had been sitting on the steps of his home, was severely injured. His injuries are not permanent.

Fall of Verdun Ordered.

GENEVA, Switzerland, Aug. 25.—The correspondent of the Journal la Postesse of Geneva, at the front in the Vosges, says that in an army order recently issued by the German Crown Prince and found on prisoners taken by the French, is the following phrase:

"We shall take, we must take, Verdun. Then the war will be finished by December at the latest."

ENGINEER IS KILLED IN CRASH ON BRIDGE

MOSCOW Idaho, Aug. 25.—Engineer E. J. Vetter was instantly killed and Fireman Joseph Carlson was seriously injured when a fast freight on the Northern Pacific ran into a burning bridge half a mile east of Troy and was wrecked. The wreck caught fire and Vetter's mangled body was partly burned.

Four cars of grain and merchandise were destroyed. The freight was running between Spokane and Lewiston. A curve hid the burning bridge. When he saw it, Vetter set the airbrakes and sprang to the fireman's side of the cab, evidently intending to jump from there. He was caught between the tender and the cab.

Fireman Carlson stayed in the cab and went down with the engine, but came out alive. He could give no coherent account of how he escaped.

Pistol and Revolver Cartridges That Are Dependable and Accurate

YOU selected your pistol or revolver because you expected it to give you results.

Now, results—whether in casual shooting—or in serious work at the target—depend more than you might think on the wise choice of ammunition. It is worth remembering that the biggest men in the Pistol and Revolver classes are shooting Remington-UMC Cartridges—made for every standard make of pistol and revolver used anywhere in the world.

For the right ammunition from the sportsman's point of view, see the Remington-UMC Dealer. He displays the Red Ball Mark of Remington-UMC.

Sold by your home dealer and 645 other leading merchants in Oregon

Remington Arms-Union Metallic Cartridge Co., Woolworth Bldg., 1333 B'way, N.Y. City

Hitting the Spot

"WE advertise in the newspapers because they hit the spot we want to reach," says a large manufacturer of chewing gum.

His particular spot was a large consumer demand that would center at the counters of retailers and call for his product by name.

His sales have multiplied over and over again and his brand is an intimate household word.

What newspaper advertising has done for this manufacturer it will do for any other manufacturer or jobber with a good product.

It will not only "hit the spot" of consumer demand but it will also directly influence dealers in favor of that product.
