Army of Crows Mile Long, 1000 Feet Wide, Sweep Over Project

(Special Correspondence.) HERMISTON, Ore., Oct. 12.—An army of several divisions consisting of hundreds of crows in each division passed over the southwest part of the Umatilla project Sunday morning en route to their southern rendezvous. In passing through, sections, apparently of each division, would drop out and feed in the alfalfa fields bordering the Umatilla river. At one time when most of the birds had lighted there was a continuous stretch of black not less than a mile in length and a thousand feet wide. As by order the flock rose in a cloud and disappeared in the south like a huge volume of smoke. The crow of this section is of the smallest type of the twenty different species being migratory in its habits. Unlike the common crow of the middle states with its cry of 'caw, caw,' this crow more resembles the migratory bird of the eastern and southern coast states of the first variety, its call being much softer, 'ah, ha, ha, ha.' In the destruction of small chickens and the eating of newly planted corn and soy bean grain the crow is very destructive, though he upsets this destruction by devouring grub worms, insects and other crop destroyers. Another says to the farmers, 'I would tell them that if they persist in killing crows, the best season for doing so is when their corn begins to ripen.'

WILL ACCEPT GERMANY'S OFFER OF ARBITRATION

ALEXANDER MAY NOT COME HERE WITH THE ALL STARS

BOSTON SOX AND PHILLIES WILL PLAY IN FRISCO AT CLOSE OF SERIES.

Boston, Oct. 12.—The national commission has decided to allow the Red Sox and Phillies to go on a tour of the Pacific coast immediately following the world's series. They will play in Chicago, Omaha, Denver and other western cities. It is planned to have the clubs play in San Francisco the last Saturday in October.

According to Carl Cooley, who yesterday received a contract for the All Stars to play in Pendleton on November 12, the aggregation of ball players coming here will not be comprised of men on the Boston or Philadelphia teams now playing owing to the foregoing plans having been made in Boston by the national commission to allow the winners in the American and National leagues to play in San Francisco. Despite the fact the first announcement of the line-up contained the names of Alexander, Killifer, George Burns, Cady and Barry, Mr. Cooley doubts if these players will come this way, so the fans may possibly be disappointed at not seeing the ballroom stars who have made history for themselves in the present world's championship series. The All Stars are being managed by Frank Bancroft of Cincinnati and will be made up of players in American and National league teams which took subordinate places at the close of the season. The great Christy Mathewson and Walter Schang will probably be the best known, from their former performances, to be seen here. It is not entirely certain that Alexander will not come here, but Mr. Cooley doubts it very much as the schedule, as arranged at Boston today, would keep the teams in the southern territory, thus preventing their appearance in this section.

Millions for Aged Ministers

WASHINGTON, Oct. 11.—Superior, Minn. Methodist Episcopal ministers ought to have about \$1,200,000 to divide among themselves to 'live in comfort,' thinks the Baltimore conference of that church—as it started here today to get it for them.

The conference points out that the church which sees its aged workers cared for can face 'the world, the flesh and the devil.' Conventions for the subscription of this fund today are being held in Washington, Baltimore, Frederick, Hagerstown, Cumberland and Frostburg, Md., and Martinsburg and Keyser, W. Va. Retired M. E. ministers now receive \$11 for each year of service. Under the new fund they will get \$15 or their widows, \$12.50.
