INTERESTING MATERIAL OF WESTERN FLAVOR TO BE IN SPECIAL EDITION

As in the past the East Oregonian will cover the Round-up this year in up-to-date style. The only difference is the Round-up editions this year will surpass all previous efforts. The paper will be the same size as last year, 28 pages each day, but will be an improvement in several ways, noticeable in the character of the art work, and in the photographic displays.

The enlarged editions will be published during each of the days of the Round-up and will be an exhibition of journalism never heretofore displayed in Pendleton or in any other town of this size. It will contain all the news of the Round-up, written by men who know a good Round-up when they see it, there will be much information about the Round-up of the past and many feature stories of interest to those who like the flavor of the western range and also many stories of the industrial life of Pendleton and Umatilla county. Those who liked the work of the East Oregonian last year will be even more pleased with the Round-up editions this year because they are going to be better than ever.

The price for the entire series of Round-up papers will be 25 cents, wrapped, addressed and postage paid by this office. The papers will make the best souvenir of the Round-up obtainable. Have the series mailed to your friends so as to let them know about Pendleton's greatest show. Orders may now be sent to the East Oregonian business office. Send with your order the addresses to which you wish the paper sent.

Child's Tears Save Dog.
HAZELTON, Pa., Sept. 14.—The tears of little Veronica Spillback, whose widowed mother, with five other children, could not pay \$1 dog tax for the family pet, which was to be shot, moved Mayor Harvey to pay the fee for the tag himself and save the dog's life.

Encouraged by the sight of his humane feeling, Barney McCann, arrested as a porch sleeper, recalled to Mayor Harvey that he had worked as his laborer in the Stockton mines 26 years ago. His honor remembered McCann, but this did not save the prisoner from serving time in default of a \$2 fine.

Mine Dividends \$6,000,879.
SPOKANE, Wash., Sept. 14.—Dividends paid or declared for immediate payment to date in 1915 by Coeur d'Alene mines amount to \$6,000,879. September dividends, including the quarterly disbursement of Interstate-Cathlamet of 25 cents a share to be made at the close of the month, amount to \$1,814,900. The reopening of the Hercules in August is adding from \$200,000 to \$250,000 to the monthly earnings of the district.

The great lead producer will net \$200,000 during September.

The Bunker Hill & Sullivan already has paid its September dividends of \$81,750, or 25 cents a share.

Alleged Murderer Sued.
WAYNESBURG, Pa., Sept. 12.—Dr. J. T. Silver, suspected of the murder of Nettie Poland, today sued at his office at Georgetown, W. Va. The body of the girl, stripped, was found in an automobile deserted on a road.

Notice for Bids.
 Notice is hereby given that sealed bids will be received by the secretary of the Umatilla county library board at her address, Pendleton, Oregon, until 12 o'clock noon, September 20, 1915 for the construction of a library building approximately 42x43 feet, of basement, main floor and attic, including approaches and grading or lot.

Plans and specifications can be obtained from Mrs. Lina H. Sturges, president of the library board, Pendleton, Oregon, by making a deposit of \$20.00 which will be refunded to unsuccessful bidders on return of the plans and specifications in good condition.

Plans and specifications are also on file in the public library at Pendleton on the second floor of the city hall, where they may be inspected.

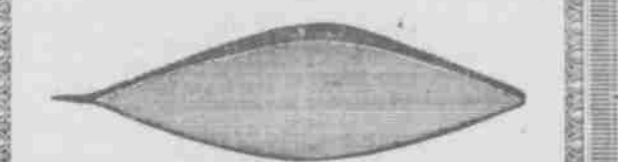

Each bid for all the work shall be accompanied by a certified check up on a national bank drawn to the order of the Umatilla county court, to the amount of five per cent of the bid, binding the bidder to execute the work if awarded to him. All such deposits, except that of the accepted bidder, will be returned within one week after the contracts have been awarded. Failure of the successful bidder to furnish bond called for herein within one week after the contract has been awarded will result in the award of the work being rescinded and given another bidder; and the certified check of the defaulting bidder will become liable up to its full amount of any difference in the amounts of the two bids.

The successful bidder will be required to furnish a satisfactory bond, in amount one-half the contract price, executed by a Surety company acceptable to the county court and qualified to do business in the state of Oregon, such bond insuring the fulfillment of all the provisions of the contract and the satisfactory completion of the work thereunder within the time stated, and covering all guarantees provided for in the specifications, the prompt payment of all persons furnishing materials or labor required for the prosecution of the work and the settlements of all claims, liens or other liabilities arising from the construction of the work or the use of patented articles.

The library board reserves the right to reject any or all bids.

Mark envelopes "Bid on Library Building."

Dated this 14th day of September, 1915.

WAR ODDITIES.

LONDON—Grouse on the royal estates in the Scottish Highlands are so plentiful this year that King George has decided great numbers shall be shot and distributed to military and naval hospitals.

LONDON—Miss Philippa Fawcett, daughter of England's former postmaster general, has become a postwoman in a rural part of Suffolk to relieve a man for war duty.

ZURICH—Swiss breweries are thriving due to the prohibiting of the export of beer from Munich and other big German brewing centers.

ROME—The king will probably decorate an Italian naval surgeon who bound up the stump of a sailor's arm while both were in the water after the torpedoing of the cruiser Anafi.

Navy Wants no Pacifists.
WASHINGTON, Sept. 14.—"No pacifists need apply," is the sign hung out by the navy department over the entrance to the new advisory board, headed by Thomas Edison. While the selection of the board's personnel has been delegated by Secretary Daniels to 10 prominent technical societies, each of which is to choose two members, the department has hinted unofficially that they are not expected to nominate any exponents of "peace at any price."

The object of the board, department officials point out, is to build up a fighting machine. For this reason Secretary Daniels does not want it encumbered by theorists who might seek to use the office to advance their notions about the needlessness of preparation.

It has been learned that Henry Ford, who was prominently suggested as a candidate for the advisory board, has never been seriously considered at the department. While due honor is granted him as a business organizer, he is not believed to be an inventive genius of the type required.

Masked Men Force Ride.
TACOMA, Wash., Sept. 14.—Six hours in a buggy with two armed and masked highwaymen, one of whom kept a revolver shoved either against his ear or prodding his ribs, Francis D. Stewart of Ferrell Hill, whipped his horse full speed from just beyond Pile Station on the Tacoma-Puyallup highway to the beginning of the pavement in Parkland. The robbers climbed into his buggy at 9 Saturday night and the ride continued to 3 Sunday morning. Stewart had only 10 cents but the bandits made no effort to search him.

"That's all," snapped one of the masked men as the pair jumped out at the edge of Parkland. "You can go home now."

The total production of whale oil in 1912 was 1,200,000 barrels, more than half of which came from Norway. Ten years ago the cost of producing a ton of the oil was less than half what it is now.

Free skating all this week for ladies at Pavilion Rink, opposite Round-up park. Skating season closes September 10th.

Mr. and Mrs. Perle Hales and family have moved in from their farm to their new bungalow in this city.

Mrs. L. Hunter of Coeur d'Alene, formerly of this city, is visiting friends here.

1200 Bales of Hops Burn.
SACRAMENTO, Cal., Sept. 14.—A fire of unknown origin, but the circumstances of which point to arson, destroyed a galvanneal iron warehouse and its contents: 1200 bales of hops on the E. Clement Hort ranch, east of the city. A total damage of about \$55,000 was suffered.

The fire started in the center of the warehouse. The doors of the building were closed at the time, and half a dozen guards were on watch around the ranch.

Investigation Is Ordered.
HONOLULU, T. H., Sept. 14.—Lieutenant-Commander Mark St. C. Ellis, of the gunboat Princeton, was named chairman of a board of inquiry to investigate and fix the responsibility for the collision between the United States steamer Supply and three submarines of the F type. The P-1, P-2, P-3 were damaged by the Supply when the latter attempted to dock here.

Jews to Strike for Day.
NEW YORK, Sept. 14.—A friendly strike of the members of the Jewish trade unions represented in the convention of the National Workmen's committee onewish rights, for one day following the opening of peace negotiations in Europe, was decided on at the closing session here.

The workmen, nearly 250,000, will cease work for a day as a protest against the oppression of the Jews in several European countries.

Closing Law Is Upheld.
SALEM, Ore., Sept. 14.—The supreme court today upheld the constitutionality of the Oregon Sunday closing law. The case was the state versus Leigh Nicholls of Eugene, for selling cigars and tobacco on Sunday.

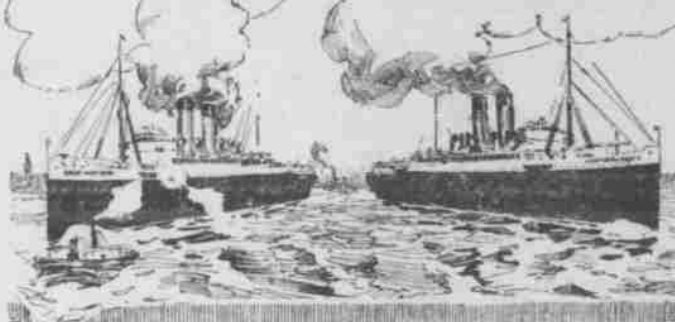

Love Captures Teachers.
PITTSBURG, Sept. 14.—Ten teachers of the public schools of Pittsburgh fell victims to the arrows of Dan Cupid since the schools closed in June, according to a communication sent to the board of public education by Superintendent of Schools William M. Davidson. There are 22 teachers who have asked that their resignations be accepted and the superintendent recommends that the board comply with the requests.
