LOAN TO ALLIES MEETS TROUBLES

NEW YORK, Sept. 23.—Though admitting the billion dollar allied loan proposal has "struck a snag" of some sort, local financiers would not say the situation is deadlocked. The foreign commissioners are reported to be attempting to arrive at a compromise. Local parties to the negotiations professed to be still confident the loan will go through.

WASHINGTON, Sept. 23.—The allies must depend upon eastern banks for their loan of a half billion or more. Western banks cannot help them, according to a treasury official's statement. Scarcely a bank in Chicago, he said, dares shoulder any portion of the loan, because they fear strongly entrenched German interests. Other banks are involved with packing and Rockefeller interests, both of which are antagonistic to the loan.

WILL CALL SENATE IN EARLY SESSION

WASHINGTON, Sept. 23.—The president has practically decided to call an extra session of the senate on October 15, it is authoritatively learned. Subjects for consideration will be limited to proposals for amendment of cloture rules and discussion of treaties bearing on Central and South American relations.
