

The East Oregonian has the largest paid circulation of any paper in Oregon, east of Portland, and over twice the circulation in Pendleton of any other newspaper.

East Oregonian

Forecast for Eastern Oregon by the United States Weather Observer at Portland.

Occasional rain tonight and Saturday; cooler.

GERMAN LINE IN EAST ASSAULTED BY FRESH DRIVE

Russians are Encouraged by Gains Made in the West by the Allies and Hurt New Attacks.

RIGA IS BATTLE GROUND

Clear Through to the Gallia Front, the Slavs Have Suddenly Stiffened Their Resistance and Are Now Handling Fierce Attacks Against the Teutonic Armies.

PETROGRAD, Oct. 1.—Fired by the victories gained along the western front in the past few days, the Russians are striking fiercely at the Teuton lines from Riga to Gallia. The allied gains, too, along the western front are having the effect of freshening the Russians' courage and the battle has taken on a ferocity unknown in the days when the Germans were pounding their way eastward, almost unimpeded. The war office claimed the Slav morale is increasingly better, while the Teutons are manifesting nervousness at times bordering on panic.

ATHENS, Oct. 1.—A French squadron which entered the Dardanelles Tuesday, bombarded the shore batteries successfully, according to Mythen dispatches.

CONSTANTINOPLE, Oct. 1.—The Turkish shore batteries sank a torpedo boat in the Dardanelles Wednesday, it was officially announced.

TOTAL OF 979 HAVE NOW REGISTERED TO VOTE IN DECEMBER

APPROXIMATELY ONE HALF OF VOTERS HAVE THEIR NAMES ON THE BOOKS.

At 2 o'clock this afternoon a total of 979 local voters had registered for the coming city election and a steady stream of voters was keeping John Halley Jr. busy enrolling their names. At the present time approximately one half the voters have registered. The books close next Tuesday and tonight and tomorrow night Mr. Halley will keep the office at the city hall open from 8 o'clock until 10 for the accommodation of those unable to register during the day time.

13 Die in Hurricane. BILOXI, Miss., Oct. 1.—Thirteen have perished in a hurricane at Biloxi, Louisiana, including nine in one family, according to fishermen report. Mrs. Myrtle Allen, 92, was killed and three children seriously injured at Long Beach, Miss.

Forced Training Favored. BOSTON, Oct. 1.—Compulsory military education for all youths more than 14 years old, with exemption from poll taxes for those serving three years in the National Guard, was advocated by Governor Walsh.

HUGHES JURY CAN'T AGREE ON VERDICT AND ARE DISMISSED

AFTER 22 HOURS DELIBERATION TWELVE ANNOUNCE HOPE, LESS DEADLOCK.

After being out for more than 22 hours, the jury in the Hughes arson case yesterday afternoon at 4:20 reported to the court that there was no possibility of their arriving at a verdict. With this announcement the jurors were dismissed from further consideration of the case. This leaves the case exactly where it was before the trial and District Attorney Stelwer stated this morning that he would probably put Mrs. Hughes on trial again.

The jury was evenly divided as to the guilt or innocence of the defendant, it is said, six voting for acquittal and six for conviction. The first ballot, it is said, resulted in five ballots being cast for either side and two blanks. The second ballot saw one of the blanks filled either way and the deadlock remained at this point for thirty ballots. The jury was never reaching a conclusion at 4:30 than it was an hour after considering the case.

If Mrs. Hughes is tried again for the burning of her former husband's house, it will not be until the next term of court when a new panel of jurymen is selected.

Dental Clinic to be Conducted by Noted Chicagooan

DR. ARTHUR C. SMITH SCHEDULED TO BE HERE FIRST OF NEXT WEEK.

A dental clinic, conducted by no less a person than Dr. Arthur C. Smith of Chicago, one of the leading dentists of the United States, is scheduled for Pendleton the first three days of next week, and it will be attended not only by the local dentists but by others from over eastern Oregon. The clinic will be free to the public and all patients treated at the clinic will receive the treatment without charge.

Dr. Smith is making a tour of the Pacific coast states, stopping a week in the larger cities to give his course in conductive anaesthetics and nerve blocking to the different dentists. He is at Spokane this week and he was induced to stop at Pendleton through the agency of the Eastern Oregon Dental Society. This will be the only place in eastern Oregon where he will stop and Pendleton will be the smallest city in the west to receive his clinic.

He will remain in Pendleton Monday, Tuesday and Wednesday and will conduct the clinic mornings, afternoons and evenings in order to get in his entire course. It will be held in Room 15 of the Judd building. Local citizens will be invited to attend and have their teeth extracted or prepared for filling. Dr. Smith's methods of nerve blocking are considered the most modern and the most successful in eliminating all pain from dental work.

Spanish Steamer Lost. MADRID, Oct. 1.—The crew of the Spanish steamer Millan Carrasco is reported to have perished when the vessel foundered Thursday off L'Arcia.

Greater New York Guardsmen Play at War

MAJOR GEN. O'RYAN AND STAFF CROSSING BRIDGE. BELOW

Top—Major Gen. O'Ryan and his staff crossing the bridge constructed by the engineering corps. Below—the same bridge just as a charge of dynamite was exploded under it. Ten thousand national guardsmen of Greater New York mobilized on Saturday at Van Cortland Park at the northern end of the city and engaged in the largest view of maneuvers which has ever been held by the New York militia. Governor Whitman reviewed the troops and witnessed the maneuvers, which included a demonstration of the artillery service, the ambulance service, cavalry drills, motorcycle and armored car machine gun drills, and the constructing and blowing up of a bridge by the engineering corps.

GOVERNMENT OFFICIAL HERE IN CONNECTION WITH FIGHT BEING MADE ON PREDATORY ANIMALS

S. E. Piper, scientific assistant in the bureau of biological survey, was here yesterday in connection with the campaign which the bureau is inaugurating throughout the west against the predatory animals. The purpose of the campaign is to control the ravages on livestock and game by coyotes, wolves, cougar and wild cats. The work has been undertaken in response to an appeal by stockmen which resulted in the appropriation by the last congress of \$425,000 for the purpose of checking predatory animals on the national forests and public domain outside the forests. The affected region has been divided into eight districts, in each of which a force of reliable expert hunters is being organized for work under the direction of an inspector, throughout the year. These hunters are being paid \$75 per month and are not allowed to collect bounties. The skins and skulls of animals taken by the hunters become government property. E. F. Averil of this city, is the inspector for this district which includes Oregon and Washington. His permanent headquarters will be in Pendleton. All applications by hunters for employment should be addressed to him. The applications should include a statement of the applicant's age, experience in trapping, the locality in which he is best acquainted, the amount of trapping equipment in possession, and should be accompanied by recommendations in writing from forest supervisors, officers of stock associations, or interested stockmen who know of his work along this line.

The co-operation of stockmen is invited in advising the inspector of damage recently inflicted by predatory animals, and in otherwise assisting in developing the work. Much aid may be given especially by report on the presence of wolves and mountain lions. While the entire situation cannot be met during the present year, it is thought that an organization which will do effective work can be established throughout the range country of the west and that many of the destructive predatory animals can be killed.

Portland Wheat Price Raised Two Cents

CHICAGO, Oct. 1.—(Special.)—At the close today Dec. 95 1-8; May 96 7-8.

Portland. PORTLAND, Ore., Oct. 1.—(Special.)—Bid prices today, club 83; bluestem 92.

Liverpool (Yesterday.) LIVERPOOL, Sept. 30.—Wheat—Spot, No. 1, Manitoba, 11s 11d; No. 2, 11s 9d; No. 3, 11s 8 1-2d; No. 1 northern Duluth, 11s 5d; No. 2 red Western Winter, 10s 2d; No. 2 hard Winter, 11s 10 1-2d. In American term, the Liverpool price is \$1.73 per bushel.

JURY FAVORS DEFENDANT IN SUIT REGARDING LAND

PLAINTIFF NOT ENTITLED TO HOUSE ON PROPERTY BOUGHT AT SALE. Though he had purchased the land at a sheriff's foreclosure sale, Le Roy W. Furnas yesterday failed to convince a jury that he was entitled to the possession of the house which (Continued on page five.)

Up Workers be Honored at a Banquet Tonight

LOCAL BUSINESSMEN JOIN TO PAY TRIBUTE TO COMMITTEE MEMBERS.

About sixty workers for the success of the Round-up and Happy Canyon will be honored tonight at a banquet given by local business men in appreciation of their splendid services. The banquet will be held in the dining room of the Hotel Pendleton and places will be laid for a hundred men.

The directors of the Round-up, the "council" of Happy Canyon, past directors of the Round-up and some of the men who gave generously of their services at the 1915 and former Round-ups are included among the guests. The directors of the Round-up are T. D. Taylor, R. W. Ritzer, C. H. Marsh, Roy T. Bishop, L. G. Frazer, Henry W. Collins, Sam R. Thompson, Fred Earle, Dean Tatum and Claude Penland. Past directors now in the city include J. Roy Haley, James H. Gwinn, Frederick Stelwer, Lee D. Drake, George A. Hartman, Dan P. Smythe, W. E. Brock and W. H. McKinney. The "council" of Happy Canyon is composed of J. V. Tallman, C. K. Cranston, W. L. Thompson, George A. Hartman, J. Roy Haley, J. F. Robinson, Lee D. Drake, Frederick Stelwer, Roy Alexander, Harry D. Gray, Dr. Guy L. Boyden, Dr. M. S. Kern, Mark Patton, R. M. Sawtelle, George C. Baer, Osmer E. Smith, C. S. King, Merle R. Chessman and Dr. D. N. Reber. The Round-up helpers who will be included, are J. N. Burress and W. M. Slusher, judges, Tom Thompson, E. L. Swartzlander, Geo. Peninger, John Luck, Wesley N. Max, look and Carl Peninger, timers, W. C. E. Pruitt, assistant to Secretary Marsh, Tom Boylen, Jr. in charge of the ticket office, Herbert Thompson, W. R. Taylor (Athens), Will Switzer (Umatilla), Ira Scott (Helix), James Thompson, R. F. Kirkpatrick, Bert Whitman, Guy Wyrick, James Wyrick, Richard Thompson and Ernest Knight, assistants in the arena, corral and with the livestock, C. E. Nelson, parade assistant, and F. E. Welch, assistant with the Indians. Acting Mayor John Dyer will also be a guest of honor.

Over forty business houses and business men are included in the list of those giving the banquet. No attempt was made to secure all of the business men. As soon as sufficient money was raised the committee quit work and, even then, a number of others telephoned that they wished to be included. The following are those who have contributed: Oregon Motor Garage, Pendleton Drug Store, John Bain, William Wyrick, American National Bank, Tallman Drug Co., East Oregonian, Tribune Publishing Co., The Peoples Warehouse, Alexander Store, Hotel Pendleton, First National Bank, Taylor Hardware Co., Ben L. Burroughs, Inc., City Brewery, Pendleton Auto Co., Oregon Lumber Yard, Olson & Johnson, E. J. Burke, Clarke Hardware Co., Fred Walters, The Delta, Bond Bros., Hamley & Co., McCook & Bentley, Pendleton Rubber & Supply Co., Pioneer Bottling Works, W. A. Rhodes, Golden Rule Store, E. F. Tullock, Dr. F. W. Vincent, T. J. Tweedy, George Stanger, H. P. Penrose, Royal M. Sawtelle, John L. Vaughan, C. G. Matlock, William Hoch, D. D. Phelps, Murphy Bros., and Carl Power.

ALLIES GAIN IN FURTHER EFFORT TO SMASH LINES

Offensive is Being Directed Against Vimy Heights to Control Important Railway Line.

CRUSHING BLOW IS COMING. Germans Cannot Avert Steady Forward Move of the Anglo-French Forces—Great Offensive on the Western Front Will Be Driven Home Decrees French Officials.

PARIS, Oct. 1.—The French forces have made further progress in the battle for Vimy Heights, an official communique said. The Germans dealing heavy counter-attacks in the Artois and Champagne regions have been repulsed, said the statement. Attacks against the French fortified works in the German Forest and south of Hill 121 have been driven back. Counter attacks southwest of Massiges in the Champagne have been abruptly arrested.

LONDON, Oct. 1.—The seventh day of the powerful Anglo-French offensive on the western front found the allies sweeping closer to Vimy Heights and toward the Bassancourt-Challanvaille railway, the two main objectives. With these two places in their hands, the allies will be in a position to administer a crushing blow to the enemy. One hundred and fifty thousand in dead, wounded and captured are the estimated losses of Germany since the drive started. No accurate figures of the allies' casualties are obtainable although Berlin said they had suffered heavily, particularly about Loos.

PARIS, Oct. 1.—France intends the most offensive along the western front shall be driven home. "This is the great offensive, but it has only begun," said Senator Stephen Pinchon, former French war minister and international authority on war. "It will be thrust home before it stops. In the past we lacked materials. We had no heavy artillery and our ammunition supplies were insufficient. Now we are amply supplied with everything we need, both in guns and shells. If we are only favored by good weather, I'm sure things will go nicely."

PARIS, Oct. 1.—The telegraphed congratulations which Poincare and Joffre have received from King George, removed any doubt today that the present onslaughts on the western front constitute the beginning of the big drive. King George outlined the allies' success "at the outset of our common offensive," and Poincare replied similarly, recalling the British victories.

BERLIN, Oct. 1.—The Germans took 421 Russian officers and 95,464 men prisoners on the eastern front during September, it was officially announced.

BERLIN, Oct. 1.—The German counter attacks on the northern and Anglo-French battlefront continue to press the English back, a war office statement declared. The statement claimed the attacks in the Artois and the Champagne regions, including the attempts northwest of Massiges were repulsed.

French attacks failed east of Souchez, north of Neuville and northwest of Massiges it was claimed. One hundred and four French officers and 7500 men were captured in the Champagne region it was claimed.

Montford Heads G. A. R. WASHINGTON, Oct. 1.—Ellis Montford of Cincinnati, was elected commander in chief of the Grand Army of the Republic.

Part of Immense Order for Cars for Russia Stops Here on Way Through to Seattle

Part of a \$20,000,000 shipment of cars to the Russian government, 55 knocked-down box cars, loaded on 25 other cars, passed through Pendleton this morning on the O-V R. & N. line en route to Seattle where they will be transferred to steamers and conveyed to Siberia for use on the Trans-Siberian railway. The cars were made by the American Car and Foundry Co., the order being placed in this country by the Russian government presumably because the war has made it difficult for Russia to turn out her own cars. The cars are the very latest in car construction, heavy wheels, simplex trucks, steel brake-beams and reinforced sids. The wheels, trucks, sids and bottoms are loaded separately and done so compactly that the train presents the spectacle of 31 cars occupying 23 car-lengths of track. The shipment is being carried in care belonging to the Delaware, Lakewana & Western Railroad Co. Only six days were required in moving the shipment from Chicago to Pendleton.

Head of Telephone Company Sends Congratulations Over Success of Wireless Talks

Relative to the wonderful feat in telephoning to Hawaii from Washington, D. C., without the aid of wires, performed yesterday, Theodore N. Vail, president of the American Telephone and Telegraph Co. today sent to Manager Edmond Mable of the local plant the following statement: "I do not think that I can better express my views in regard to wireless telephony than to quote the telegram which I have just sent to Mr. Carly, the chief engineer of this company, with reference to yesterday's wireless telephony talk. "Carly: I want to congratulate you on yesterday's climax in the way of achievements, the greatest in inter-communication that the world has ever seen. To you and the wonderful staff, created by you, the world owes a debt. To throw your voice directly without the aid of wires from Washington to Hawaii nearly 5,000 miles, a greater distance from New York to Paris, Berlin, Vienna or Petrograd, and greater than that between Seattle and Tokio and Yokohama, was wonderful, but to send the recognized voice part way over wire and part through the air was still more wonderful and was the demonstration of the chiefest use that will probably attach to the wireless as amplifying and supplementing, not substituting, the wire system and bringing into conversational communication ships, islands and places which are not otherwise reached. Your work has indeed brought us a long step nearer our "Ideal" "A" universal system. "Signed, THEODORE N. VAIL." "Sept. 30, 1915. "As you will see from this it is clear that wireless will never substitute or supplant the wire systems but will greatly amplify them and extend their usefulness. It is humanitarian rather than commercial, but it is useful in that it makes conversation possible between places, and between places and moving objects that could not be connected by wire, as with the wireless telegraph it probably never will be dependable enough except as outlined above.

WILL CANVAS PEOPLE TO LEARN FEELING AS TO COMMISSION PLAN

That the question of adoption of commission government in Pendleton should be submitted to the people at the approaching election was the consensus of opinion expressed at the meeting of the general committee of 1913 last evening. However, some favored the managerial idea, and adjournment was had for one week to ascertain the state of public sentiment upon the latter question. La Grande's experience with a city manager has been so satisfactory that it appeals to many from a business standpoint. It seems likely, according to Judge Lowell, that substantially the same charter as was voted upon two years ago will again be presented. The work has indeed brought us a long step nearer our "Ideal" "A" universal system. "Signed, THEODORE N. VAIL." "Sept. 30, 1915. "As you will see from this it is clear that wireless will never substitute or supplant the wire systems but will greatly amplify them and extend their usefulness. It is humanitarian rather than commercial, but it is useful in that it makes conversation possible between places, and between places and moving objects that could not be connected by wire, as with the wireless telegraph it probably never will be dependable enough except as outlined above.
