### Newsy Notes of Pendleton

**J. R. Perry Back.**  
J. R. Perry, local attorney, has returned from Hot Lake and is improved in health so far that he can walk down town.

**Will Start Messenger Service.**  
Roy Kelso of Walla Walla announced today that he would start an independent messenger service in Pendleton on September 10.

**Visited Vincent Fair Officials.**  
County Supt. L. E. Young yesterday spent the day at Vincent assisting the officials of the east end fair prepare for the county school industrial exhibit which will be a prominent part of the fair this year.

**Woolen Mills to Print Programs.**  
The Pendleton Woolen Mills will again have the program concession at the Round-up, the bid of Bishop Brothers being far above all others. The mills have put out the programs during the past two years.

**Peterson to Defend Dale.**  
W. M. Peterson, well known Pendleton attorney, was this morning appointed by Circuit Judge G. W. Phelps to defend Lee Dale, alleged slayer of Mr. and Mrs. Charles Ogilvy, whose trial has been set for October 4.

**Gypsies Are Arrested.**  
Michael George, head of a family of gypsies pulling into Pendleton this morning and his daughter, May, were arrested this afternoon by the police on a charge of telling fortunes without a license.

**Two Marriage Licenses.**  
A marriage license was issued yesterday afternoon to Mathias E. Deining and Lydia Taskinen, 13, both of Adams and one was issued today to Frederick B. Schwitcheberg, 27, and Bertha Le Masters, 23, both of this city.

**Attorney Leaving County.**  
L. D. Butler, a young attorney who has been associated with James H. E. Scott at Milton during the past six months or more, has withdrawn from the partnership and is leaving for La Grande to practice under Col. Ivanhoe, a leading lawyer of that city.

**Valley Special Train Likely.**  
Reports received from day to day from the Willamette valley give more color to the belief that a special train will be made up between Albany and Salem. Those two cities are showing a great deal of interest in the big Pendleton show this year.

**Sees Brothers After 33 Years.**  
Dave Rogers is enjoying a visit from two brothers he had not seen for 33 years. They are Jerry Rogers of Lyons, Nebraska, and M. M. Rogers of Mason City, Iowa, who arrived a few days ago for a visit. They intend to remain here until after the Round-up.

**Here, Cowboys, Read This.**  
Another big prize for the Round-up! Drs. Idleman and Ingram, well known dentists, will reset all broken jaws and restore all teeth knocked out on the Round-up grounds during this year's show absolutely free of charge, according to an offer made to the directors.

**More Orders From East.**  
Orders from the far east for Round-up tickets are being received every day, bearing out the predictions made that the sixth annual Round-up would see the largest out-of-state crowd yet drawn here. Yesterday one order was received from New Hampshire and today one from Ashville, N. Y.

**Concert at Library.**  
From three o'clock until five tomorrow afternoon a Victrola concert will be given at the public library for the benefit of the library patrons. An electric Victrola is furnished the library by the Warren Music House and some splendid selections will be given during the afternoon. The library is open from 2 until 5 but the concert will not start until 3 o'clock.

**Eighteen Signed for Baker.**  
Within an hour's time yesterday the special committee soliciting junketers for the trip to the Baker fair next week secured the names of eighteen men and the full number for the sixteen section car will be secured before next Wednesday evening. The committee will go out next week again to get the balance of the number necessary. The committee is composed of J. V. Tallman, S. R. Thompson, A. J. McAllister and J. F. Robinson.

**Made Long Auto Tour.**  
Prof. W. H. Musselman, who will have charge of the Tum-a-lum schools this year, returned only this week from a long auto tour of the coast. He and his wife made the trip to all points of interest in California in their Ford and returned by way of the coast and Willamette valley route, coming to Umatilla county over the Columbia Highway. He found a great deal of interest everywhere he went in the Round-up and declares there will be many automobiles coming in for the big September show. He found some bad roads in eastern Oregon but declares a little rain will make all good for travel. The worst road on his entire trip, he states lies between Cecland and Butte creek. The condition of the Echo-Pendleton road, he says, has been exaggerated, he having made the entire distance on high gear save for two or three short spaces. Prof. Musselman, who is here today, will be assisted in the Tum-a-lum schools this year by Miss Myrtle Westgate, a graduate of the Pendleton high school.

The story is laid in Kilisno, Alaska, at the time of the rush to the gold fields, and amid the environment of gambling houses and saloons "Little Pal" grows to womanhood, with the evil influences that surround her unable to crush the courage, heroism and morality innate within her. The many local friends of Bert Hadley, who played here previously, for some time at the Oregon theatre, have a splendid opportunity to see him in one of the steller rolls in this production.  
Another Pickford Triumph. It is a Duty to See It.
