## Newsy Notes of Pendleton

### Marriage License Issued.

Late Saturday evening a marriage license was issued to John I. Montague and Ethel M. Johnson.

### Many Arrests Made.

Past Round-up police records were broken this year in the number of arrests and this was accomplished, too, at a less cost to the city. So far this month the police have made 284 arrests whereas the number during the entire month of September last year was 216. This year the cost of the Round-up police service was \$456.50 and last year it totaled \$599.12.

### Saloonkeepers Arrested.

Warrants were served this morning upon Martin Anderson and Frank J. Quinlan, proprietors of the Bowman bar, charging them with selling intoxicating liquors in a room other than that for which a license was issued. The case grows out of the recent arrest of Anderson in a room at the rear of the saloon with a woman and another man. Bail in the amount of \$100 was required of them.

### Asks for Strict Foreclosure.

The Aladdin Land Co., today filed suit against R. C. Todd and wife and the First National Bank of Hermiston, asking a strict foreclosure on a contract for land alleged to have been entered into between the Todd and the Maxwell Land & Irrigation Co. and later assigned by the Maxwell company to plaintiff. Plaintiff alleges violation of the terms of the contract and asks for immediate and

exclusive possession of the property. The bank is alleged to claim some interest in the land. Carter & Smythe are attorneys for the plaintiff.

### Adams Couple to Marry.

A marriage license was issued yesterday to James C. Simpson and Eva Tindal, both of Adams.

### New Day Policeman.

Frank Nash is the new day policeman to assist Chief of Police Manning, taking the place Manning had before he was appointed as chief. Nash began his duties last week.

### Main Street Improvement Starts.

The grading of South Main street up the hill, preliminary to paving it, was started yesterday afternoon. The street is almost impassable now. The Warren Construction Co. this morning started the laying of gravel bitulithic on Railroad street.

### Antiquarian Hoopended.

The high school auditorium which had been completely wrecked by workmen who have been refitting the gallery, is now open for use again. Some time after the building was put up the gallery settled, thereby letting the plaster crack off on the decorations.

### Bootleggers Sent to Jail.

Ben Montell and Alfred Johnson, two bootleggers picked up during the Round-up, were yesterday committed to the county jail by Justice of the Peace Parkes upon their failure to pay the fines imposed upon them. Montell was fined \$100 and Johnson \$50.

### Akley is Acquitted.

The jury that heard the testimony in the case of the State vs. George Akley last evening returned a verdict of not guilty. Akley had been accused of assaulting and robbing Kantine, an old Indian, but the evidence showed that, if he was implicated, others were just as much or more so.

### Church Has Been Improved.

Many improvements have been made to the interior and exterior of the Christian Science church on Webb street. New steps have been put in, and the main auditorium has been painted and repapered. The reading room also has been painted and repapered. New cards have been printed giving the address of the reading room and these cards have been placed in the local hotels and in some of the store windows.

### Announcing System Was Fine.

Through the courtesy of Manager Mahle of the telephone company, the best system of announcing which the Round-up has ever had kept the spectators informed last week. In a booth at the judges' stand L. D. Drake was connected with each of the crown's nests and also with the stables. At any time he could summon performers or stock from the corrals and stables or could give to the announcers simultaneously a message to repeat to the crowd.

### "Friskers" Are Penalized.

Billy and Flo Clark, blonde demimondes, and Bert Perkins and Robert Ross, their chief allies, undertook to "frisk" a visitor to the Round-up Saturday at a local hotel. The man, however, put up a fight and the police were called. The two men locked themselves in a room and went out through a window. Perkins was caught at once and Ross was later picked up on the streets. Yesterday the two women were sentenced to pay fines of \$50 each and the men were given \$75. So far Flo Clark is the only one who has paid her way out of jail. Neta Carson and Hazel Sherwood were also arrested on charges of conducting a hawdy house and fined \$50 each.

### Buildedged a Motorcycle.

Chief of Police Alex Manning is not exactly a cowboy but he knows how to build a speeding motorcycle, a sport just about as dangerous as building a loping horned steer. On Friday night a motorcycle, with two men aboard, passed him on Cottonwood street at such a speed that he couldn't even tell whether they were burning lights. He laid in wait for their return and, when half a block distant, signalled them to stop. They slowed down as if they intended to stop, but just before reaching him swerved suddenly and turned on more juice. The cycle jumped ahead but the chief made a jump, grabbed the handlebars and the three men and machine fell in a heap to the pavement. Luckily none were hurt but the machine was damaged. The men proved to be Lester Harrington and Oiler Dendauw of Pilot Rock and each paid a fine.

### J. R. Dickson Makes Record.

J. R. Dickson, who for over ten years represented the Aetna Life and the Aetna Accident and Liability company in Pendleton, and who is now connected with the office of the general agents of said companies in Portland, will be one of nearly a thousand "Agents-to-be" to attend the company's convention at San Francisco October 4 to 9. The delegates to this convention have been selected solely on a basis of merit, as demonstrated by a seven months' selling campaign in the casualty and miscellaneous insurance lines and fidelity and surety bond business, only new business fully paid for being counted. To give all a fair chance, the agents were divided into four groups, according to the population of their territory, and a carefully graded scale of credits was arranged for the 27 lines of insurance included in the convention campaign. Mr. Dickson will leave Portland on this trip, which will combine business and pleasure, on next Sunday evening, and expects to be away for two weeks. His address, while in San Francisco, will be the Palace Hotel.

## 3 MORE ARE ARRESTED FOR O. C. LAND FRAUD

SAN FRANCISCO, Sept. 28.—Three more persons have been arrested under the blanket indictment issued by the federal grand jury in connection with the Oregon land frauds case.

They are Elmer E. Patten, salesman, arrested in Eureka, Cal., today by United States marshal's deputies; Byron Sanford and D. C. Connors.

Two officers of the district attorney, the postal inspectors and the United States marshal were swamped with telephone calls and letters from alleged victims of the realty operators.

It is said in federal court circles that several experienced business men of San Francisco are among the victims. There are 25,000 applications for land on file in the offices of the California & Oregon railroad, making a total of \$3,750,000 collected fraudulently according to federal officers.

### New Commandant Visits.

ROSEBURG, Ore., Sept. 28.—Although W. W. Elder, deposed commandant of the Oregon Soldiers' Home, will not sever his connection with the institution until October 1, R. C. Markee, successor of the retiring commandant, will arrive here today from Portland.

He was invited to come to Roseburg by Mr. Elder, that he might become conversant with his duties before assuming the management of the home October 1. Mrs. Markee, it is understood, will act as matron of the home.

R. H. Goodin, secretary of the board of control, has arrived here from Salem to invoice the home prior to the change in commandants.

## HIGH SCHOOL SQUAD HAS TENTATIVE GAME SCHEDULE

### LOCAL FOOTBALL TEAM WILL PLAY LA GRANDE HERE ON OCTOBER 29.

Manager Bowen of the high school football team, announces that three of the games of the season have been arranged. A heavy schedule is being worked out and more games will be secured in the near future, which
