Two Stoves for the Price of One

We offer you only reliable goods made by reliable manufacturers. Honest prices and honest values is our motto. If there is one place where quality counts it is here.

Cole'S Original Hot Blast

is a double stove-a heavy durable heating stove slipped inside of the powerful radiating body which radiates all the heat. This remarkable construction makes an absolutely air-tight stay-tight heater which holds fire from Saturday night until Monday morning. This guaranteed stay-tight construction in connection with our Hot Blast fuel saving draft makes our guaranteed great fuel economy possible.

The Many Feet of Leaking Joints

made temporarily tight with stove putty explains why imitation hot blast heaters and stoves with other fuel saving devices are not guaranteed to remain air-tight always, as is Cole's Hot Blast.

Cole's Hot Blast burns any fuelsoft coal, hard coal, or wood. It is a powerful radiator of heat. It gives a sizzling hot base. It gives a guaranteed fuel economy. You can't afford to be without this remarkable heater. Come in and see

"Cole's Hot Blast makes your coal pile last." To avoid imitations look for Cole's

BRING RESULTS

Manufacturers should be interested in the experience of one of the great corset manufacturers.

He says:

"The obvious purpose of national corset advertising is to bring trade to the local retailor. Make a canvass of the retailors in New York or Knoxville, in Chicago, or Kankakee, and it's a safe bet that 100 per cent will urge the use of the local daily news-paper in preference to all other mediums.

"And that's a conclusive test.

The local dealer knows what brings results to him."

Does not the same principle apply to any other good product?
