

### Newsy Notes of Pendleton

#### Docket Called Tomorrow.

With the return of Judge Phelps from Portland, preparations are being made for a busy term of court. Preliminary to the actual trial of cases will be the calling of the docket tomorrow morning at 10 o'clock. All attorneys having cases pending have been notified to be present.

#### Football Player Returning.

"Bill" Snyder, husky guard of the University of Oregon football team who has been toughening his muscles in a warehouse at Mission this summer, will leave in a day or two.

#### "The Devil's Daughter" With Theda Bara at the Pastime Thursday.

Her kiss, is death; her love, red flame,  
That scorches like a white-hot brand;  
But luring lightning in her eyes  
Beckons to that forbidden land.  
Where blasted live, like hollow skulls,  
Lie whitening on the sun-bit sand.  
Her paths are milestoned wickedly,  
By sunken souls that cry despair;  
But hers the glance that breathes delight;  
The Devil's Daughter, passing fair,  
Has wrought her spell and filled her oath;  
She triumphs to see her foals rot there.  
The Devil's Daughter takes cruel toll,  
Her blood-red lips are sugared lies  
That lure her foals in her white arms  
And mock them in their parting breath,  
And laugh to see their fell work done.  
As cursing, dupes go down to death.

for Eugene where he will join Coach Huxick, Trainer Hayward and a squad of football men on an excursion to the Stius coast where they will condition themselves for a strenuous season on the gridiron.

#### Marriage License Issued.

A marriage license was issued today to Henry S. Thompson of Gibbon, 22, and Miss Gladys Price of Weston, 20.

#### Ten Pound Girl.

A ten pound girl was born this morning to Mr. and Mrs. Carl Newquist who live 14 miles southwest of Pendleton.

#### Freewater Woman in Hospital.

Mrs. I. S. Stone of Freewater this morning underwent an operation at St. Anthony's hospital and is reported to be rallying satisfactory this afternoon.

#### Umatilla Man To Jail.

Having been convicted before Justice of the Peace H. B. Hall of Umatilla of the crime of larceny of a revolver, J. W. Monroe was brought up this morning by Marshal Stephens and turned over to Sheriff Taylor to serve a term of 30 days in the county jail.

#### Body Taken to Hermiston.

The body of the late Charles Holder of Umatilla was taken to Hermiston yesterday for burial. He was a member of the I. O. O. F. lodge and members of the local lodge acted as pallbearers, accompanying the body on its last trip. Those who acted were W. C. Rhinehart, Charles L. Bonney, John Ogle, J. D. Brown, James Hall and Frank King.

#### Weather Moderates a Trifle.

The weatherman's predictions came true but not too true. Yesterday he forecasted a cooler day today and the official thermometer apprises Pendleton folk of the fact that it is two degrees less hot today than yesterday. The maximum marking this afternoon is an even 100. Last night proved a very cool one, the mercury slipping down as low as 55.

#### To Grade H. S. Grounds.

The school board has decided to grade the high school grounds this fall and to beautify them. Since the completion of the new building, the grounds have been left in a deplorable condition largely because the board felt it had not adequate funds to do the improvement work. Now, however, the board plans on fulfilling the plans as drawn by a competent landscape architect.

#### Some Fine Peaches.

F. A. Phelps of the Umatilla Storage & Commission Co. of Hermiston yesterday sent up some sample peaches by local people returning from that town and they were distributed about the city. They were of the Elberta variety and very superior in size and flavor. The project is making a specialty of this variety of peaches and this year is sending out the first big shipment.

#### Son Is Killed.

George Meiners, engineer at the Eastern Oregon State Hospital, received a telegram yesterday afternoon saying that his son, Fred, 21 years old, had been instantly killed while at work on a railroad trestle at Wheeler, Tillamook county. The young man fell from the trestle. Mr. and Mrs. Meiners left today for Wheeler and will bring the body to Portland, in which city the funeral will be held.

#### Rev. G. L. Hall Here.

Rev. G. L. Hall, former pastor of the Baptist church here and now the commander of the cruiser "Life Line" at Coos Bay, was here yesterday visiting former friends and acquaintances. He was called to Umatilla county by the death of his father at Hermiston and attended the funeral. A number of local Baptists, members of Rev. Hall's old church, attended the funeral from Pendleton.

#### Judge Phelps Returns.

Circuit Judge G. W. Phelps, who has been absent for several weeks visiting the California fairs and helping out the Multnomah county judges, arrived home this morning to prepare for the fall term of the Umatilla county court. He had been in Portland for the past week or more and was in attendance at the recent bar associations convention. Portland on last Saturday and Sunday was so hot as to be almost intolerable, he declares.

#### Objects to Lunch Counter.

Charles J. Koch and other business men of West Webb street are remonstrating against the lunch wagon which the city has permitted to be established on the north side of Webb street between Main and Garden. They declare that such an obstruction in the street is not only unsightly but is dangerous to traffic, especially with the railroad running through the street. Also they declare they can see no more reason for permitting a lunch counter in the street in competition with restaurants than for permitting drygoods or grocery booths to be located similarly. They intend voicing their objection tonight at the council.

#### Heard At The Depot.

As No. 17 stopped at the Pendleton depot this morning, a party of eastern tourists stepped off to get a little exercise during the ten minute wait. At sight of the green sward of the parkings, one lady exclaimed with rapture, "haven't they got things fixed up nice here," she said. "Certainly swell," was the brief comment of her man-of-the-world companion. "What place is this anyway?" asked the lady. "Why this is Pendleton where they hold that big Round-up every fall," was the answer. "Oh is this Pendleton?" she said

### Watches a-la-Jitney

Yesterday a man 38 years old came into my store and asked "what about that Jitney Club." After explaining our watch selling plan to him he selected a fine Hamilton watch which he had been wanting for years.

"I have been earning good wages ever since I was 18," he went on to tell us, "but I have always carried a cheap watch. I have always spent money but I haven't anything to show for it."

The Jitney plan of buying a watch showed this man how he could purchase a watch of his own choice without any inconvenience.

This man went through 20 years of his life without the pleasure of carrying a good watch.

Had he put himself to the task of saving for a watch when he was 18 he would have had a good watch years ago. Just there is the point. I have taken the task upon myself to make it easy for you to own a good watch.

All that you have to do is to select the watch.

Think of it 2 Jitneys down and 2 Jitneys additional each week and the watch is yours.

83 BUSH STORES

We Lead Others follow

and she spent the full ten minutes seeing as much as she could of the city.

#### More Round-up Trophies.

The trophies for the Pendleton Round-up contests this year promise to be better than ever before. The last two donated are a beautiful silver mounted saddle for the winner of the cowgirl's relay race and a hand carved roping saddle for the winner of the steer roping contest. The first of these will be presented by "Happy Canyon" and the second by the Pendleton Commercial club and will be in addition to the cash purses for these events. A full list of the trophies will be announced soon.

#### No Unemployed Laborers Here.

There are very few unemployed men about Pendleton except those who do not want work, according to the police and others informed of the situation. The contractors on the wing of the Eastern Oregon State Hospital were fifteen men short this morning and asked the aid of the police in filling up its crew. Chief Kearney states that nearly every man

arrested for vagrancy has money in his pockets and few of the idlers here are laboring men who are really looking for jobs.

The harbor of Rio de Janeiro has 50 miles of anchorage, and is the finest in the world.

- Lewis Dismisses Deputy.
- SALEM, Ore., Aug. 25.—State Engineer Lewis dismissed Deputy State Engineer Cantino, so far as the state engineer's department is concerned.

## Glasses Ground

To the exact requirements of each case. Lenses duplicated in a few minutes. Prices for glasses very reasonable.
