PANAMA CITY READY TO OPEN BIG FAIR TO HONOR SPANIARD

DISCOVERY OF THE SOUTH SEAS TO BE COMMEMORATED IN NOVEMBER.

Balboa, Dead These 400 Years, Will Be Remembered in Fitting Celebration While Also the Resumption of Separate Government of Panama Will Be Observed.

PANAMA CITY, Aug. 31.—With the opening date little more than two months distant the national exposition of Panama is certain to be ready. The exposition does not celebrate the opening of the canal, notwithstanding the fact that the presence of this new highway is counted on to treble the number of visitors that otherwise could have been expected.

The single person most honored will be Balboa, dead these four hundred years. The preamble of the decree providing for the exposition says it is for the purpose of:

"Extolling and honoring the memory of Vasco Nunez de Balboa, the discoverer of the Pacific ocean; of strengthening the sentiments of friendship and sympathy which bind Panama with Spain, the mother country on the one part and that of the republics of the American continent on the other part; promoting commercial and intellectual interchange with these countries, and exhibiting to the visitors at the exposition the natural resources, industries, arts and in a single word, the growing civilization of the republic of Panama."

A plot of ground, 70 acres in extent, in the north part of the city is occupied by the exposition, lying along a slope that overlooks the Pacific. There are to be about eight exhibition buildings, a stadium, a plaza, a grand parkway, and a concourse and patio at the water's edge. Most of the buildings are finished. These include the palaces of agriculture, of fine arts, of government, of commerce and industry and of administration.

At the date of the legation's last report, the palace of education also was more than half finished. The management of the exposition has been occupying the administration building for some time. Early last Spring Cuba completed its building. It is a permanent structure, the second floor of which is to be occupied by the Cuban legation and the first floor by exhibits of Cuban products, which will be maintained after the close of the exposition.

With an \$80,000 building and exhibit, Spain will have an important part. The building will also be permanent and have the same functions as that of Cuba. Construction is now in progress. It is stated. The erection of this building is one of the significant features of the fair. For many years after Panama's declaration of independence from Spain, ill feeling existed between the mother country and the new republic, due partly to misunderstanding and partly to the fact that Spain cherished hopes of recovering its old possession. The fact now that Spain was the only European country invited to participate in the fair and that she accepted the invitation shows how completely this feeling has changed on both sides. Indeed, the natural sympathy between the two, due to identity in language, literature and to considerable extent in culture, long since asserted itself.

Another permanent building will be that of Venezuela near those of Cuba and Spain, but there is some doubt whether she will be able to complete it in time for the fair. Although the other three Central American republics have not so far made appropriations, the mingling of people from all these countries at the exposition is expected to strengthen the bonds of friendship and understanding among them.

The United States government has set aside \$25,000 for representation at the fair, but just how this is to be spent has not been announced. The Panama government hopes, it is said, that the United States will sometime see fit to erect a representative exhibition building in the permanent group, and that many other countries will also take advantage of the opportunity of exhibiting their products near the new world-highway.

WILL YOU CHOOSE A SUIT or COAT FOR ROUND-UP TIME?

Our Stocks Were Never so Complete As Now

It is impossible to adequately describe these beautiful Suits and Coats that are arriving by every express. They depict the latest decree of dame fashion. You must try them on in order to fully appreciate the wonderful creations and snappy styles that are being shown at this style store.

No matter what price you have thought of paying for your Suit or Coat, we can show them to you at just the price you have been thinking of paying. Come here where you are assured of correct styles and proper fittings.

SUITS \$18.50 TO \$40.00. COATS \$10.00 TO \$75.00.

BRITAIN SENDS GOLD TO STRENGTHEN CREDIT

NEW YORK, Aug. 31.—Nearly \$20,000,000 in gold and securities worth \$25,000,000, the second largest shipment sent from London to strengthen British credit in this country, arrived here on a special train of seven steel cars, guarded by 25 armed men.

The shipment came direct by rail from Halifax, N. S., to which port it was conveyed by a British warship conveyed by smaller craft. On the way to New York the train was preceded by a pilot engine and car.

The gold and securities were assigned to J. P. Morgan & Co., for account of the British government.

ONE MAN KILLED WHEN STRUCK BY A TRAIN

PORTLAND, Ore., Aug. 31.—One man was killed and another injured severely when they were struck by the Troop A Oregon National Guard special on the O.-W. R. & N. Railroad near Crusher, on the Bridal Veil route.

The dead man is James McCann, an employe on a rock crusher at Crusher. Will Fulford sustained a dislocated arm and injuries to his head and legs. He was struck by McCann's body as it was thrown from the track. The men, who were standing on the track, did not hear the approaching train on account of the noise of the rock crusher. Fulford was taken to St. Vincent's Hospital.

Corn or Cash for Votes.

DES MOINES, Ia., Aug. 31.—To secure funds to carry out their campaign for votes to secure a constitutional amendment, giving women the ballot at the next state wide primary election, the suffrage leaders have issued a call upon every farmer's wife in the state to give a bushel of corn, or its value in cash, to the fund. At the state fair here the suffrage leaders have a corn booth where fair visitors are delivering their corn or agreeing to pay the cash. In every county in the state an agent was named to receive and care for the corn and attend to its sale. Many thousands of bushels of corn are being obtained.

Seattle Sun Discontinues.

SEATTLE, Aug. 31.—For the second time the Seattle Sun has gone out of business. When the Sun failed several months ago, employes, after a short time, started it again on a cooperative basis. It lasted about seven weeks and today, it was announced there would be further effort toward keeping it alive.

NEW COUNSELLOR NAMED FOR STATE DEPARTMENT

WASHINGTON, Aug. 31.—Frank L. Polk, corporation counsel of New York city, has accepted the post of counselor to the state department. Formal announcement of the appointment was made by Secretary Lansing.

It is not the first time Panama has honored the memory of Nunez de Balboa. There is a coin of the republic called the Balboa. Balboa's portrait is on the national postage stamp and Sept. 25, the day he first saw the Pacific, is a national holiday. There is a project also to build a great statue of him at the Pacific end of the canal.

FEDS OFFER TY COBB HUNDRED THOUSAND BAIT

Tyrus Raymond Cobb, the "Georgia Peach," has been offered \$100,000 to sign a three year contract with the Federal league to play with the club which the new organization will place in New York City next year. Of this amount \$50,000 will be paid as soon as he signs the contract and the balance will be spread over the three years.

Cobb's contract with the Detroit Tigers has three more years to run and it is understood to be one of the "iron-clad variety," but it is reported that Cobb is considering the matter of jumping seriously. Cobb's salary with the Detroit club is said to be \$17,200 a year. Picture shows Cobb after a "high sea."

Adjourn to Visit Homes. MONTGOMERY, Ala., Aug. 31.—The legislature is expected to adjourn Monday or Tuesday, or at least to take a lengthy recess.

French Remedy For Stomach Troubles

The leading doctors of France have for years used a prescription of vegetable oils for chronic stomach trouble and constipation that acts like a charm. One dose will convince. Severe cases of years' standing are often greatly benefited within 24 hours. So many people are getting surprising results that we feel all persons suffering from constipation, lower bowel, liver and stomach troubles should try May's Wonderful Remedy. It is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

LA GRANDE ASKS THAT BAN BE PLACED ON HUNTING TO PREVENT FIRES IN FORESTS

LA GRANDE, Ore., Aug. 31.—La Grande appeals to Governor Withycombe in the fight against menacing forest fires that have suddenly broken out in about a dozen points in Union and Wallowa counties, went forward to Salem in the shape of prayers for a ban on hunting. Hunters are believed to be responsible for many of the destructive fires. Within the past 10 hours five big crews have been sent from La Grande to fight fires that are laying waste some of the best timber in eastern Oregon, though all the fires are not in valuable timber. Out of probably a dozen fires reported, only one is under control, a blaze on Cabin creek. This morning an area of six miles long had been burned over on the Grande side of the Wallowa river; two more fires were reported from the Upper Minam. Howard Meadows, south of La Grande, and Hamilton mountain, west, are the locations of other fires. The fire at Hilgard, which started Friday, is still beyond control, though recruits have been sent there. The number of fires in Wallowa county is rather indefinite, but forest rangers are reporting that fires are springing up in large numbers. Many workmen sent in to fight come back, finding the work too strenuous. The appeal to Governor Withycombe by George Palmer, president of the Fire Association, declares the situation serious.

EXPERIMENT STATION ENGINEER WILL READ PAPER AT CONVENTION

RALPH ALLEN OF HERMISTON TO ATTEND SESSION AT PANAMA FAIR.

(Special Correspondence.) HERMISTON, Ore., Aug. 31.—Mr. and Mrs. Ralph Allen, accompanied by Mrs. Allen's niece, Miss Bartholomew of Echo, left today for Berkeley, California, where Mr. Allen will read a paper in behalf of the northwest before the American Pomological Society which will be in session September 1 to 4 at the University of California. Mr. Allen, who is superintendent of the local experiment station, has as his assigned subject, "Some Phases of Fertility in Irrigation." Before returning home Mr. and Mrs. Allen and Miss Bartholomew will visit the exposition and other points of interest in California.

Flood of Prison Life

ST. CLOUD, Minn., Aug. 31.—His staid efforts to break into the state reformatory were rewarded. Robert Arnett rests peacefully today. A few weeks ago he forged three checks and gave himself up to the St. Paul police. His sentence finished, he soon returned to the St. Paul police, demanded his cell back, saying he had forged another check. He was accommodated. Then he came back here, voluntarily appeared before authorities and insisted he had forged another check, and asked to be sentenced to the state reformatory. He denied he is writing a book on prison reform.

ANOTHER STRIKE RUMORED AT THE STANDARD OIL

BAYONNE, Aug. 31.—Rumors that another strike of the employes of the Standard Oil company will be called here were circulated. The other strike resulted in several men killed during riots. The men are now said to resent the company's action in refusing to discharge about 75 negroes hired as strikebreakers. The workers were given a 10 cent increase after the last strike. Oil advanced one cent shortly afterward.

SUNKEN SUBMARINE F-4 IS RAISED TO SURFACE

HONOLULU, T. H., Aug. 31.—Submarine F-4, which went to the bottom off the Harbor of Honolulu, March 26, 1915, during practice maneuvers, and carried to their death Lieutenant Alfred L. Ede and a crew of 21 men, was successfully raised and towed to quarantine.

American Shipping Increases.

WASHINGTON, Aug. 31.—American shipping shows an increase for foreign trade of 737,623 gross tons over last year, despite stories of its demoralization through untoward legislation, the department of commerce announced. This year's gross tonnage is one million, eight hundred and thirteen thousand, three hundred and seventy five, an increase of about three times the tonnage in any previous year.

Taft Talks on Presidency.

BERKELEY, Cal., Aug. 31.—Former President William Howard Taft addressed 10,000 students of the University of California and the Pacific Theological Seminary in the open-air Greek theater. His subject was "The Presidency—Its Powers, Duties and Responsibilities." The address is one of three which Taft will give to the students on phases of federal government.

Mr. and Mrs. J. Drake of Hermiston were at the Shawman last evening.

WYOMING TAKES ON FUEL AT 14 KNOTS

fuel while traveling 14 knots an hour is the feat of the battleship Wyoming which aroused interested discussion in naval circles here. A moderate sea was running, and the collier Cy-

clips came alongside the Wyoming, oil pipes were connected and the battleship took on the fuel while continuing to pound her way toward Hampton Roads.

SEVERE RHEUMATIC PAINS DISAPPEAR

Rheumatism depends on an acid in the blood, which affects the muscles and joints, producing inflammation, stiffness and pain. This acid gets into the blood through some defect in the digestive process. Hood's Sarsaparilla, the old-time blood tonic, is very successful in the treatment of rheumatism. It acts directly, with purifying effect, on the blood, and improves the digestion. Don't suffer. Get Hood's today.

Vacation Journeys

Summer Suggestions For Baby's Mother

SEASONABLE ADVICE ON THE HEALTH OF CHILDREN IN HOT WEATHER.

No one requires as much food in summer as in winter. Do not over-feed children during the hot weather. Serve only the lighter and more easily digested foods, and make sure the bowels keep normally active.

Most of the troubles with which children seem particularly susceptible in the summer have their origin in a constipated condition. The first care of the mother should be to see that the children are regular. At the first sign of a disposition to neglect this important function a mild laxative should be administered promptly.

Cathartics and purgatives should never be given to children as they are harsh and violent in their action and tend to upset the entire system. The combination of simple laxative herbs with pepsin, sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin, is now very generally used to correct stomach and bowel troubles and is especially adapted for children. A free trial bottle can be obtained by being pleasant to the taste, mild and gentle in action and free from opiate

or narcotic drugs of any description. A dose at bedtime brings relief next morning in an easy, natural manner, without griping or other discomfort. Dr. Caldwell's Syrup Pepsin is sold in drug stores for fifty cents a bottle. It has been on the market for a quarter of a century and is today the standard household remedy in countless homes throughout the country. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 453 Washington St., Monticello, Ill.
