

### News Notes of Pendleton

**Marriage License Issued.**  
A marriage license was issued Saturday to Glen A. Vickers and Mabel M. Owen, both of this city.

**Called to Portland.**  
E. B. Aldrich left last night for Portland in response to news of the death of his stepmother, Mrs. J. H. Aldrich of that city.

**Hunters Bag Grouse.**  
W. C. McKinney, James Bowler and Brooks Dickson went to Duncan yesterday morning and returned with a good bag of grouse.

**Heir of Mother's Death.**  
Mrs. Harvey Withers and Ed Herzon yesterday morning received a telegram telling of the death of their mother, Mrs. W. M. Herron, in Alexandria, Indiana.

**Son Is Born.**  
A son was born Saturday to Mr. and Mrs. Roy Beck of Walla Walla at the home of Mrs. Beck's mother at 2102 West Webb street. The mother was formerly Miss Winifred Gerking and the father was formerly a well known ball player and umpire.

**Elgin Band For Round-up.**  
The Elgin band will be at the Round-up to furnish music, according to an announcement just made by Director Fred Earle who has just closed a contract with this very efficient musical organization. The Elgin band will be only one of the several bands here, contracts already having been made with the Milton, Athens and Pendleton bands.

**Elect Officers Tonight.**  
For the purpose of electing two trustees and a treasurer, the Associated Charities will meet this evening in the city hall.

**His Highest Standing.**  
Miss Stella Gilmore of District No. 25, made the highest average in the recent eighth grade examinations, her grade being 85. Mrs. Ida J. Narkaus had charge of the school during the summer and takes pardonable pride in the achievement of one of her pupils.

**Sheriff Hug Here.**  
Sheriff August Hug came over this morning from La Grande to take into custody P. W. Lohman and J. D. Turner, two men charged with the larceny of a team of horses. The men were picked up here yesterday by Deputy Sheriff Estes upon instructions from Sheriff Hug.

**To Build Another Bungalow.**  
George Peebler this morning took out a permit to build a bungalow on Matlock street alongside the one which is now being erected. It will cost \$1500 approximately and will have five rooms and a bath. Mr. Peebler is building these houses in response to the heavy demand and already has them leased.

**Coming Back to Round-up.**  
L. D. Pendergrass, a merchant of Halvay, Oregon, and D. Phillips of the same town arrived in Pendleton last night about 10 o'clock in their auto, en route to Bandon in Coos county. They expect to return to the Round-up. In coming across the mountains yesterday they found snow near Meacham. Mr. Pendergrass is an old friend of E. F. Averill.

**Billy Dunn in Business Here.**  
William Dunn, well known conductor who has been with the O.-W. R. & N. for 25 years, has quit railroading to enter into business in Pendleton which he declares is the liveliest city he has seen in all his travels. He has purchased a half interest in the Pendleton Rubber & Supply Co. and will hereafter be associated in the active management of that place with W. N. Matlock. The company already has a large business in vulcanizing and in the supplying of tires and automobile accessories and, under the new management, will reach out after more business.

**More Pheasants for Release.**  
Deputy Game Warden George Tonkin this morning received a letter from W. L. Finley, who is in charge of the biological department of the state game work, stating that several crates of Chinese pheasants may be had for liberation in Umatilla county for the asking. If Mr. Tonkin can find a suitable place for releasing these birds he will send for them. He requests that any farmer or land owner wishing to have these birds liberated on their places get in communication with him.

**Loses Whole Crop by Fire.**  
His entire crop destroyed by fire is the report brought down from Cablage Hill this morning by John Fisher, well known farmer of that vicinity. He had eighty acres of A-1 wheat and had finished cutting and stacking it for threshing when the fire destroyed it all. The fire was discovered about 4 o'clock last Thursday morning and Mr. Fisher thinks that some enemy set a match to his stack or else the fire was caused from some one sleeping in the grain. He had a small amount of insurance upon it.

**Fighters Pay Fines.**  
When Henry McQueen, a local taxi driver, had Dues Owens arrested Saturday because of an alleged assault, he got himself into trouble also. Owens pleaded guilty but declared he started the fight in order to avenge Al Johnson, an old man whom McQueen had beaten up several days before. McQueen pleaded guilty to hitting Johnson and was fined \$45 while Owens escaped with a \$15 penalty. Johnson has been under the care of a physician since last Thursday when McQueen struck him violently several times in the mouth. McQueen claims he was forced to strike the older man. Both fights occurred in a local saloon.

**Orphan Boy Wants Home.**  
Does some Pendleton resident want to give a 15 year old orphan boy room and board this winter in order that he may attend school? The boy is willing to work in return. He has no home and a week ago Officer Alex Manning, finding that the boy was deserving, took him to his home and has been keeping him since. This morning he started to school, entering the eighth grade. Mr. Manning declares the boy is hard-working and has other qualities that commend him. The boy has been working through harvest and earned enough to buy his clothes. He is ambitious to secure an education.

**Busy Morn in Police Court.**  
This morning was a busy one in police court, twelve cases coming before Magistrate Fitz Gerald and a total of \$39 being netted from those offenders who paid fines or forfeited bail. Of this amount Mrs. Benedict and her nephew, George Norris, paid \$25 each on charges of disorderly conduct. They were arrested Saturday night in a room at the rear of the Bowman bar in the company of Martin Anderson, one of the proprietors. Anderson is out on bail and his case will come up later. All of the other cases were plain drunks. Eva Snyder, a young woman who has been in trouble before, was arrested Sunday morning at an early hour by Officer Stephens on a vagrancy charge and is out on \$100 bail pending her trial.

**Off for Salem Wednesday.**  
Assessor C. P. Strain, who is a member of the commission appointed to consider the disposition of the state lands, will leave Wednesday for Salem.

**Citizenship Hearings Tomorrow.**  
Tomorrow is the date set by Judge Phillips for the final hearing of applicants for citizenship papers and there are more than 20 who have taken the necessary steps to make them eligible to submit to the examination. It is doubtful, however, whether all will be present.

**Murdered Man's Wife Wins.**  
Sheriff T. D. Taylor yesterday received a telegram from the wife of J. T. Owings of Twin Falls, who was murdered recently by John G. Richardson and whose body was found last week. She asked the sheriff to take charge of the body and belongings of her husband for the time being. Mrs. Owings, who was formerly Richardson's wife, was Miss Ann B. Jackson when a young woman in this county.

**Ask Special Levy for Library.**  
This morning County Judge Mash and Commissioner Cockburn held a short session of court to listen to a request from the members of the library board for a 2-10 mill levy for the purpose of making the new library building a fire-proof structure. To do this, more funds than now available are necessary and the small levy asked would provide those funds, the board argued. The court took the matter under advisement. During the morning the board escorted Judge Mash and Commissioner Cockburn to the library site, placed shovels in their hands and had photographers snap them.
