### Losses 700 Sacks of Wheat.

A fire yesterday morning destroyed 700 sacks of wheat belonging to Elmer Thompson who is farming the Daniels place three miles west of the city. The wheat was piled in the field and Mr. Thompson thinks the fire was started by hobo's sleeping there. His loss was fully covered by insurance, according to Joe Ell with whom the policy was carried.

### First Bucking Tomorrow.

The first tryout of bucking horses for the 1915 Round-up will be held tomorrow afternoon at Round-up park, according to an announcement made by Livestock Director S. R. Thompson. "Annel" and Ramlings Sam, the two outlaws who absented themselves for two years, will be the first to be ridden in the event that any cowboy can be found to try them after their long rest.

### Street Decorations Begun.

Decoration of the city for Round-up week was begun today by the professional decorators in the city. Judge Phelps granted naturalization papers to eight foreign-born residents of Umatilla county as follows: William T. McLeod of Athena, a native of Canada; Jacob L. Stork of Hermiston, a native of Germany; Stanley B. Sanderson of Freewater, a native of Canada; Peter Hermann of Freewater, a native of Germany; John A. Serelli of Pendleton, a native of Sweden; Hans Rasmussen of Milton, a native of Denmark; William Kupers of Pendleton, a native of France. Several other applications were continued or refused and the judge is holding further hearings this afternoon. There are more applicants at this term of court than ordinarily, the new amendment to the constitution, making citizenship a qualification for voting, and the European war being the causes.

Prisoners Have Real Fun. JOLIET, Ill., Sept. 14.—Labor day was a real holiday for the hundreds of inmates in the state penitentiary here. Forgetting the walls and bars which cut them off from the outside world the convicts stood up and howled with glee while two pugilists pummeled each other in a regulation ring in the prison yard.

In Chicago, Governor Dana became incensed when he learned that the boxing bouts were in prospect. He telegraphed to the warden that the bouts must be eliminated. The telegram, however, arrived too late, as the bouts were over and the convicts had their fun.

Air Raid Is Noteworthy. BASEL, Switzerland, Sept. 14.—The aerial bombardment at Saarbruecken, recorded in official statement from the French war office, was presumably the most noteworthy operation of its kind during the war.

Forty French and British war aeroplanes circled low over the town and threw bombs on the small arms factory, the barracks, the railway station, the engine sheds and other military buildings. Several hundred yards of railroad trackage was destroyed and many recruits in the barracks were killed or wounded.

All 49 aeroplanes, after discharging about 400 projectiles, returned safely to Nancy.
